'Redskins' Scores Big Success

Lassies Shine . . .

Vivacious and lovely were the young ladies in the military tap dance in "Redskins on Parade" last night. They are, from left to right: Lillian Riggin, Evelyn Aden, Dottie Sue Young, Laura Louise Patton, Kate Harbuck, Betty Murdock and Peggy Morrison.

As the curtain fell on the last strands of "Goodbye Folks, Goodbye," Northeast Junior college's second edition of the variety show, "Redskins on Parade," came to a successful end.

The production proved to be a real extravaganza with all of the color, music, humor and dance that could be packed into one show. It was filled with entertainment from start to finish with not a dull moment anywhere. Talent and How!

One of the major contributions of the show was its discovery of talent on the campus. Mary Green, startling new find, was one of the thrills of the evening when she sang the enchanting song, "Perfidia." Another surprise was the golden voice of Lloyd Barron, football star. Against a background of stars and moon, Barron proved his worth by singing "Tonight We Love" in the "Midnight" number. Other vocalists who added their share to the program were Christine Galloway and Frances Baldwin.

Highlights of Show

"Redskins on Parade" opened with a bang by starting with a number simulating a minstrel show in which seven dark beau-

(Continued on page 1)

Bus Students Turn Firemen

Students have participated in air raid drills but not until recently had they played firemen. The students riding the Tallulah bus can now boast that they are capable of this job.

As the bus passed through Delhi, someone noticed smoke coming from the side of a house. Several students got out and notified a man, the only person present, that his house was on fire. Until then he knew nothing of the impending danger.

The boys immediately went to work, moving some almost priceless antique furniture. The articles saved included an old piano valued at \$3,800, two antique four-poster beds, several beautiful tables, and a very valuable pipe collection.

The fire fighters included Robert Cagnolotti, Jack Jones, Fritz Spencer, Ora Mueller, Samuel Moore, Ed Erwin, Fred McDuff, Hilary King, Arthur Shelton, Bascom Doyle and R. J. Cox.

Sophomores Plan Class Project

Under the leadership of Lucius McGehee, president, the sophomore class of Northeast Junior college is beginning a class project to further enrollment in the school for the summer and fall terms.

The project will include trips to 72 high schools in North Louisiana where sophomores representing the various departments of the college will speak to the seniors of the schools visited on the advantages of an education gained at N.J.C. The trips are to take place during March and April.

A committee has been appointed to handle the arrangements for the trips and to plan the programs.

It's the Conga!

Snapped in action during their Conga number in "Redskins on Parade" are Roy "Tut" Whittington and Jeune Hunt. Both starred in several numbers in last night's successful show.

Scholarships Will Be Awarded Library Students

Two memorial scholarships offered to students of library science, will be awarded this year by Mrs. Paul Herron of Oak Ridge, and Fred Williamson of Baton Rouge. The scholarships were established last year in memory of Lillian Herron Williamson, assistant librarian at Northeast Junior college at the time of her death in July, 1939.

One scholarship will be granted to a graduate of the Ouachita Parish High school for a year of study at the Northeast Junior college, and a second will go to a first year student of the college for continuing studies a second year at the same institution.

The first is provided by Mrs. Paul Herron, widow of Dr. Paul Herron, the late brother of Mrs. Williamson; the second by Mr. Williamson, husband of Lillian Herron Williamson. Dr. Herron was accidentally killed in the spring of 1941 after setting up one of the scholarships.

The donors of the scholarships have outlined the qualifications to be considered in making the selection of the recipients as follows: scholarship, leadership, character, general proficiency in those studies which are essential for training for a career in library science. In making the award preference will be given to a student, otherwise filling the qualifications, exhibiting an intention to pursue a career as a trained librarian. Particular consideration will be given to the eligible

Profs Agree Situation Grave

By Edna Haley.

Have you been wondering what other people think of the war? Well, here are the candid opinions of three of our instructors.

E. J. Brown, instructor in social science, has this to say about the situation: "The successes of the Japs in the Southwest Pacific, while very damaging and very destructive both to human life and irreplaceable raw materials, cannot be permanent. Given a year or so, American industrial genius will prove itself more than a match for the long time preparations of Hitlerized Japan."

Air Force Important

"By the summer of 1943, our air forces will be the most powerful in the world, for they will be sufficient to protect our coast lines as well as to carry the war to the back yard of the enemy.

"As the preserver of the world's greatest democracy," Mr. Brown continued, "it is the duty of every American citizen to do his part in the crisis with the hope and the belief that the allied forces will ultimately win the war."

Aaron P. Seamster, instructor in biological science, says, "We haven't seen anything yet. We're going to have to make lots of sacrifices." When asked to express his honest opinion of the war, he replied that he believed everyone is waiting for someone else to do something.

Fastest Thinker Wins

"We need educated people as

Next Major Production, 'Fashion', Booked March 19-20

"Fashion", the next major production to be given by the N. J. C. speech department, will be presented March 19 and 20 under the sponsorship of the Delta Psi Omega in the College auditorium.

Produced Century Ago

The play, written by Anna Cora Mowatt, was first produced almost 100 years ago at the old Park theatre in New York city. Even today it remains one of the landmarks in American drama. In the last decade revivals of the play by the Provincetown Players and at many universities (Stanford and L.S.U. included), have been met with great success.

Elaborate Costumes Planned

The cleverly woven plot makes the play a lively satire on the afflictions of Americans who make themselves ridiculous by stupidly aping foreign manners. It will be presented in the style and manner of the day when first shown. Elaborate costumes and furnish-

(Continued on page 4)

Special . . .

If you enjoyed "Redskins" last night and want to see another good production, attend the Tech Collegians Variety show at the Ouachita Parish High school auditorium at 8 o'clock tonight.

Women's Chorus Gives Concerts

Beginning the traditional custom of spring recitals at neighboring high schools, the Women's Glee club of Northeast Junior college gave concerts at Mer Rouge, Collinston and Bastrop last week under the direction of Dallas Goss, instructor in voice.

The program consisted of varied numbers by the entire group and solos by Miss Christine Galloway, contralto, and Miss June Bloomer, soprano. Floyd Kennedy, instructor in piano and accompanist for the group, played two piano selections.

Dr. L. M. Norton, registrar and instructor in social sciences, spoke on the advantages that N. J. C. has to offer high school graduates.

Members of the Glee club are Frances Baldwin, June Bloomer, Dot Jeanette Bradley, Mary Edith Breard, Marie Crawford, Rosemary Dawson, Mary Fortenberry, Christine Galloway, Margaret Gaskin, Mary Madalin Greene, Sue Griffin, Jeune Edith Hunt, Lula Alice Jarratt, Marie Jarvis, Jerry Juneman, Margie Ann Kahl, Ruthelaine Kelley, Edith M. Lingle, Louise Gail McDonald, Betty Meek, Betty Jean Murdock, Virginia Newman, Sybil Ogden, Thelma Osland, Evelyn Pratt, Annette Ragland, Flove Rhodes, Sue Simmons, Virginia Townsend, Sara Regan, Laura Louise Patton.

Instructors Will Ferry Planes

Eugene Chapman, flight instructor at N.J.C., left recently for Miami, Florida, to enroll in a three-month training course for ferry pilots. Deryl Z. Morris, also an instructor, is waiting for orders to leave for the same purpose.

The course is sponsored by the Pan-American Africa Limited which is under contract with the United States government to offer this training. After completing the course, the two instructors will be qualified to ferry planes in continental Africa. According to Morris, they will not fly in combat zones.

Morris and Chapman, who received their flight training at N. J. C., have been teaching primary courses since the fall program opened.

Religious Week Begins Monday

Beginning Monday at 11:30 a. m., Dr. Girard Lowe of Jackson, Miss., will speak daily throughout Religious Emphasis week on subjects of religion in relation to college students.

Doctor Lowe is well known throughout Mississippi and Louisiana for his outstanding work among young people of college age.

He will be available for private conferences with students each day in the Student center during the week.

Monday, immediately following the first program, a reception honoring Dr. Lowe will be held in the social room of the Student center. All students and members of the faculty are invited to attend and meet the speaker.

Rev. Girard Lowe, D. D., of Jackson, Miss., who is the speaker for Religious Emphasis week, March 9-13.

Nation at War Still Needs Students

Now at a time when our nation is fighting a desperate foe in the face of tremendous odds and finds itself in that famous spot called "behind the eight ball," it is time for every American to decide what way he can best serve his government.

As students, the most complete aid we can give to our country now is to continue our education. Just because there is a war the grave condition does not give us the right to become hysterical and to rush right out to kill off the enemy personally. Instead, it means that this is the time to methodically school ourselves in the trade we have been studying at college in order that we may fill the places of those who have gone to the battle lines.

None of us at this time are needed by Uncle Sam as soldiers or he would have notified us. He has a very effective system for notifying prospective soldiers! But we are needed to help keep up the work of building civilization while Hitler and his stooges systematically try to tear it down. To become infected with war hysteria is to become an ally of the axis.

Our place in the scheme of things now is to continue to live our normal existence while remembering that things are in no way normal.

Now More Than Ever A Trades Schools Needed

In a period of national emergency, mechanical training and manual skill are of intrinsic value in keeping the cogs of the wheels rolling in our defense program.

Competent and efficient workers can all claim their experience from real work shops or trades schools. The urgent need for the organization of manual training in colleges in connection with

new streamlined courses is a potent question. If ever skilled labor can be considered a pronounced asset, surely that time is the present.

In our own particular case, Northeast Junior college has always been among the first to accept new trends and ideas. The college has been eager all along to find possible means to provide training in trades. Now is the time to act since that particular phase of defense work needs students trained in mechanical fields to fill key places in all phases of industry.

War Brings Necessity For Many Sacrifices

Have you begun to realize just how close this international strife is to you? Do you understand fully just what grave sacrifices you will be called upon to make in the very near future? Unfortunately, none of us seem to realize, for life goes on very much as usual. Maybe it is fortunate that we don't know what trials are ahead, and yet, we shall be accustoming ourselves to self-denial of all luxuries and many necessities.

This time next year the American people will be going through a real test of citizenship. But we are so very lucky. Read for yourself the experiences of the English people. Being a small island, England is not independent of other countries. However, America, because of her large home production scale, will never reach the dire straits that England has. Then too, we are beginning our rationing early enough to provide for a long war.

We Americans must realize what our lives will be like just a year from now. If we begin our home fight for Uncle Sam today, we will live to be proud of it tomorrow.

The Reflector

By Margaret Dugal.

Spring Almost Here! . . .

With the girls ping-ponging in the gym and the Glee clubs serenading the surrounding high schools, it is safe to say that spring is just around the corner. Not even the exceedingly cold weather last week affected this assumption.

Religious Emphasis Week . . .

Next week is Religious Emphasis week. Don't miss any of Doctor Girard Lowe's talks for his reputation as a speaker for young people is well established in this section of the country.

Save for Army . . .

Don't throw away scrap paper, canceled stamps or tinfoil, but take them to the social room and leave them for the War department. It just takes a scrap to rap a Jap!

Reading Pleases Audience . . .

Miss Lelia Dean Frazier, L.S.U. senior and a major in speech, thrilled a large audience with her reading, "Watch on the Rhine," last Monday at a special assembly. It is not often that we have the opportunity of hearing so gifted an artist. Our thanks for bringing

Train for Duty By Studying Now

By C. C. Colvert.

How much good are you doing? Are you building yourself up physically so that you will be a healthy citizen? Are you keeping yourself up to a high level mentally? Let me urge you to help Uncle Sam by making average grades or better. You are letting yourself, your parents and your Nation down if you are making "D's" and "F's". We need trained men and women and a man or woman with "D's" and "F's" is not trained.

Consult your faculty adviser for counsel.

Miss Frazier here for this occasion go to Fred G. Thatcher, chairman of assembly programs.

"Redskins" Is Success . . .

Once more our students have proved that there is talent to blow at N.J.C. Last night's performance of "Redskins on Parade" proved everything that we had predicted it would be and a little more. Our congratulations go to the whole cast and particularly to Miss Jerry Honeycutt, director of the show.

MONROE'S QUALITY DEPARTMENT STORE

Wails and Wahoos By John Savage

Gold Jackets Play . . .

In a basketball game last Friday the freshman Gold Jackets shipped the sophomores 29-16. Bill McDowell led the freshmen with 14 points and Savage was second with 10. Lucius McGehee led the sophs with six points. It was the freshmen's night to ramble and they certainly did—outpassing the sophs and outshooting them. Why don't the Purple Jackets do the same?

Bus Tourney . . .

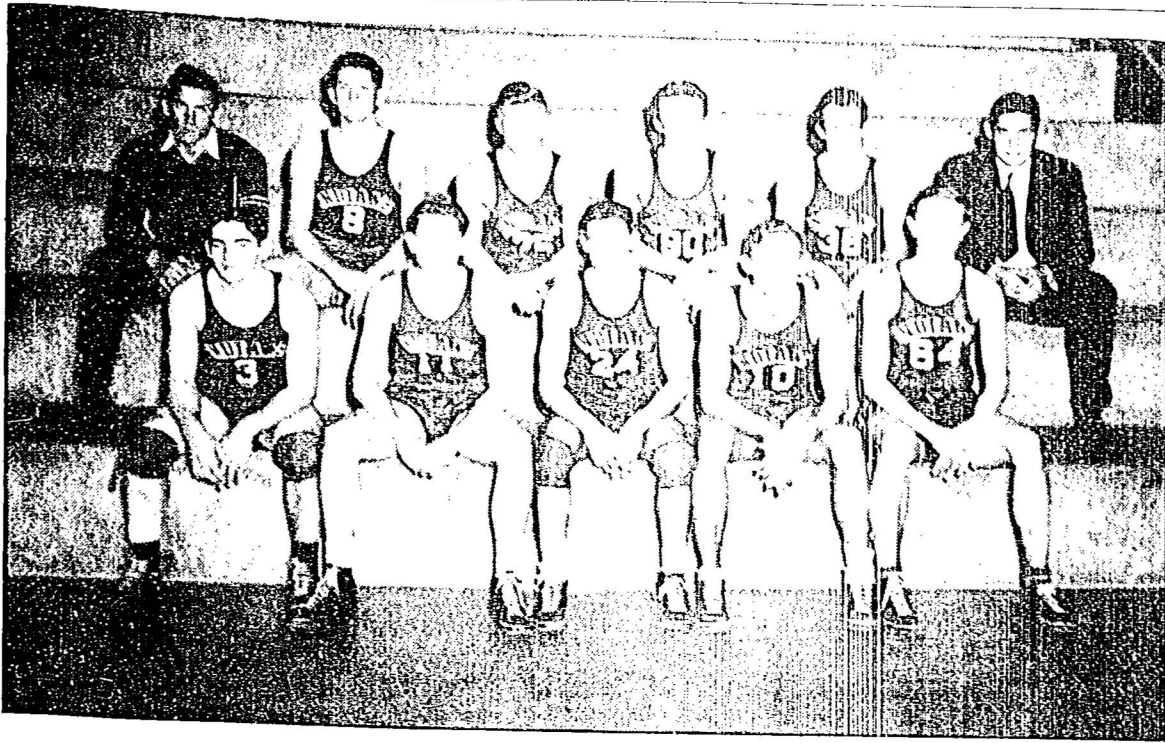

An intra-bus basketball tourney is being started this week so that out-of-town students may get a little more activity on the campus. The pairings for the tournament are as follows: Columbia—bye; Wisner—Tallulah; Bonita—Parish; Oak Grove—bye. Second round games: Columbia vs. winner of Wisner-Tallulah game; Oak Grove vs. winner of Bonita-Parish game. Coach James L. Malone says that these are only the starting of the tournaments to be run among the different clubs and organizations on the campus. This tournament is for boys only.

Double Victory . . .

In the last home games for the Indians this year they defeated the Magnolia A. and M. Muleriders of Magnolia, Ark. twice. Carl Guinn, Welsh and Taylor were the high scorers for the Indians in both games. Guinn got 18 points in the first game and seven in the second. Welsh scored nine and 13 points in each game, respectively. Taylor got seven points in the first game and 12 in the second. The high point man for the Muleriders was Bradley in the first game with 10 points and Bell in the second with 10. Final scores were 37-41 and 43-30 respectively.

Louisiana State university law school will offer a summer session this year to permit men who are subject to army service to speed up completion of work for graduation.

Indian Five Invades Arkansas A. & M. for Last Tilt

Members of the 1942 Indian squad are, bottom row, left to right, Clem Welsh, Bob Young, Cecil Guinn, Ernest Meredith, and Walter Zamojc. Top row, left to right, are Robert Guy, manager, Robert Edwards, Tommy Sands, Hugh Taylor, Bedford Smith, and Coach James L. Malone. Missing from the picture is Carl Guinn.

The Northeast Junior college Indians close their 1941-42 season tonight in a game with the Magnolia A. and M. Muleriders at Magnolia, Ark. The Indians have had a successful season winning 12 and losing eight. They ran into a pack of trouble in their trip through Mississippi, losing four of the eight games.

The Indians have defeated the Muleriders twice this season in Monroe but since then the A. and M. squad have won their last six games. Carl Guinn may not be able to see much action against Magnolia due to an injured hand. This will be the last game for the Guinn twins and they probably will be playing harder than ever. All the other members of the squad are in the best condition.

There are many good prospects for next year's squad who have shown up well this year and with a little more experience will really be hard to handle. Clem Welsh and Hugh Taylor are the two sharpshooters for next year's squad.

Ah 'Tis Spring Man's Fancy Turns To . . . Football

With the basketball season ending tonight in a final clash between the Monticello A. & M. and the N.I.C. Indians, a four-week spring football training period will begin on Monday, March 9. The boys will stop bouncing the ball for a while and return to the daily workouts on the old grid (poor boys, a double dose of calisthenics, and from Coach James Malone at that!)

From statistics it has been gathered that there will be more veteran players reporting for spring practice than in any other year of the school's history. Also reporting for training are some students from surrounding high schools, who will enroll for regu-

(Continued on page 4)

Coed Basketball Becomes Popular

Women's basketball intramurals started Monday, Feb. 23. These games are held annually and are conducted by physical education majors. Each class is divided into two teams except the first and fourth periods which have only one team. The divisions of teams and their captains are as follows:

- | | |
|----------------|-----------|
| 1a—Jones | 4a—Fore |
| 2a—Jones | 5a—Loomis |
| 2b—Kennedy | 5b—Liggin |
| 3a—Batey | 6a—Mirza |
| 3b—Fortenberry | 6b—Blair |
- Pairings of teams are:
- 3b—Fortenberry vs. 5a—Loomis.
2b—Kennedy vs. 4a—Fore.
6a—Mirza vs. 2a—Jones.
6b—Blair vs. 3a—Batey.

1a—Jones drew a bye and will meet the winner of 3a vs. 5a bracket.

5b—Liggin drew a bye and will

(Continued on page 4)

Star of Week . . .

Clem Welsh Takes Honor

The Indians' stocky forward, guard or center, Clem, started the season off at center, but due to an injury during the Christmas holidays, he was out for a good time and when he returned he played guard in place of "Flash" Meredith.

During the last few games Welsh has been playing some fine ball at forward in place of Cecil Guinn and he has just hit his stride at this position. Clem is the smallest man on the squad but he makes up for this lack of height by his skill and scrappi-

ness. He has been playing fine ball on the defense and offense, taking the ball from the taller players and scooting down the court for a shot before they can recover. His shots are unlike those of the other players in that he puts an extra amount of spin on the ball. These shots though are very effective because he has been scoring above 10 points in all of the last few games.

Clem is also a good student, being on the honor roll all the time and is a member of Phi Theta Kappa.

Gym-Jammers

By Sybil Ogden.

Those Unusual Sounds . . .

Have we a torture chamber on the campus? Well, what are these shrieks and screams I hear while passing by what once was known as the gym? Must be a few girls a little over-excited over their basketball game—I trust. On other days we hear moans and groans, indicating those dreaded calisthenics classes. Anyway, it's fun to compare the sounds, and figure out which day of the week it is—moans and groans for Mondays and Wednesdays; shrieks and screams for Tuesdays and Thursdays.

Intramurals in Basketball . . .

Would you like to make "A" in gym? All that's necessary is: play basketball well, get on an intramural team, show up at the proper time in the proper white skirt and shorts—and it's as good as done. It's all very simple—except for playing the game well. Nevertheless, intramurals are creating more interest in basketball and keen competition is being manifested. The first two games played found Captains Virginia Loomis and Helen Fore in the lead. But there's more to follow.

The newspaper is an educational force. Through its news columns, its advertisements and its features, it enlightens and informs its readers.

student who would be in financial need of educational aid.

Dean C. C. Colvert has placed selection of the recipient from the first year students at the local college in the hands of the college library committee of which B. S. Hamner, language department head, is chairman. Written applications for the scholarship are to be presented to Mr. Hamner or Miss Clay, college librarian, by April 1. The scholarship award to the college student will be announced at the annual College Day program in May.

The award to the graduate of Ouachita Parish High school for one year at the college will be made according to a method devised by T. O. Brown, superintendent of Ouachita Parish schools.

Winners of last year's scholarships were Miss Nan Drew, graduate of Ouachita Parish High school, and Miss Dorothy Duncan of the freshman class of the local college.

State Can Supply 'Redskins' Health Foods

(Continued from page 1)

Louisiana can provide its own health giving foods according to L. L. Price, head of the agriculture department and member of the Ouachita Parish nutrition committee.

Mr. Price pointed out that these health giving foods can be provided by homes having cows that furnish milk, butter and cheese; gardens that produce leafy, green, yellow vegetables, black-eyed peas, edible soy beans, tomatoes, potatoes, and other vegetables; fruit plots and orchards that furnish peaches, berries, melons, figs, peas, citrus, and other fruits; poultry flocks that provide eggs and meat; hogs, sheep and beef animals that furnish meat and fat; rice and corn which may be milled as to be called grain product, and a safe water supply.

Coed Basketball

(Continued from page 3)

meet the winner of 6a vs. 2a bracket.

The first game was played between 5a and 3b. 5a Loomis won over 3b Fortenberry with an easy score. Their next opponent is 1a Jones. These teams are about evenly matched. Wednesday, 4a Fore won over Kennedy, putting them in the semi-finals. This game was a close one, with both teams fighting for their lives. Thursday, 2a Jones and 6a Mirza tied. It was an interesting game. The tie was played off Friday, and 2a Jones proved to be the best team with a score of 3 to 2. Friday 3a Batey won over 6b Blair.

The fighting spirit of the teams and captains has caused an increase of interest in the games this year. The winner of the tournament will be decided next week.

Profs Agree

(Continued from page 1)

well as trained ones," he concluded, "because the one who can figure the fastest will be the winner."

The third faculty member interviewed was Miss Florence Young, new French instructor. "War," she said, "comes in cycles, and we happen to be living in one of the cycles now. I believe that everyone has a definite part in the war, but so far I haven't done mine. I've registered for civilian defense, but haven't been able to enroll in any of the defense classes. There is one thing we can all do, that is to help keep up the morale of the army. The Victory Book drive will help a lot."

'Redskins'

ties staged a fast tap dance. "Blues in the Night," sung by Jeune Hunt, one of N. J. C.'s sweethearts, proved a fitting climax.

In a number entitled "Way out West in Texas," three men and a lovely young lady, dressed as Westerners, sang "Deep in the Heart of Texas." This was followed by a dance routine done by six braves and Indianettes in a scene called "Redskins on Parade."

The crowd roared with laughter at the original one-act play, "Kiss Me, My Fool," by Tommy Elrod. Freddie Young stole the show by playing the role of a girl.

Other Highlights

Roy "Tut" Whittington was popular with the audience for the skill which he showed at the piano as well as for his vocal solo, "Miss You." "Tut" was one of the main stays of the orchestra, too.

Two other numbers that went over big were the "Adagio" and "Brazilian Nights," starring Juene Hunt. She and Ed New gave a colorful interpretation of an adagio and she staged a Carmen Miranda by doing a conga with "Tut" Whittington in "Brazilian Nights."

Style Show

One of the features of the production was the style show presented through the cooperation of the Style Shop of Monroe. It pictured the interior of the Style Shop with 16 beautiful coeds modeling the latest fashions. Music was provided by Basil Church's orchestra and "White Cliffs of Dover" sung by Pascal Norris.

Directors and Staff

To the director, Jerry Honeycutt, and her stage crew goes highest praise. They staged a production well worth seeing and one which showed careful planning and hard work. Other members of the staff included Dorothy Duncan, assistant director; Jeune Hunt, dance director; Jimmie Eastwood, stage manager. Costumes were designed by Naves Roye, and Prentiss Cox handled the business end of the show. Robert George served as master of ceremonies.

More freshman men at Louisiana State university choose engineering than any other course, and more freshman women choose teaching.

Academic year of the University of Vermont will close May 18, a month ahead of the pre-war schedule.

OUACHITA COCA-COLA BOTTLING COMPANY

Outstanding Students Campus Leaders You Should Know!

By Elizabeth Johnson.

In an endeavor to make you more familiar with the leaders on our campus, each week we present character sketches of some of them. This week we introduce . . .

Bill McDowell, who was elected vice-president of the freshman class, and a member of the Student council. Bill has become one of the most popular young men on the campus. He is a member of both the Pre-Med club and the Gold Jackets and is also one of our outstanding players in the Tennis club.

Ann Hayward, who is one of the religious leaders on the campus. She is resident of the local Episcopal group, the Canterbury club. Ann, who is a sophomore and a local girl, also serves as secretary-treasurer of the Inter-Religious council.

Marion Dupont, who is feature editor of the Pow Wow. He is a charter member of the new club, the "Order of Sophocles". Marion, a sophomore, is also a feature writer on the staff of the magazine, Spotlight.

Bill Womack, sophomore who was recently elected president of the Student body. He is a member of the Commerce club and president of the Student council.

One of the most active young men on the campus, he is also a member of the Phi Theta Kappa and the Baptist Student union.

Dorothy Duncan, who is assistant director of "Redskins on Parade". She is one of our best actresses and is a member of the Delta Psi Omega and the Speech club. A sophomore, she also is a member of the local Wesley Foundation. Truly one of the most charming and friendly coeds on the campus, Dorothy is liked by everyone who knows her.

John Hilburn, sophomore, has the title of tennis champion of N.J.C. for 1941. In addition to belonging to the Tennis club, John also finds time to take an active part in student affairs. He is a member of the Student council.

'Tis Spring

(Continued from page 3)

lar work in the fall semester.

In an interview, Coach Malone said proudly, "From the looks of the outstanding veterans and freshmen, whom the draft probably will not hit, all indications show that N.J.C. is heading for one of its best years of football."
