#### Thanksgiving Equation

With four and one-half days of glorious freedom limping into view, Northeastern students are beginning to relax in the waning sun and dream lazily of Thanks giving holidays.

"I'm not going to think about a single thing until Monday morning," declared an overjoy. ed Betty June Sharp whose mood suddenly iced over when

## Speakers Discuss Vocational Topics

The Social science organization has finished a program which enables them to have speakers and movies of their vocation each

Two distinguished guest speakers this month were district attorney Fred Fudickar, and J. C. Liner, owner of KMLB radio station, both of Monroe.

Attorney Fudickar spoke on "Laws and the Common Man." He explained how laws protect the people and their interest. He also discussed the procedure of traffic rules and regulations in the Twin Cities.

Mr. Liner spoke on "Future Television of North Louisiana." He said that in the near future there would be television in all parts of Louisiana.

A movie, "Quarterback," shown after the speeches. The movie expressed the need of vocational guidance and social science clubs.

For the benefit of those just going into social work, the club has started a file which contains information on different vocation-

## PE Classes Receive **Blood Factor Tests**

Blood tests were given to students of physical education classes November 12-13 in the gymn-

Science majors, under supervision of E. C. Whatley and Pat Mitchell, instructors of biological sciences, gave the tests to determine the type of blood and the RH factor of each student.

Mr. Whatley explained that it is essential for every person to know his blood type. In emergency cases, hospitals in Monroe and vicinity are free to call on Northeastern students for blood.

Few rare types of blood were discovered; however, several students showed an AB positive type. The most common blood type is O positive and A positive.

# Eats + Sleep - Studies = Happy Holiday

she remembered Dr. Willa Claire Cox's English 51 assignment hadn't been done.

Don Easterling, head cheerleader, will do a whooping lot of off-duty cheering while renewing old acquaintances in his home

town, Pine Bluff, Ark. Sleep, sleep and lots of it is the plea of Director Joe Monroe, who wants to forget those fatal words "Redskins" and "Pow Wow" during his brief holiday.

And it will be some of that home cooking that the boys and girls away from that haven of rest and delicious meals will send them drooling back to where they came from.

Shouldn't wonder if a good many of us won't let out our belts a couple of notches after

#### 'Redskins'

## Cast Primps Show

"Shut-up" . . . "Do: that chair" . . . "Music" . "Don't touch that chair" . . . "Music" . . . "No! No! That's not right!" This is what you will be hearing in the next few weeks if you are around the auditorium.

And by the way, if you aren't a member of Delta Psi Omega, Student council or the cast, who are preparing the 1951 version of "Redskins on Parade," you have no business being around the auditorium.

Directors Joe Monroe and Wilma White are working hard to get the show ready for Dec. 7.

Although many of the scenes will be humorous, three skits will be tinged with a touch of Broadway. The Spanish dance sequence promises to be one of the highlights of the revue. "The Mechanical Doll," a delicate ballet number, will feature Betty Jane Petit as a toy doll. Climaxing the first part of the show, Joe Monroe, at the concert grand, will perform the popular, "Rhapsody in Blue," with the Neville High School band, directed by John Davis, and the Northeast chorus, led by Miss Gertrude

For further information just amble on over to the Friend with a decoy under your arm.

This reporter had one brainchild solemnly promise to do her best to read "Gone with the Wind." One studious gent said he was going to absorb some of the history in "Rise and Fall of the Roman Empire."

Betty Jane Petit, along with a good many other coeds, plans to dance the holidays away

A good many of the home town boys and girls' faces register happiness at the mention of flolidays. They are the ones who will hit the trail to visit relatives in Texas and other points west.

"Thanksgiving day I shall say a prayer for America and for all we have to be thankful for," said Charles Littleton, who voiced the unspoken thoughts of the entire campus.

## Jelly Elliott Records Programs on Campus

The engineer adjusts his headphones, starts the tape recorder, gives the signal to Jelly Elliott, and the hillbilly program gets underway.

Jelly, who used to sell chickens and used cars in Alexandria, walks up to the microphone and tips his hat. Speaking in that southern drawl to which the rural folk are accustomed, he tells the people about the importance of conserving the nation's wild life and forests.

Jelly and his band begin the program with this theme song, "We got a job on the radio, forestry programs wherever we go, up in the woods where we are found, the music ain't good but it sho' is loud."

The hillbilly program, sponsored by the officials of the Fire Prevention department in Washington, D. C., is currently making transcriptions for the show in the radio room of the Fine Arts building on the Northeast State

Life magazine considers the show so popular that a photographer came down from New York Thursday to take a series of pictures for a future

The show originated when officials of the Fire Prevention department found that the usual advertisements of posters and pamphlets were not reaching the rural families of forest areas. Since a survey of farm families indicated a great popularity for the Jelly Elliott program, officials hired his show for their advertisement purposes.

The first broadcast came from Beaumont, Texas in 1948 and covered a seven-state area. Several hundred stations, 18 in Louisiana, carried the show. The fifteen-minute series soon increased the number of stations to one thousand, and were heard on a nation-wide hookup.

This year the commission will present the hillbilly performance over 1,500 stations from coast-tocoast. 1952 recordings will be ready for presentation Jan. 1.

## BSU Sets Nov. 18 For 'Building' Day

Sunday, November 18, is the day set aside as Baptist Student Union Building Day in the 36 Baptist churches of Ouachita Parish association. During services, an offering will be taken to further plans for erecting a BSU Religlous center for use of the 254 Baptist students enrolled at Northeast State.

The lot at the corner of College avenue and DeSiard street has been purchased as the site of (Continued on page 4)

## Thanksgiving Holiday Dates Coincide with LEA Meet

Northeast State's Thanksgiving holidays and the annual Louisiana Education association's convention are scheduled next week. College classes will be dismissed Wednesday noon and resumed the following Monday at 8 a. m. The teachers conference is being held in Shreveport, November 19-21, with Byrd High school the Washington Yource hotel.

as headquarters. Faculty Delegates

Delegates elected by the facu-lty to represent Northeast State are L. L. Price, head of the Agriculture department, and Edward Whatley of the Science department. Alternates are W. C. Buchanan of the social science faculty and Elton J. Upshaw, assistant professor of education.

Special Affairs

Carrying out a tradition of the LEA convention, several teacher organizations will hold special meetings and social affairs preceding or during the conference.

Both the Red Red Rose and the Blue Blue Violet have scheduled meetings Sunday at 6 p. m. at

## Founder of Girls Town USA Talks to Student Assembly

"Do unto others as you would nearly every other child who has have them do unto you" is the motto of Girls Town, USA, said Amelia Anthony, founder and director, before an assembly Tuesday in Brown hall auditorium. Miss Anthony is a native Texan, and established the girls' home two years ago in Whiteface, Texas.

The purpose of the home is to teach young girls to become good housewives and mothers.

#### Importance of Training

Miss Anthony emphasized that juvenile delinquency is not a product of bad boys and girls, but the result of negligent parents. She firmly believes that if a child is trained in the right way, he will not depart from it. "The future of the nation rests on young people," she declared, "and each individual must assume his part."

Democracy and citizenship are the main themes of the home, and everyday problems are emphasized, so that every girl may become a responsible adult. Like a home and family, the girls at Girls Town attend a public In a private interview follow-

ing the assembly. Miss Anthony explained that Girls Town functions as a family. When asked how many workers she employed, she replied that they were not called workers, but adult members of the family.

#### Attractiveness of Home

Each girl is treated as an individual and not as just a part of a mass of humanity. Only two girls live in each room. The rooms are painted in different colors and have different types of furnishings. An unusual feature of the home is the large living room. One wall is made entirely of glass. In the center of the room is a large circular fireplace. No matter where the girls are sitting, they are facing the fireplace.

Although Miss Anthony has facilities for only 64 girls, she has on file applications for 800

played alternately by the groups during the Southeastern Oklahoma-Northeast State game. At half-time the bands formed en masse on the football field and played several marches, including the following: "Military Escort," "Loy-alty," "Washington Post," and the "Star Spangled Banner." The following bands and direc-

tors were present: Tallulah, Quincy Harris; Sicily Island, Frank Wilson; Jena, John L. Adams; Olla, Roy Welch; Ouachita Par-ish, E. L. Cross; Greenwood, R. S. Smith.

Arrangements for the event were made by Harry M. Lemert, head of the department of music and art, and Joe Barry Mullins, director of the Northeast State

Her first stage appearance was a bit part in "The Heiress," one of last season's popular productions.

She is enthusiastic about her first big assignment "Because," she says, "theatre work is my favorite hobby."

# Dared Students Yawn Through Gloomy First Period

So you have a first period

There goes the sound of the bell calling all students to their first period class. Momentarily the noisy clatter is hushed in the halls. Then the racket increases as listless students wander toward their class

As Charlotte Ruff and Billye Danley shuffle slowly into the classroom, they are wistfully hoping the teacher died during the night. Buster Crowley is walking in a daze, yawning for the comfortable warm bed he has left behind. What an outrage to be at school at this unearthly hour!

Bill Lee stumbles over a shoe lace he has been too rushed to tie. Bob Carter is hastily slicking down his unruly curls.

As the last one collapses in his chair, in walks the instructor with a beaming countenance and a sprightly step.

How could anyone seem so energetic and happy this early in the morning? Prof. I. Q. of Eight could have replied

with all truthfulness, "Kids, it

ain't easy."
As the instructor begins his lecture in a businesslike tone, a few students start searching for their paper and pencils to take notes. A dimpled doll by the name of Elsa Zimmer leans over and asks, "Does anyone have some extra paper and a pencil?" Similar inquiries can be heard in other sections of the room.

One of the more ambitious students, Rex Pensinger, searches through his pockets, brings forth his pocket knife. He busily cleans the dirt from under his finger nails.

Another industrious guy, which way his industry lies I wouldn't be certain, glances mischievously at Jo Marie Scalia across the row.

Modestly she ignores him, takes a compact from a strong looking purse and arranges it where she can flirt with him.

Brooks Sellers and Press Berry, seated in the back row, give in to their emotions and allow slumber to take possession. Don Pendarvis curses his

watch because the hands are moving so slowly. Funny how time stands still when no one

wants it to. Betty Sue Rockett is keeping me with the teacher's voice with her double-bubble gum.

When all seems hopeless, the bell sounds sweet and clear, playing a delightful tune to anxious ears. Books are gathered in a slir shod manner and students flee from the inner sanctum.

Joe Downing, who has been keeping abreast of the time, heads in the direction of the Friend. The pinball machine awaits him.

Jo Marie Scalia returns the compact to her purse and takes a running start for the Student center.

And the one who had been asleep walks aimlessly in circles.

Professor I. Q. gazes at the empty room, which, but a few moments ago, had been so full, and thinks "Well, I'll get even with them tomorrow. I'll use my most deadly weapon-the

# Smoke Signals

Forty-three pretty Northeast State coeds have signed up for that new course in riflery—the latest fad for campus Janes. The girls will begin to learn all there is to know about a .22 rifle within the next few weeks. Classes, which are sponsored by the Military department, will be held in the National Guard armory.

Speaking of guns, don't forget that duck season is open until Dec. 16. John Mims, sophomore of Monroe, went way up in Northern Arkansas last weekend to try his luck, and came back with more than the usual number. Grapevine tells me that E. J. Foster, assistant professor of chemistry, always asks one question on his final examination about duck hunting.

Last Monday, the flag was flown at half-mast in memory of Ethel Rose Rogers who accidentally shot herself Nov. 2. Miss Hogers was found dead in her dormitory room at Louisiana State university. She was graduated from Northeast Junior college with highest honors. She received her bachelor's degree in music from the university last June, and was working on her master's degree at the time of the

## Russian 'Stooge' Ridicules UN Disarmament Program joke." It is impossible to consider Mr. Vish-

On considering the refusal of the Soviet union to accept or even discuss the disarmament proposals of the United States, Great Britain and France, one cannot help but reflect upon the diplomatic "comedy" practiced by the Japanese prior to their venomous attack on Pearl Harbor.

Obviously, from his attitude, Andrei Vishinsky, Soviet Foreign minister, feels that the entire subject of disarmament is one "big

## Thanksgiving Day

## Count Your Many Blessings

"WE GIVE THEE THANKS, ALMIGHTY GOD, FOR THESE THY GIFTS."

Little do we realize that each thing we have is something to be thankful for. Things so common we don't even realize their value or the need we would feel if they were gone. Home, friends, individual personalities, the freedoms which our country gives its citizens-these are only a few of the many blessings for which we never offer such a small prayer as "We give Thee thanks . . .

Thanksgiving day is near, a day set aside each year for everyone to count his blessings. It is also the first vacation of the year, and most students will count as a blessing the five days away from the grind of daily classes. But in our clation over the holidays, let's not forget the true meaning of the day we are so privileged to celebrate.

In the midst of the noise and strife let us, this November 22, bow our heads in prayer and gratefully offer Him, our heavenly benefactor, a small prayer, a heartfelt-"Thank you."

## BandRevueThrills Audience

The idea for an annual Band day here, promoted by the Music and Art department, was a success from start to finish, and appears certain to become another tradition at Northeast

To the six high school bands from Northeast Louisiana which attended our first big attempt at a Band day are due our deepest gratitude, as well as congratulations for the splendid program they produced.

Bands which took part in the day's activities, and their directors, are: Jena, John L. Adams; Tallulah, Quincy Hargis; Sicily Island, Frank Wilson; Ouachita Parish, E. L. Cross; Olla, Roy Welch, and Greenwood, R. S. Smith.

Greeted by campus sponsors upon their arrival, the visiting band members, directors and chaperones were first given an opportunity to practice for the Saturday night half-time break at the football game between Norheast State and Southeastern of Oklahoma.

After rehearsal, the visitors were repaid in part for their aid in building the new Band day program into an annual event by a wiener roast on the bayou banks near President and Mrs. Lewis C. Slater's residence.

Here's hoping that the passing years see more and more high school bands visiting Northeast State at least once a year for a day of musical supremacy.

## Handicapped Tribe Awaits Final Tilt with La. College

The Malonemen of Northeast State will be literally stripped of players as they terminate their pigskin season with the invading Louisiana college forces from Pineville tomorrow night at Brown field.

Boasting a season's record of six wins and three losses, the Pineville Cats will journey to Monroe with a total of 13 returning lettermen. They will also feature a fast secondary and a line comparable in weight to the Indians.

Because of a technicality in the rules of SIAA, of which Louisiana college is a member, Northeast will lose 14 ineligible regulars for the season's finale. Not seeing action will be fullbacks, W. E. "Dub" Rush and Vince Zappone, halfback, "Red" Nix, quarterback, Mark Boatright, and halfback, Press Berry.

Ends Jack Brown, Ronald Gunter, Francis Baker and Ted Jones, tackle Ralph Shelton and guards Tommy Wilson, Robert Parker,

Percy Wheeler and Bob Gunter.
"There'll be no two-platoon
stuff for us this week," Coach
James L. Malone said. "We'll
just be satisfied to keep eleven
men on the field."

The Indians and Louisiana college have played two common foes thus far this season. Northeast beat SLI 17-13, and the Cats fell before the same eleven by 27-21. Nevertheless, Louisiana college edged out John McNeese 27-21, and the Cowboy forces trampled Northeast 33-20.

# Coach Phillips Gives '51 Cage Schedule

Head Cage Coach Cary Phillips, disclosing his tentative engagement schedule for '51, asserts that Northeast may well anticipate an outstanding basketball squad for the forthcoming season.

Coach Phillips' optimistic view is centered around two favorable factors—his charges have made exceptionally rapid progress with only four weeks of practice tucked under their belts, and his team boasts four former All-State hoopsters.

After the termination of football season, the Northeast squad, currently consisting of 12 participants, will augment its total to 17 via the addition of five players from the pigskin team.

The '51 schedule follows:

Dec. 6—Delta State—Here Dec. 8—Northwestern State— Natchitoches

Dec. 14—Centenary—Shreveport

Dec. 29—Northwestern State— Here

Jan. 10—Delta State—Cleveland, Mississippi

"ONE TIME AROUND, AND DO-SI-DO," keep eight Northeast State students in rhythm as the dancing class follows the calls of Miss Ada Bess Hart, instructor. The partners are, left to right, Reca Bamburg and Press Berry, Melba Burgess and Jim Childress, Mary Alice Womack and Bob Carter, Cheire Wilson and Bill Lee.

### Swing Your Partner

## Gym Rocks With 'Put Your Little Foot'

The social sciences aren't exactly being eliminated at Northeast State, but they're taking a back seat these days to a social art—dancing.

Miss Ada Bess Hart has again proved that pleasure and classroom work can exist together.

She proved it with a phonograph and more than a score of students who would like to dance well, or in some cases, students who would just like to dance.

There are no barriers to overcome in the class, except perhaps, clumsiness and a "bad ear" for music. Once a dance student gets over his early troubles, which may be more modesty than anything else, he has won half the battle as far as dancing is concerned.

There is no such thing as a student dancing with his favorite Joe or Jane all the time. Everybody mixes and gets accustomed to dancing with different people.

Increased self-confidence, students say is one of the more important values of the class. Ability to mix on a social level with

others, which often comes during the college years or not at all, is another.

Social dancing isn't the only phase of the course; in fact, many prefer the other half, square dancing. Miss Hart is first class at calling and it takes only a few tryouts to learn the pattern of a dance.

Also taught is the Varsovienne. To uneducated college students this is "put your little foot."

So, if opinions of the dancing students count, it looks like Northeast State's most pleasant class is here to stay.

#### Redskins ...

(Continued from page 1)
Roland Carter, member of the band and Alpha Theta Chi, has been appointed to organize the student orchestra which will accompany all vocalists and perform during intermission.

This year, the chorus line is under the direction of Betty Jane Petit. She has had considerable dancing experience before coming to Northeast State. Watch for that chorus line; it promises to be something special this year.

Miss Gertrude Sandrock, asistant professor of voice, is music consultant for the show. Miss Sandrock spent many hours working on last year's revue.

## Savages Fall 51-0 Under Indian Heel

The big Indians went on the war path Saturday night and scalped the invaders from Oklahoma 51-0.

First Touchdown

Big Press Berry, 190 lb. half-back from Missouri, broke the line midway of the first quarter and romped 38 yards for a touchdown. The try for a point was a failure.

Entering the second period, the Indians were leading 6-0, when the fireworks really started. Mark Boatright, Indian quarterback, faded back to pass, couldn't find his receiver and elected to run. He broke loose up the middle for 39 yards and a touchdown.

After kicking off to the Sav-(Continued on page 4)

## 39 Pow Wow Reveals Startling Prices

By Reca Bamburg Prices in 1939 were incredibly

low. On a recent rainy day, I was idling away valuable time flipping through a 1939 issue of the Pow Wow when I saw something that made me long for the "good old days."

An erstwhile advertiser listed his hamburgers and sundaes for 10 cents and banana splits, 3 dips of ice cream, for ten cents. Today sundaes and ham-burgers are 25 cents and ba-nana splits are anywhere from 35 to 45 cents.

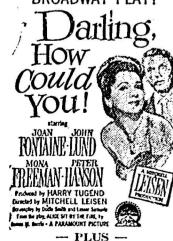

In days of old the cafeteria waitresses heaped plates with tasty food and received 20 cents. Now a days, you lay down four-bits and a penny before picking

up your skimpy plate.
One of the leading theaters charged 25 cents to view the latest releases. No need for me to tell you today's prices.

Then a man could dress the part of a dandy with a \$1 shirt, \$3 trousers, \$3 shoes and a \$3 hat. All for a mere \$10.

As for the coeds, they had it much cheaper. "Stylish frocks for campus wear—\$3.98."

## TEM OPEN 11:45-ADM. 14c-50c STARTS SUNDAY FROM THE ROLLICKING **BROADWAY PLAY!**

Woody Woodpecker - News

STARTS THURSDAY

Romeo could hardly be debonair today in a \$10 ensemble nor could a girl be "stylish" in a \$3.98 dress.

There was a time, you'll remember, when the penny post-card just cost a penny. These days, the postman doesn't even knock once, because nobody can afford it.

And where could you find a banana split, with 3 dips of ice cream, for a dime?

But you can still drop a nickel in the slot and phone your girl friend, and in some places you can even buy a five cent coke.

## Two College Coeds Drop Miss to Mrs.

Two college "misses" will change their titles to "Mrs." on the 23. Wedding bells will be ringing for Noweeta Waldon in November and for Betty Jo November and for Bayles in December.

Miss Waldon will become the bride of Jerry David Joyner, a navy veteran. The bride-elect is classified as a senior in elementary education and will graduate next January. She is vice-president of Les Marquises and a

member of Delta Psi Omega.

Miss Bayles will marry Sgt. Johnny Harris of West Monroe. A resident of Point, she is now enrolled as a freshman in ele-mentary education.

## Building Day Set

(Continued from page 1) the center. The Baptist State Executive board has agreed to contribute \$3 for every \$1 collected for the building fund. They will also maintain a Baptist Student secretary.

H. K. Litton has been appointed treasurer of the building fund campaign. Any personal contribution may be mailed to him in care of P. O. Box 905, Monroe.

## Savages Fall Under Malone Men Assault

ages the Indian defense held and forced the Durant team to punt.

75 Yard Run

Bob Carter, on the first play from scrimmage, galloped through the entire Oklahoma team for 75 yards and score No. 3. Carter's kick was good. The score stood 21-0.

Immediately after receiving the all, the Tribe picked up another touchdown on a 45-yard dash off tackle by Billy Joe Milstead.

Changing tactics, Lloyd Ray fired a pass to end Gregory LaBlanc to put the Tribe in scoring position on the Durant two yard line. Dub Rush cracked the middle for 6 points.

**Good Conversion** 

A few minutes later Cammelo De Tore intercepted a Durant

pass and ran it back to the Savage 25. Rush got a first off tackle and Zappone rammed over for the touchdown. Carter booted the

Once again the Indian defense held, and the offense took over. Bob Carter broke through tackle for 75 yards and another T. D.

The Savages from Oklahoma were forced to punt and, with less the Indians took over. The Durant defense tightened and the Tribe dropped into punt formation. However, Harry Hubenthal, Indian punter, foiled the defense with a 58-yard run that was touchdown No. 8. Carter tried for a point and failed.

Outstanding backs were Red Nix, Bill Lee, Buster Crowley and Glen "Moose" Gossett.
