ROTC Platoons And Companies Pick Sponsors

Twenty-three sponsors will be chosen this year by the Northeast ROTC unit. This year the cadets have been formed into a cadet Battle Group. Last year's Battalion had only six sponsors.

This year the "Little Colonel" for the Battle Group is Peggy Traxler who is a full cadet colonel holding the same rank as the battle group commander. The battalion sponsor held the rank of lieutenant colonel.

Each company sponsor holds the rank of cadet captain and platoon sponsors, added this year for the first time, each holds the rank of cadet first lieutenant.

The company and platoon sponsors are listed as follows:

Company A, Sharron Haymes, first platoon, Carolyn Albritton; second platoon, Marie Gates; third platoon, Connie Stuart; fourth platoon, Flora Claunch.

Company B, Jean Earle, second platoon, Myrtle MacLellan; third platoon, Bonnie DeFoe; fourth platoon, Carol Spangora.

Company C, first platoon, Jane Puckett; third platoon, Alice Wood; fourth platoon, Sharron Session.

FTA Officers Are Elected

One of the most active organizations on our campus is the T.O. Brown chapter of the Future Teachers of America. In fact, it is one of the largest and most active in the entire nation, a fact that Northeast can really be proud of.

Invitations for membership are sent to outstanding students in the department of teacher education each year. According to Dean William Smith, new members invited to join this semester will be inducted into the FTA chapter at the Penn Hotel at 7:00 p.m. on October 24.

Officers elected for this year are Philip Lisotta, president; Inez Spangler, vice-president; Johnnie Herrington, secretary, and Bonnie Welch, treasurer. Instructors in education serve as faculty advisors for the organization.

Weathering the Weather

In the Deep South one never knows what a day will bring forth in the way of weather. We simply must wait and see for ourselves.

Coeds need to change with the weather to be comfortable. It is certainly distressing to wake in the morning and dress for the "chill" in the air; then at two o'clock have the temperature soar to 80 or 90 degrees. However, it is equally as bad to wake in the morning and dress for the warm morning and find it cool later in the day.

Nothing can be more discouraging than a coed caught unprepared for the "September Gales" that so often frequent our area. An umbrella and a raincoat are standard equipment for a Southern college student.

Don't just talk about the weather, dress for the change.

Working Curriculum

As we begin this term here at N.L.S.C., we realize the importance of a working curriculum. From the work and problems necessary in order to follow this curriculum, we have learned one outstanding lesson that can be applied to one's daily life and particularly to his future. This is---to be successful in making important decisions, one must always keep the outcome in mind.

Right now we are making some of our most important decisions. Practically every thing we do during the next few years will have either a good or a bad effect on our future lives.

This same rule applies to the friends we make. Everyone, no matter how slightly we know him makes some kind of impressions on our lives, so; "Don't wait until tomorrow to be great, be great today."

For Youngsters

Miss Mitchell Teaches French

by Tommy Parks

This year Miss Hazel Mitchell, Spanish instructor at Northeast, is trying a unique experiment. She is teaching French to five and six year old kindergarten students at St. Paul Methodist Church. Although the same thing is being done in other parts of the country, Miss Mitchell's attempt will be the first for the Monroe area. She began the experiment on September 16, with three different classes and about sixty students.

Comparing her college and kindergarten language classes, Miss Mitchell says that the latter are less inhibited and do not hesitate to try the hardest sounds. Of course, she explains, the youngsters are being taught only the most simple aspects of the French language.

Mademoiselle

As might be expected, amusing

things happen in practically every class. When she first started, Miss Mitchell told her class that it would be proper to call her "Mademoiselle Mitchell." That afternoon, one of her young students hurried home and told his mother that he was learning to speak French. "What's your teacher's name?" his mother wanted to know. He couldn't think of her first name but her last name was Mitchell. "Is it Hazel Mitchell?" the mother asked. "No, not Hazel," was the answer. "Well, then, was it just Miss Mitchell?" she asked. "No, not that either."

Later that afternoon, the little student came running into the house calling, "Mother I know it now---her first name! I know it: Mademoiselle. Miss Mademoiselle Mitchell.

Miss Mitchell says that such things are always happening to make her work really enjoyable. Although she did not mention it, Miss Mitchell is receiving no pay for teaching her kindergarten classes. She teaches them simply because she enjoys watching the youngsters learn something new and interesting, which is the mark of a truly good teacher.

REGAL SMILE- is given by Doris Kitchens, Northeast senior who holds the title of "Miss Northeast 1957-58". She has been making frequent appearances in the area with the collegiates, college quartet.

Tau Kappa Epsilon Fraternity First To Establish Campus Home

The Tau Kappa Epsilon fraternity at Northeast is the first social fraternity to have a campus home. Ten fraternity members and pledges of Epsilon Mu chapter moved into the Touchstone home on College Avenue this Fall.

They include: Ronnie Walters, fraternity president; Norman McKee, Bar Wayne Taylor, Bennie Andrews, Willie May and Jack Ray, all members and pledges Tom Bell, Freddie Tuson, Henry Antoline and Dan Chapman.

The Touchstone property was recently purchased by the college and is being rented by the fraternity.

TKE has 40 members and is the largest of the two social fraternities for men students. The fraternity, originally known as Alpha Theta Chi, joined the national organization in 1956. Since then it has doubled its membership and obtained a fraternity house.

In the near future, the fraternity will have a housemother and give an openhouse.

Nationally, the TKE fraternity is the second largest in America, having 246 chapters.

September 28, a formal initiation was held, at which time 9 new members were added. They are Earl Ingram, Jack Ray Willie, Ray Vineyard, David Watson, Raymond Pylant, Haynes Landrum and Bennie Andrews. Dr. Merritt Melberg, a member of the college faculty, was initiated as an associate member.

Yearbooks...

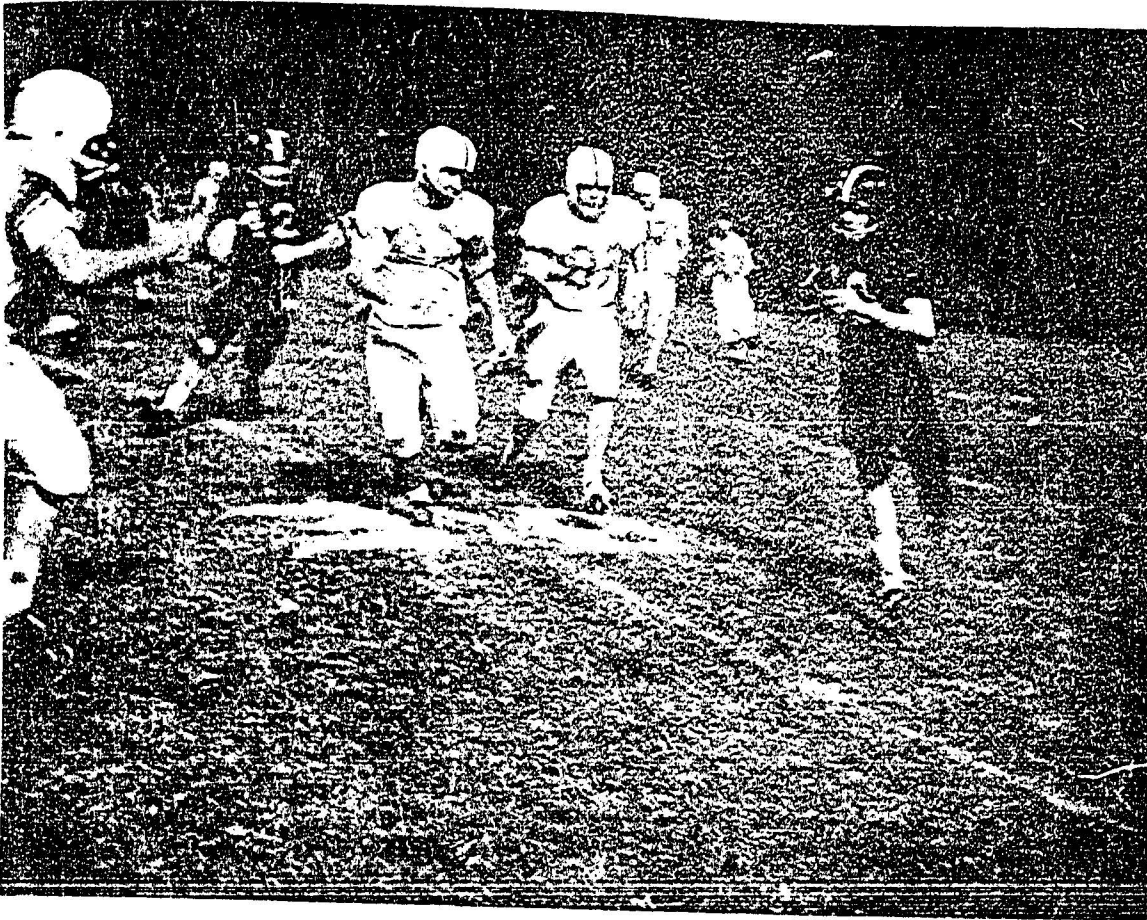

Delivery on the 1957 Chacahoula is expected about October 16, Mrs. Annie Lee West Stahl, faculty adviser, has announced. She was advised this week of the expected shipment by officials of the Taylor Publishing Company of Dallas, Tex., publishers of the yearbook.

Indians Bow To Bulldogs In Home Til

Southwestern slipped by the Northeast Indians, 6-0 here this weekend.

The loss was the second of the year for Northeast and their first in conference action.

Foe Scores

The Bulldogs scored the night's touchdown in the last minute of the second quarter. With the ball on the Indian 45, Quarterback Calloway floated a pass to the 25 where Davis took it and went over for the touchdown. Tony Hartsell blocked the try for the extra point.

Tribe Threat

The most dangerous threat came early in the first quarter. NSC took the kickoff on their 31 and moved to the 7 from where Reynolds went to the goal line and fumbled. S.L.I. recovered in the endzone for a touchback.

Tribe Invades Arkansas Next

The Northeast State College Indians will meet Southern State College, in an intersectional grid battle, at Magnolia, Arkansas Saturday night.

Teachers...

(Continued from Page 1)

Mathematics are: Robert Edward McGowan, Oscar Head, Lillian H. Griffen, and J. T. Tims.

Music Majors who are receiving practical training in high schools are: Billy Jean Head, Beverly Jean Durden, James A. Wells (band), and Stanly Burkett (band).

Included in the high school science group are: Rosa W. Crawford, George Grubbs, and Elwyn C. Lyles.

Teaching social studies are Alton Earl Ingram and Betty C. Ware.

Library science teachers include: Winona W. Riggs, Jewell McMurry, Genevive McDonald, and Patricia Ann Hogan.

High school commerce teachers comprise: Ann Crel, Nelda McCormick, Mary Pearl Smith, Mary Dreasler, Billy Clark and Jack T. Young.

Teaching high school English are Winona W. Riggs, and Shirley M. Lord.

Jerry R. Lee and Dell Lasiter are teaching speech.

The Indians, losers to S.L.I. last week, defeated the Muleriders last year, in a Homecoming affair, by a decisive margin of 33 to 7. However, the Magnolia, Arkansas, school has a much better team this year, and has won two games while losing only one, their one defeat coming by a 45-7 margin to central State of Oklahoma, last Saturday night.

The two schools have met twice before and are even in the series. In the initial affair, the Muleriders defeated the Indians by a 21-7 score but last year the Indians evened things up with their victory. Therefore, the rubber game of the series should be one of the most interesting they have played.

The Indians should be at full strength for the affair, the first time since the season's opener, and will depart for Magnolia early Saturday morning with a traveling squad of forty men.

Freshmen File For Council

New Infirmary Reports Full Speed Plan

One of the newest and most important buildings on our campus is the infirmary, located behind the new girls' dormitory. Although construction of the building is not complete, it is operating at "full speed," according to the nurse on duty, Miss Bernice Jones.

By far, this month has been the busiest at the infirmary. Miss Jones has reported that 123 persons have already been to the infirmary this month, raising the total so far to 276 for this semester. At present, more boys than girls have reported illnesses, she said.

Although a few cases of "flu" have appeared, bad colds have been the most common complaint. No cases of the widespread Asian flu have been diagnosed.

Speech Department Announces Plans for First Production

The cast and crew of "The Male Animal", the Speech Department's first major production of the Fall season, are rehearsing each night in Brown Auditorium.

George Mac, appropriately cast as Tommy Turner, a young independent thinking professor of a Middle-Western college and Rita Snider as Ellen Turner, the professor's young pretty wife, carry the leading roles in this all-time popular comedy by James Thurber and Elliot Nugent.

Making up the rest of the cast are: Marianna Embanato as Cleota; Charlene Correro as Patricia, a college student and Ellen Turner's younger sister; Benny Boyte as Wally Myers, a fellow student and admirer of Patricia; Roy Aycock as Dean Damon, head of the English Department of this

Middle-Western college; Billie Sue Swanson as Blanche Damon, the Dean's wife; Phillip Lisotta as Michael Barnes, another student and admirer of Patricia;

George Phillips as Joe Ferguson, to whom Ellen was "unofficially" engaged before she married Tommy Turner; Bobby McElroy as Ed Keller, a professor, and Betty Hughes as Myrtle Keller, his wife.

Plans are being made to assure a fine production of this smash Broadway hit. Hours of work are going into the finished production.

"The Male Animal" will be presented in Brown Auditorium for students, faculty, and the public on Wednesday and Thursday, October 30 and 31.
