SOCIAL SYSTEM LOCAL 'Y' GROUP BUILDING ONE'S HOUSE IS SUBJECT OF ADDRESS GIVEN BY DARK FACE DOWNFALL BUSINESS MEET

TECHNOCRACY IS TOPIC OF MUCH DISCUSSION BY THE LABORER OF PRESENT DAY

New York, Jan. 13 .-- (CNS)-Technocracy," a word that has started a storm of controversial discussion throughout the counnumerous counter-attacks, chalpresent social order is doomed.

The product of twelve years' study by a group of research engineers at Columbia University, Technocracy, according to its exponents, predicts either the unified control of machine production or the complete downfall of programs (Mr. Stevenson anthe present social system—in the not very far distant future.

At the present time, its workers are engaged in assembling masses of data and figures on industrial development to prove that machine energy is replacing human effort at an astounding rate, and while not proposing any set plan for a social change, they completed several hundred comprehensive charts to show that the problem of machine-made or technological unemployment may not necessarily be disastrous.

In fact they believe, according to Technocratic reports, that it is quite possible to correlate machine efficiency and the consequent decreased demand for hu-(Continued on page four)

CHANGES MIGHT SQUABBLE OVER

New York, Jan. 13.—(CNS)-Formation of a special football Officials of the city's two leading rules committee of their own to universities last week were at logconsider posible changes and to gerheads over the rights of each make recommendations last week to lease the Los Angeles Memorwas authorized by members of the American Football Coaches' Association.

Rather than to attempt to secure a voting membership on the National Football Rules Committee, the coaches decided to continue in their present advisory

Meanwhile, the association heard Coach Gilmour Dobie of Cornell recommend that the game of football be further restricted as to the number of formations and "contact plays." Unless some such action is taken, the game is liable to become so complicated and unwieldy that only professionals would have time enough for the increasing amount of study and practice required, he said.

"We cannot go on expanding indefinitely," Dobie said. "It is not the quality of the game but effort and is too expensive. We can junk half of it and still have more left than is sufficient for a college game."

ENTIRE COLLEGE INVITED TO JOIN IN TREASURE

HUNT GIVEN BY BOTH Ys

The Y. M. C. A. opened their regular weekly meeting on Jan. 2, 1933, with a short business session. The date for the treasure try, this week was the subject of hunt, which had to be postponed before Christmas because of the lenging its contention that the sleet, was set for the night of Friday, the 13th of January. The entire student body as well as the faculty is cordially invited through this medium to be pres-

> After a few remarks by Earl Stevenson concerning the future nounced that the programs would be much more interesting than previously), the first speaker, Clifton Furlow, was announced. In brief, Mr. Furlow's talk was made up chiefly of quotations from the Bible concerning the prophecies of world peace. The following poem by Watts was quoted:

"As rain on meadows newly mown.

So shall He send His power down; His grace on fainting souls

distils,

Like heavenly dew on thirsty hills.'

The second speaker, B. H. Myers, concluded the program by a

BE AUTHORIZED STADIUM RIGHT

Los Angeles, Jan. 13.—(CNS) ial Coliseum, which was known as the "Olympic Stadium" during the Tenth Olympiad last sum-

The argument started several of Southern California, whose football squad has brought

Objections, however, were immediately filed by the University of California at Los Angeles, rising star in the Pacific Coast football firmament, with the City Council and the County Board of Supervisors, the latter bodies having jurisdiction over the coliseum

While the council approved a so-called compromise plan, the Board of Supervisors was not so ready to act and so, after further heated protests from the U. C. L A. representatives, took the matter under advisement.

The plan approved by the council and considered by the supervisors would allow U.S. C. a preferential right to select eight playing days and U. C. L. A., five such days, for games to be staged (Continued on page four)

GRADE CARDS RECORDED ON FILMS WHICH ARE **DEVELOPED**

AIDS RECORDING

Los Angeles, Jan. 13.—(CNS) Successful use of a speciallybuilt photostatic machine for recording students' grades this week was reported by Harry M. Showman, recorder for the University of California at Los An-

The apparatus records more than 1000 grade cards per hour on films, which are then developed and the finished prints issued to individual students. The machine is the only one of its kind in use in an American university, according to Showman, although one of a somewhat similar design was used to copy the catalogue of

the Yale library. The U. C. L. A. apparatus recorder was built according to Showman's specifications. A full record of the student's entire college course will eventually be shown on the prints, he said.

Meanwhile, the majority of students complain that the new system does not improve their

WILSON TO BE HEAD OF N. C.

LIBRARY SCHOOL DEAN SUCCEEDS GRAHAM AS PRESIDENT

Chapel Hill, N. C., Jan. 13.lomination of Dr. Louis Round Wilson, for 30 years librarian of the University of North Carolina, to succeed Dr. Frank Porter Graham as head of that institution was announced by a special governor's committee this week.

Dr. Wilson is now dean of the months ago when the University library school at Chicago University, having left the University of North Carolina last year. If capacity, while naming Coach thousands of dollars in revenue he accepts the nomination, he Lou Little of Columbia to head to the stadium, asked that it be will be given the title of vice a special coaches' group to facili- allowed a preferential right to president of the Greater Univershas been combined with North Carolina State College and North Carolina College for Women to form the Greater University.

Dr. Graham recently was elected to the presidency of the Greater University.

NEWS-STAR MAN MAKES ADDRESS

At chapel period December 19, Mr. Fred Williamson, editor of the Monroe News-Star, and president of the Monroe Vocational Guidance Association, gave an interesting talk to the studentbody. Mr. Williamson impressed on the students the importance of an early choice of vocation and then urged them to avail themselves of the service the local association is glad to give them. He congratulated them on having splendid educational advantages and earnestly advised them to make the very best use of them, pointing out that the present is the time to prepare for a place in the future.

"There is no royal road to success," he stated, "you must buckle right down to hard work and be willing to undergo many hardships with a smile.'

The address was much appreciated and the college extends a cordial invitation to Mr. William-Junior College Federation. son to come again.

SPECIAL DEVICE HE COMPARES THE HOUSE TO THE EDUCATION OF THE AVERAGE STUDENT

OF ADDRESS GIVEN BY RABBI HIRSH

Using as the theme of his address "The Building of One's House of Life," Dr. F. K. Hirsch, local rabbi, spoke before the students of the junior college in the auditorium, Monday, January 9.

Dr. Hirsch stated that he be sed his address on a recent magazine story of a woman whose married ife had been very unhappy, and who visited a wellknown architect whom she asked to help her rebuild her house of life. As he reviewed her past, he was able to show her the cause of her unhappiness.

"In building a house of life the primary requisite," he pointed out, "is a good foundation. Most of us are not responsible for our faulty foundations because we cannot control the influence of our environment and heredity. But this does not mean that we must be satisfied with that foundation because, he said, we have the power to destroy it and rebuild one that is worthy of us.

"As important as the foundation is, a good house should also have its location carefully selected. Though time may change its surroundings, a house which is built well and located well will not be affected to any large extent by the stress and wear of time." The speaker called attention to Old Trinity Church which still stands midst the materialism. of Wall Street, a lasting monument of spiritualism, its spire still pointing heavenward.

'School is life," said the speaker, "and life is a series of eliminations. You must realize that many sacrifices were made by parents and friends in order that you might be here this morning. You are not worthy of them if you have not gotten here as a re-(Continued on page four)

EDUCATORS PUT

ON COMMITTEE Berkeley, Calif, Jan. 13 .--

(CNS)—A special committee of educators this week was being formed in an effort to iron out points of controversy which have arisen over the survey of higher education in California conducted last year by the Carnegie Foundation for the Advancement of Teaching.

An announcement to this effect was issued by President Robert Gordon Sproul of the University of California and Vierling Gersey, state superintendent of public instruction, both of whom will be members of the committee.

Those named to serve with them will attempt to modify the proposals of the Carnegie Foundation for a unified control of higher education in the state to meet such objections as have been advanced, particularly by teachers college administrators, who feel that the growth and development of their institutions should not be jeopardized by the proposed reorganization.

Members of the committee, besides Dr. Sproul and Kersey, will be Allen T. Archer, member of the State Board of Education; Chester Rowell, regent of the University of California; Dr. Ernest C. Moore, vice president and provost of the University of California at Los Angeles; Will C. Wood, former state superintendent of public instruction; A. J. Hamilton, president of Chico State Teachers' College, and C. S. Morris, president of San Mateo Junior College, who is also president of the California

CRITICISM FROM A NEW SOURCE.

We do not have strangers at our assembly very often, and neither are we always aware of their presence when people from town or

out of town come out to pay us a visit.

We had an assembly about three weeks ago, in which were some visitors to listen to our Prof. Blanchard put on a demonstration in voice. We were no worse on that particular day than usual, but one of these visitors noticed our rudeness to the extent that she mentioned up-town the next day, that, at times, the demonstration was hardly audible for the whispering and laughing in the auditorium, and even went so far as to wonder if we are "a passel of jackasses' or a class of college students.

The two Glee Clubs do not appreciate having things of this kind said about the student-body, and have made it one of their New Year's resolutions, to try to improve conduct in the halls and especially in assembly, so that there will not be a reason for this severe criticism in the future. This is to call the attention of every one at the Ouachita Junior College to the fact that the Glee Clubs cannot accomplish this without the help of every student in school, and realizing the importance of such a move, your support in making it one hundred per cent is desired.—Women's and Men's Glee

Clubs.-M. G.

THE PHILOSOPHY OF NONCHALANCE.

Ever since, in that fine year 1918, the World War came to an end, a way of thinking has developed in both literature and life which for convenience we would like to call the Philosophy of Nonchalance. Our reason for dealing with it here is that it has exerted an influence on collegiate thinking and therefore on collegiate journalism stronger than any other one element.

One of the strongest results of the war is its effect on people who were too young to know precisely what it was all about. It is not at all surprising that the generation which went unscathed through the war should have, as a result, a new slant on living, but it is interesting that the slant should be somehow conveyed to the minds

of the next generation, which is ours.

The attitude is best characterized by contrasting it with the com placent trust nearly everyone had before 1914 that the world was in a very rosy state. The generation which fought in France will never again acknowledge surprise or terror; they have adopted a policy of complete nonchalance; they are whistling as they walk through the graveyard. Our generation has borrowed this view point, and has become hard, calloused, bitter, literal; and college writing has become, in consequence, imitative (sometimes brilliantly) of the Menckens, the Dreisers, the Hemingways, the Huxleys

and the Lewises. There are a number of valuable things about the Philosophy of Nonchalance. One is its merciless scorn of sham and hypocrisy; or, at worst, its frankness about its own hypocrisy: never have people been so honest about their dishonesty. Another is the absence of sentimentality. Sentiment is lacking in modern letters almost to a fault. College students who read cannot fail to be cognizant, as students never have been before, of the blatant hypocrisy in the midst of which they live. But it is not letters alone which have brought clear-signtedness; it is a cast of mind, an intellectual approach which we have inherited from a war-shocked generationeven those of us who have neither the time or the inclination to read. Realism is not the mere fashion of the moment: it is a basic characteristic of an era. Nor has it been lessened in intensity by the mechanics of the civilization in which we live, or by the glaring idiocies of the political system whose supreme spectacle we have just

witnessed. But in the next intellectual cycle (since viewpoints manifestly move in cycles) the reaction must be toward the high tide of comfortable content and good-natured sentiment which characterized the "gay Nineties" and the "naughty Oughties." Within the next fifty years, we glibly predict, we shall return, perhaps with the heralded return of beer) to this viewpoint, growing very tired of cheerless realism and dogmatic down-to-earthiness. Illusions, we are here to witness, are very fine things.—"The Park Stylus," Park College, Missouri.

NEWSPAPERS AND HOW TO TREAT THEM.

It is interesting to notice the different attitudes of administration and faculty members toward publicity. Some have not learned that it is best to accept the newspaper reporter as a necessary evil. take him into their confidence, talk with him openly and honestly, and make no attempt to dictate to the paper as to what should be printed or how the story should be handled. Others, much wiser, welcome the paper's representative, are open in their answers to questions, and trust to his judgment for a fair story. And they are rarely disappointed. . .

What we are trying to emphasize is not so much our grievance at those who fail to cooperate without reporters or with us, but the fact that it is poor policy to follow if good publicity is expected. If the story is big enough, we are going to get it one way or another, with or without the permission of the person concerned. It is much better to make certain the facts are correct and that idle rumors are are there in each month?

not given credence.

Some day it is possible that everyone will realize that it is sensible to be fair with newspapers. Most of those occupying the positions of greatest responsibility and power already know it.—"The Daily on the wall. Why bother me with Evans: Why not male of greatest responsibility and power already know it.—"The Daily O'Collegian," Oklahoma A. and M. College.

CAMPUS GOSSIP

Mrs. Penick: " - and he followed me all the way to the bus begging me not to come to

Mr. Hammond: "You will not be responsible for anything Mr. DeBlieux says in class.

Mr. Redditt: "This is no kindergarten."

Mr. Kemerer: "Back in my

Miss Turner: "I don't understand how I could have made that mistake."

Miss Veal: "Don't ask me what I think."

Miss Null: "Don't look up every word, look up a word now and then and use your imagination.

Miss Wolfe: "So I just let her (him) cool down, and then I started in again—."

Mr. Blanchard: "Ah, ah, ah, ah, ah, ah, ah!"

Miss Marshall: "Now tell me the truth; am I really innocent looking??????"

Mrs. Grant: "A 'tiny' bit of this and a 'tiny' bit of that—.'

Mr. Frisbie: "Now when I was in Wyoming-."

Miss Barnett: "No, I won't have a cheap Xmas card; when I get home—."

Mr. Smith: "One at a time; that's my motto!"

Mr. Morrison: "Clubs, darn the clubs! The only efficient club

Mrs. Biedenharn: "A coke a day keeps the Dr. away; anyhow, both the planes were in the hangar, and-

On Tuesday, Jan. 17, the Dramatic Club will hold an important meeting for the purpose of further organization. Every member and every prospective member please be present.

Miss Marshall: Tommy, have you whispered today without permission?

Tommy Zeagler: Only wunst. Miss Marshall: Should Tommy have said 'wunst' Keith?

Keith: No'm. He should have said twic't.

Fred Ammon (in confessional) And, Father, I cheated in Mrs Penick's exam. last week.

Priest: How many times did you commit this heinous crime? Fred: But, Father, I came to confess, not to gloat.

He: I just knocked my mathfinal cold.

She: Yeah?

He: Yeah, way below zero.

Elizabeth: Our chauffeur is so romantic. He has a scar on his

Hortense: Really? Ours has one on his shoulder blade.

The nervous gentleman sat down, and, eyeing the silverware suspiciously, he immersed it piece by piece in the glass of water. Are you sure this is a sanitary place?" the waiter was asked.
"Oh, yes, sir," was the assur-

ing answer.
"Is your chef careful about cleaning the food?" "Positively, sir."

"Excellent," said the nervous gentleman, "bring me some oxtail soup."

Mary Bergevin: Aren't you the same man I gave some biscuits to last week?

Tramp: No mum and the doctor says I never will be again.

Charles: I wonder why Miriam always gives me the same old stall?

Durwood: Probably because you're the same old jackass.

Mr. Redditt: How many days

Frank Roddy: Thirty days hath this at all?

Ernest Brossett was trying to economize on bridge toll the other day by walking across the R.R. bridge. Half way over the bridge when Ernest was congratulating himself on saving a nickel, his \$4.50 hat blew off and fell into the river. Ernest vows that never again will he try to save bridge-

We wonder why Earl Stevenson goes into the cafeteria a certain time every day and lingers there long after he has finished his lunch? Is it possible that Marguerite Smith could be the cause of Earl's sudden devotion to the cafeteria?

Dale Cobb must be sponsoring the D'Unta Club mostly for his own benefit. Wonder who the lucky girl is going to be?

On the bus Monday afternoon every young 'gentleman' except Everett Warner got up and gave his place to girls who were not lucky enough to get a seat. Wonder what's the matter with Everett? Maybe he has fallen arches. Poor boy!

Every college has its Mutt and Jeff romances. We have ours, too. Did you ever notice how much George Hair and Miss Bonita Allen are seen in each other's company?

Mr. Colvert is a firm believer in taking soda to ward off the flu. It has been rumored around that the soda is running low in the cafeteria because our esteemed president consumes it in an astonishingly quick way.

A certain girl told A. L. Peters that he had the prettiest blue eves she had ever seen, and what did A. L. do? He swallowed it, hook, line and sinker. Now he's going round casting his beautiful blue eyes on all the girls and fishing for compliments.

That charming lad, Ross Banister, seems to have a flock of lady admirers. I bet many a bov wishes lots of times that he were in Ross' shoes. Would Mildred and Marjorie be considered as having any chance, Ross?

The Christmas vacation (contrary to tradition) didn't seem to ter. We take no responsibility for 'Foster" much good will in the hearts of Miriam toward the college's "Three Musketeers," Cason, Barham, and Griffin.

Henry Gilliland was overheard 'Chesty' Masling." The same old radical departure from the policy Let me put a in vou ear: The young lady in question seems to be lavishing her attentions on the Honorable Sam Mc-Clary. Os so it appeared to be on the nite of the latest backward

Mr. Hammond (after slamming his locker door shut on his lock) Muscle Shoals!

Student: What about Muscle Shoals, Prof?

Mr. H.: Oh , Muscle Shoals is the biggest dam(n) I can think

Howard: Our economics professor talks to himself. Does yours?

Fred: Yes, but he doesn't realize it, he thinks we're listening.

Miss Turner: I distinctly heard some one prompting you. Who

Ara Brueck: No one. Just history repeating itself.

Miss Null: John, that makes the third time I've seen you looking on the paper next to you.

writes poorly.

Mr. Smith: Mr. Evans, it September-all the rest I can't gives me great pleasure to give

and give yourself a real thrill?

Bridge Completed At Cost Of Dime

Under the supervision of Mrs. Helen Nau, their home room teacher, the students of 9A3 have just finished the erecting of a rustic bridge across the ravine that the physical training classes pass over when they go to the baseball field. They built it entirely of the limbs and branches left by the woodcutters who trimmed the trees of Perkins Park, The entire cost of the bridge was the ten cents spent for nails.— 'Horace Mann Echoes," Burlington, Iowa.

Y. W. C. A. Auctions Lost Articles

"Going, going, gone!" will be the cry of the auctioneer at the coming Y. W. C. A. auction sale of the lost-and-found department

A student auctioneer will conduct the sale, which is open to all. The affair will probably take place o nthe administration building steps in the near future.— "War Whoop," San Bernadino,

COLLEGE STUDENTS ATTENTION

The Pow Wow has come into possession of information with tea will be allowed. regards to the coming examinations and courses for next semesthe authenticity of the following, but we print them with the hope that they may be of value to the students:

1. We have heard that examinations this year are going to be to say, "I could just murder held in all courses. This is a story of two men and one woman. of other years, and students are warned of the change

> 2. This year, English exams must be written in English, French in French, and chemistry and biology in any foreign

> 3. The English exams will include questions such as the following: Who wrote "The Hired Girl's Revenge," "Four Knights on The Bar Room Floor," "Ballyhoo," "Forty Buckets of Blood," 'The Course of True Love"?

> 4. Physics classes will be asked such questions as these: "Which way is up?" "How old am I?" 'Why is a fried egg?" "Does anybody care?"

> 5. It is reported that Mrs. Penick is to offer a course for next semester in Campusology, said course to meet at 8 p. m. in the stadium on moon-lit nights.

6. Another course to be offered in the History Department is How to Be Happy Though a History Student.

7. The French Department is considering offering a course in which no text or note book will be required. No exams will be John Strahan: But, teacher, he given. Class attendance will be optional, and studying will be detrimental to the student. The line will form on the right, please.

8. In order to popularize the mathematics courses, tea will be Evans: Why not make it 40 served at every recitation. Each

his own sugar; no "spiking" of

9. We have it on good authority, altho it is unofficial as yet, that Mrs. Younse is to conduct a class in aesthetic and interpretive dancing for girls. Said class will meet on the lawn, and the girls will gambol on the green while the boys will look on and gamble as to which is the best gamboler.

10. All students are warned against excessive "cutting." If you must cut carry a barlow knife or a silver handled one; butcher knives and frog-stickers are positively prohibited.

The above information comes to you through the courtesy of POWWOW without extra charge.

Fred: I hope you don't mind ny dancing on your feet. Katie: Oh, I don't object to

that. It's the getting on and off that I don't like.

B. H. (who had caught his father kissing the maid): Whatcha doin', Pop, kissing the maid? Mr. Meyers (thinking fast): Bring me my glasses, son. I

thought it was your mother.

Byron Bayne: I always say what

I think. Mrs. Penick: I wondered why you were so quiet.

The only complete case of dis armament we've noticed so far i Europe is the Venus de Milo.

Two Hebrew gentlemen were shipwrecked and were living on a small raft.

Two days passed and they were nearly frantic. However, Ikey, who had been scanning the hort zon, now gave a happy cry.

'I see a sail.' "Vat's de use," murmured

student will be requested to bring lakey, "Ve ain't got no samples."

Team Five Beats

Staging a last quarter drive that stopped every effort of the strong No. 6 team, squad No. 5 won a hard fought and closely No. 3. The score was 56 to 17. contested victory in the first intra-mural game of this week by a score of 31 to 20.

From the beginning of the game it looked like No. 6's tilt ton both showed ability at shooting. Barham's squad was leading 11 to 5 at the quarter and apparently were going to extend the gap between the score. Medaires was the only scoring threat No. 5 had shown during the quarter and he had made five points. However, in the following period Barton, a substitute, tossed in three field goals and, aided by a field goal from McDonald and a foul shot by Griffin, the half ended with No. 5 trailing one

The third quarter was a nip and tuck affair with No. 5 getting in only a foul goal and No. 6 managed to toss in two field

Then came the fast and furious pace of the straggling team. With whirlwind rapidity Griffin, who had failed to show anything dangerous to No. 6 throughout the game, came to the fore with a series of field shots that put his team ahead by two points. Barton then scored a field goal and Griffin came up again with three more field goals. McDonald tossed in a field goal to bring the total to 31. No. 6's only tally during the final period was a foul shot by Jacobs. Lineup:

FACULTY GOES **HOME FOR XMAS**

Our faculty and student-body were certainly widely separated during the Christmas holidays. An extension of the holiday season enabled many to enjoy Christmas at home with their families, who otherwise would have remained in the Twin Cities.

Among those traveling the farthest distance were Miss Veal, who went to Arcadia, South Carolina, to visit her family, and Miss Barnett who traveled to Decatur, Illinois, to be with her family. Miss Turner spent many weary hours on a slow train trying to reach Springfield, Mo., for the holidays only to spend the greater part of them in bed. She arrived in front of the college in a taxi Monday morning at exactly nine o'clock.

Mrs. Biedenharn (formerly Miss Eason) was another who spent several of her previous holidays in bed, but luckily enough there were a few left to spend in New Albany, Miss. And President and Mrs. Colvert were lured away to Arkansas for a few days of festivity. And did you notice Mrs. Younse keeping the road hot between Ruston and Monroe? She went no less than three times.

Oh, yes. The Coach and Mrs. Kemerer didn't go home but they had a marvelous (according to hear something about going them) time in New Orleans.

Miss Marshall had a great time in St. Louis. You can ask her

|Warner Squad Wins No. Six By 31-20 From Three, 56-17

The second tilt of the intramural league was taken by team No. 4 in a one sided battle with

The engagement was closely contested in the first period, with neither team making a very big success in hitting the hoop accurately. In the last half, however, game it looked as Allen Barham and O. B. Morthe No. 4 squad began to turn on the heat and made 42 of their 56 points during the last half. Everett Warner accounted for 22 of his team's points and also won high scoring laurels of the day. T. Smith and Kennedy each looped 12 points worth of goals while A. C. Warner made ten points, all outshooting the leading scorer of the opposing team. George Hair, guard, led the defeated teams scoring with eight points, closely followed by Captain Frisbie, who netted seven points. Lineup: No. 3 (17) (55) No. 4 Pos.

SENTIMENT FOR CHANGING RULE

Chicago, Jan. 13.—(CNS) Sentiment among bigwigs of the Big Ten this week appeared to be strong for scrapping the traditional rule against any of the conference teams engaging in postseason games.

Following the conference of Big Ten athletic chairmen here, it was reported that the matter business. would receive serious consideration when the conference's faculty committee meets at Evanston, Ill., next May.

Possibility of changing the rule was said to have been considered in order to allow Bi gTen teams the Irish weren't as sick as reto participate in such games as the traditional Rose Bowl contest in Pasadena, Calif., every New Year's Day.

RECORD SHOWS

Chicago, Jan. 13.—(CNS)— The Congressional Record contitutes one of the best possible TO SEE GAMES were announced this week. sources for studying American inguage colloquialisms, Sir Will- The intramural basketball iam Craigie of the University of Chicago declared this week.

Well known as a lexicographer, being co-editor of the Oxford English dictionary, Professor Craigie said that the Congressional Record offers a fine selection of colloquial and slang expressions, since they are brought together from all parts of the country and thus represent a centralized collection of sectional language traits.

GRIDIRONIES

By Don Ashbaugh (CNS Sports Editor)

Jolly old situation, this nation- their "alleged pre-game sickness." al championship football busi

Mathematically, using lots of comparative scores, it's simple to figure out methods whereby Ouachita Junior College (Monroe, La.) is the best in the land—but one doubts if even the students there would take such a matter seriously.

Professor Dickinson of Illinois, who goes into a trance of numerals at the end of every season and finally comes out with the champion, has dubbed Michigan the best in the land this year.

Okay, but what is one to do with Colgate and Southern California. În 1931, it is to be remembered, the Trojans dropped their opening game to St. Mary's. but nevertheless emerged with the national title. This season, the Los Angeles team has smashed through even stronger opposition, unbeaten and scored upon but twice, yet Professor Dickinson says they aren't champions.

The only direct comparative scores between Michigan and S. C. are through Notre Dame. The Ramblers sunk Northwestern, 21 to 0, while the Wolverine rapped the Purple, 15 to 6. On paper that makes Notre Dame 12 points better than the Ann Arbor team and the Trojans smacked the Irish, 13 to 0-Go ahead, igure it out!

Anyway, Jack Rissman, the fellow who donated the first national championship trophy, was 'burned up' over Professor Dickinson's selection. He gave another trophy to the winner of the Pitt-Trojan game at the Rose Bowl on January 2.

If this keeps up, we'll have as many champions as the wrestling

That U. S. C.-Notre Dame game assembled most of footcoast. And they were outstanding in their praise for Howard Jones and his team. Unquestionably, ported by Coach Hunk Anderson. It's no disgrace to lose to a squad which grabs its two opportunities

HONOR SOCIETY HOLDS MEETING

At the regular bi-monthly neeting of the Honorary Scholastic Society Friday, Jan. 6, it was decided to sponsor a program Saturday, Jan. 28, with the Phi Theta Kappa of Dodd College as guests. The meeting will begin at 7 o'clock and last through 9 o'clock. A speaker for the evening will be secured, and a social hour will immediately follow the

The following social commitee was appointed by the president: Margaret Smith, chairman, Mrs. Avrice Simpson, and Mildred Dennis.

W. Coast Circles

Los Angeles, Jan. 13.—(CNS) -Herb Dana, well known official mural basketball league, team No. at many gridiron contests in the I won a closely contested match west and former star athlete at the University of Nebraska, this week found himself virtual "czar" of the Pacific Coast college foot-

By virtue of his selection by vided. Parsons and Bradley, both the Pacific Coast Conference as opposing players, led the scoring its commissioner, Dana will, beginning next year, have dictatorial powers to select all officials for conference games.

This system, it was decided at a meeting of representatives of the conference colleges held here, (6) Roddy will be substituted for the old plan, whereby the playing schools themselves selected officials for each game.

Dana himself will retire from active officiating, it was announced, but it was understood that he would receive a substantial salary for his work as commissioner.

Highly regarded by both fans and players on the coast, the new commissioner first gained widespread attention for fairness when, during a game between two of the Pacific Coast Conference schools, one of the coaches stormed onto the field to object to a

Dana promptly penalized the coach's team 15 yards, but when the opposing coach also came on the field to commend him for his action, Dana suddenly retraced his steps, ruling that the second coach also should be panalized. The ball was thus returned to the original line of scrimmage.

Dana finished a brilliant football and basketball career at Nebraska in 1921.

ADJUSTING THE SCHOOL TO THE NEEDS OF THE CHILD

By Students of the Education Department.

In the past, the best educators tried to adjust the child to the the child to the school; now we school. While they accomplished think of adjusting the school to quite a great deal in the field of the needs of the child. education and we do not wish to criticize their system too harshly, school and had to sit in an unstill we believe that the results comfortable seat, do work that obtained by modern educators they were not interested in and be accomplished, they contend, are far more valuable to the

of a certain age, regardless of of the modern school. Their their mental ability were put in needs are considered first. They the same grades and expected to proceed along the educational want to, provided it is within readren are not endowed by nature with the same capacity for learnmay prove the downfall of anthe individual child. The child of allowed to progress as rapidly as he can, while his less fortunate classmate is not criticized for his slowness; but under the kind. loving, guidance of an intelligent teacher he travels along, slowly but surely.

In the present method of instruction, the children learn by doing. The recitation period is not simply a number of minutes when the little bodies are supposed to sit in material-like attention and listen to the teacher or answer parrot-like a lot of memorized answers to certain definite questions. Now each child has something to contribute as his share of the recitation.

We believe that the modern method develops the initiative in a child. He learns to discuss intelligently and with interest the questions before him. This is an child is taught to think for himinvaluable aid to him all through self and to acquire a creative and life.-Mrs. Ratchford.

SOCIAL SYSTEM BUILDING ONE'S OF TO-DAY MAY HOUSE, SUBJECT FACE DOWNFALL

(Continued from page one)

sult of downright worthwhile ef fort. The worst philosophy in the world is the thought of 'just getting by'. Education should prepare for life, and if life's house is to be worthwhile, each college day should be made to count for the most."

"Too many of us have gotten the idea that a college degree is necessary for success in business and social life but this is not so. A dependable ditch digger is better than a physician who is doctor because his mother delights in seeing a 'Dr.' before his name.'

"To build the right foundation one must have a definite objective toward which to work and the only way to be happy in this world is to do the thing you want to do in the way you want it

Referring to the material that hould be used in the house of life, Dr. Hirsch assured his audience that one cannot be too careful in the selection of this important item. "And there should be rooms," he said. "One should be dedicated to joy. Laugh while you may. Be happy. Then there ought to be a room dedicated to love, love of the higher spiritual type, and not the flimsy affection we call love. And, best of all, do not forget the upper room where you may go to enjoy the sweet fellowship of the Father of all the world."

In closing the speaker urged his listeners not to be too well satisfied with themselves or their houses of life. "There is always room for improvement," he said, 'and one must be ready to admit his mistakes, even to change his house plans if they are wrong. To thine own self be true,' and it must follow as the night the day, thou canst not then be false to any man."

NEW YEAR'S RESOLUTIONS—BAH!

By Nellie Breard.

I thought they was swell

gosh dang it, and I made up my

After I got well, ma let me ask

Stinky over for supper one nite

for supper, I would've got a lick

ing, but he was late. Well, we

had been raising time up in my

room, and when we went down to

supper, I pulled Stinky's chair

out, and he set right down on the

floor (bang!), and grabbed the

table cloth, and all the dishes

came down on his haid. Stinky

was scairt stiff, but ma picked

him up, and said it was all my

fault, and that I had ought to be

ashamed. Well, gee whiz, I

didn't do ennything. How was I

to know that 'ole Stinky was

gonna' git all excited, and grab

the table cloth and everything-

things always git blamed on me.

Gosh darn it! Ma didn't send me

to bed, tho', 'cause she had to be

polite to Stinky, and I was all

Other day at school I got into

some trouble. Ed Simpkins step-

ped on my foot (on purpose, too)

and I stepped on his. He called

me a "flat-footed hobo," and I

called him a "skin-flint nigger."

guess if pa had've been home

mind to keep 'em, too.

I have been in bed three days. home from school (so as to please On New Year's Day I got blowed ma). up with Bud's cannon. I had fired all my fire-crackers but two bunches, and me and 'ole Bud was fixin' the cannon. First, we'd put in some powder, and some good 'ole wet paper. Then we'd put in some grass, and the ramrod, and pound it down with a rock. After that we'd put in a fire-cracker fuse, and light it, and make for the other side of the street. The dern 'ole thing would make an awful bang, and turn two or three 'summersets' Well, we had lots of fun, and byand-by I was pouring some powder out of the powder-horn, and all of a sudden they was a flash of lightning, and the next I knew I was in bed. Pa and ma and Lulu (she's my sister) were all in the room. Well, you could have "blowed me up"! I was that surprised.

The next day I got some swell jelly and custard, and Oh Boy! did I eat? . . . Bud and Stinky came over to see me. Bud, he burnt his hand, and Stinky, he burnt off one eyebrow, so's we all had a purty good New Year's.

While I was lying there, thinkin' (after they left), I made up some fine New Year's resolu-1. Wouldn't throw rotten eggs

at Mister Watson's 'ole horse ennymore. 2. Wouldn't fight more than

two fites a day. 3. Wouldn't tie cans on Nero's (that's Bud's dog) tail ennymore,

(that is, if I didn't forget). 4. Wouldn't go off swimming

and dip my head in the rainbarrel to explain "how it got wet" ennymore.

4. Wouldn't bring more books

Then someone shoved us, and we pitched in; the dern 'ole bell rung and we had to stop,—'jes as we was going good, too. Ennyhow, Ed got a bloody nose and a loose tooth, and I got a black eye (boy, did it swell?), and my face all scratched. Ma said it was a wonder I hadn't been killed (sev. eral times), but pa said that a boy, which was born to be hung, never would die enny other way, so I guess I'm all right.
