Insurance Program Proposed Here For Regular Students

The Northeast State College Student Council is working out a voluntary hospitalization insurance program for students with the help of administrative officials at the college.

Student Council President Lemmie Hightower has worked up a list of minimum specifications that are being sought in the proposed program, a year-round protection plan for all regular students.

Insurance companies were contacted by the college and asked to submit bids on programs they would underwrite. The deadline for bids was Thursday.

Under the proposal, the plan will go into effect voluntarily this Fall for all regular students. Application forms will be mailed to students by the company prior to September registration.

TWENTY RETURN FROM GEOLOGY FIELD TRIP

Twenty persons have returned from a recent geological field trip to Batesville, Arkansas and other points. Student, Billy Abrough, Michael Allen, Richard Ballard, Gerald Dark, Roger Deal, Jim Haddox, Elmo Hale, Jim Hicks, Al Jones, William Kenley, William Loomis, Billy Givens, Jim Nolan, Don Whittington, Joel Street, Luther Rhodes, Carl Shambro made the trip.

John McCarter, Marcus Mapp and Frank Welder of the geology faculty accompanied the group.

The field work ended with a 31-mile hike on the Appalachian trail along the Tennessee-North Carolina Border. The hike gave the class an opportunity to observe the various rock types involved in the creation of the Appalachian Mountains along with the topographic expression so typical of the climate of the eastern United States.

Northeast Professor Contributes Sections to Textbook in Music

A Northeast professor, Joe Barry Mullins of the music faculty, has contributed 52 pages to a textbook, "Music Education in the High School," published late in May by Prentice-Hall, Inc., Englewood Cliffs, N. J.

JOE BARRY MULLINS

THE MOHAWK LOOK TO BE NEW STYLE FOR FRESHMEN BOYS

A new style in haircuts will be introduced on the Northeast campus this Fall. The freshman rules committee has announced that all freshman boys will be given a "Mohawk haircut" upon their arrival on the campus.

The Mohawk will feature a shaved head except for a half inch strip down the top.

The committee said that this haircut will take priority over all others that have been used in previous years, and that it will be to the advantage of all freshman boys to see that they are given a Mohawk by the upperclass "barbers."

In establishing this haircut, the Student Council hopes that it will become a tradition on the Northeast campus.

The freshman rules committee, which was established this summer by the Student Council, says that the ruling on the Mohawk haircut will be rigidly enforced.

The committee also announced that freshmen will be required to attend all home football games and pep rallies. Other rulings pertaining to freshmen will be announced later.

Vocal music, general music and Instrumental music are the three broad areas covered by the text which is 338 pages in length. Its authors are the late Joseph A. Leeder, professor emeritus in music education at Ohio State University who died unexpectedly in July, and William S. Haynie, music editor at Prentice-Hall, Inc. Haynie was formerly supervisor of music for the state of Mississippi.

Mullins wrote the entire section on "Conducting" dealing with the manual technique of the conductor and problems in conducting. He also wrote a chapter titled, "Rehearsal and Performance Problems in Instrumental Music" and another called "The Specialized Training of the Music Teacher." The latter part is concerned with knowledge of music literature and performance ability.

"The book is intended primarily as a college text to be used by both instrumental and vocal music students," Mullins said. "It covers problems pertaining to the teaching of instrumental and vocal music in the high school," he added.

An associate professor of music, Mullins has 10 years of college teaching experience and about 12 years prior experience in high schools in Florida, Mississippi and Louisiana. He taught at Louisiana Tech before coming here seven years ago.

He has written articles appearing in "Instrumentalist" and "Music Journal," as well as state music publications in Louisiana, Mississippi and Arkansas.

Specific fields of interest in the book include the following groupings:

Why Music?— It deals with the adolescent and music and the place of music in the high school program.

CREDIT EARNED IN PTA WORKSHOP

Twenty persons registered for one hour credit in Education 152 while attending the Parent-Teachers Association workshop held at Northeast, July 14-19. Total registration during one day of the workshop was 64, although Parent-Teachers Association officials pointed out that it would be nearer 100, as new persons registered each day.

Among the program speakers were

Mrs. George Walther, president of the Louisiana Parent-Teachers Association and Mrs. Leon Price, National publicity chairman of the Parent-Teachers Association.

The program was under the direction of Mrs. W. S. Vincent, a past state Parent-Teachers Association president.

Dean E. B. Robert To Deliver Summer Grad. Address

Dean E. B. Robert of the College of Education, Louisiana State University, will deliver the Summer Commencement address at Northeast Louisiana State College, Thursday, August 7, it has been announced by President George T. Walker.

The Commencement program will begin at 6:30 p.m. on the lawn of the President's home beside Bayou DeSiard announced Dean Harry Lemert, commencement chairman. It will be followed by a reception in honor of the 61 graduates and their parents. In event of

DEAN E. B. ROBERT

rain, the program will be moved to Brown Auditorium.

The Rev. J. T. Horton, pastor of the First Baptist Church of Monroe, will deliver the invocation and benediction.

A graduate of Northwestern State College, Dean Robert also holds the M.A. and Ph.D degrees from George Peabody College, Nashville. He is widely known throughout the state, having been an elementary and high school teacher, athletic coach, principal, supervisor and assistant superintendent of schools, director of teacher training and director of the summer school and dean of education at LSU.

He has served as president of the Southern Association of Colleges and Secondary Schools; president of the Southern Council on Teacher Education; president of the Natchitoches

Editorials

GUEST EDITORIAL

Ed. Note: This editorial appeared in the October 29, 1955 issue of the Pow Wow. We thought new students might be interested in what someone else thinks of the education they are getting.

EDUCATION PAYS OFF

College is a lot of fun. It's an excellent marriage bureau. These days it's even a fine place for rearing a family — look at the average campus with boarding students on wash day. And it is a wonderful investment.

The United States Chamber of Commerce has attempted to determine the financial value of a college education. While no figures on the subject can be exact, here is the very significant fact the data shows. Each day spent in college is worth \$68.55 to the student who goes on and gets his degree. That's pretty good pay, and it's worth doing a good job to earn it.

Of course, a college education is worth far more than any monetary tag that can be devised. There is the cultural value. Then there are the lasting friendships which are made in college that grow through the passing years to enrich a person throughout a lifetime.

Unfortunately, many students drop out of college. While they gain lifetime advantages for the time spent in college, they fail to realize fully their opportunities unless they stick it out. Surely more would do it if they but realized each day they spend in getting a degree is worth \$68.55. Almost any student would happily stick with a job paying that kind of a wage and work hard at pleasing the boss to keep the position. It's equally worth while sticking to the job of going to college.

"Looks like an interesting news item, Professor Snarf—would you mind removing your shoe?"

Editor's Lament

Getting out this paper is no picnic.
If we print jokes, people say we are silly.
If we don't they say we are too serious.
If we stick close to the office all day, we ought to be around hunting material.
If we go out and try to hustle, we ought to be in the office on the job.
If we don't print contributions, we don't appreciate genius!
If we do, the paper is filled with junk!
If we clip things from other papers, we are too lazy to write them for ourselves.

If we don't we are stuck on our own stuff.
Now, like as not, some wise guy will say, we swiped this from another paper,
And for once he is right.

THREE STUDENTS WORK AS NEWS REPORTERS

Three Northeast students enrolled in summer school are working full-time as reporters for the Monroe Morning World. Austin Abrams is majoring in mathematics education and taking some journalism courses. Robert Luckett and Fred McDowell are both majoring in journalism.

Cutest Girl; Ugliest Boy Selected at Dance

Bobbie Jane Fletcher, medical technology student from Baskin was recently selected as the cutest freshman girl attending Northeast Summer School. The selection was made during a street dance on the tennis court.

Chosen "Ugliest Freshman Boy" was Kern "Dool" Dooly of Dooly Street, Delcambre. He is a pharmacy major.

POW WOW

Official publication of the Student Body of Northeast Louisiana State College, Monroe, Louisiana. Published three times during the summer semester on Fridays. Subscription price, \$2.50 per year. Summer Concert Set Here Friday

The Summer School Instrumental Ensemble and the Summer School Chorus of Northeast will present a joint concert at 8 p.m. Friday in the Fine Arts Little Theater. Both groups will be under the direction of Eloy Fominaya, assistant professor of music at Northeast.

The Instrumental Ensemble will perform chamber music for wind ensemble. The featured number of the ensemble's portion of the program will be the "Vivaldi Concerto for Four Violins," directed by Dean Harry Lemert.

The choral portion of the program will feature a variety of music, including sacred music, folk songs, and popular numbers.

No admission will be charged for the concert which is open to the public.

Dr. John Goorley Joins Faculty of Pharmacy School

Dr. John T. Goorley has joined the Northeast faculty as associate professor of pharmaceutical chemistry. He is a graduate of Ohio State University, and obtained the M. S. and Ph.D. degrees from Purdue University.

Goorley was formerly professor of pharmaceutical chemistry at Ohio Northern University. He has also held a position with a chemical company in Indiana.

Dr. Dale Cronk came to Northeast earlier this summer to accept a position in the School of Pharmacy, and Dr. Joseph Kern will join the faculty in the Fall. The addition of the new members this summer completes the staffing of the pharmacy faculty.

Eighty-seven students are enrolled in the School of Pharmacy this summer, and 175 are anticipated this Fall.

Student Volunteers For Mission Work

Miss Nelwyn Cook, daughter of Mr. and Mrs. Jack Cook, of Baskin, left this summer to work as a special missions volunteer worker among the Indians in the Sierra Foothills association in California.

Nelwyn, a member of the Baskin Baptist Church, is a junior at Northeast State College.

Former Northeast Students Scheduled To End Police Training Course Today

Apparently several Northeast students have decided the life of Joe Friday is more glamorous than the halls of ivy.

Six of a group of 10 new police officers who were scheduled to complete a month of study on police work today are former Northeast students. The 10 men were selected from a field of 43 applicants, according to Chief of Police James C. Kelly and were inducted into the force on July 1.

STUDENTS

The former Northeast students are: Howard S. Williams, 25, who has completed two years of study in general agriculture and social science here. He is married and is a Navy veteran.

Richard Hilton Breland has completed two years of study at Northeast. He is 31, a Monroe resident and is married.

Laymon L. Godwin, 26, has studied business administration for two years at Northeast. He is an Army veteran and lives at 505 N. Fifth here in Monroe.

Edward William Maroney became one of the members of the Police Department after studying accounting for one year at Northeast. He is a Monroe resident with a wife and child.

Willis Edward Warner, 23, who has completed one year of pre-law courses here should be helped in his new job by his past experience as a Military Policeman in the Army. A former Rayville resident, he recently moved to Monroe.

Jerry Bryan Roden, 23, who is a former Marine. He is married, has two children and is a physics major

at Northeast State College. He worked in the Campus Printshop earlier this Summer while a student.

Other new members of the force are J. B. Sullivan, 29; Elmer N. London, 27; John Newton Hamilton, Jr., 22.

COURSES

All these men started their basic course in police work in a classroom of Central Grammar School.

Courses include: report writing, laws of arrest, laws of evidence, traffic, city ordinances, traffic code, Louisiana criminal code, public relations and the police care and handling of prisoners, juvenile laws and interrogation.

Police will also be instructed on first aid, fingerprinting, care of departmental equipment, duties of a police officer, geography of the city, court room demeanor, moot court, road blocks, investigation techniques, crime scene search, shoplifting and statements and confessions.

During the afternoon the knowledge they have gained from the classroom will be put to practice. Officers will be presented with situations they might encounter in criminal work and do actual work along with senior officers.

DEAN E. B. ROBERT . . .

(Continued from Page 1)

Chamber of Commerce; curriculum consultant to the Louisiana Department of Education; on evaluation teams of the American Association of Colleges for Teacher Education and National Council for Accreditation of Teacher Education; and is presently a member of the National Commission on Teacher Education and Professional Standards of the National Education Association.

The dean is a co-author of a series of five histories for elementary and junior high schools published by Rand McNally and Company, Chicago, Ill. These histories are in use in 39 states and seven foreign countries and more than a million copies have been sold since publication in 1948. During six months of last year, he was on sabbatical leave for the purpose of revising the history series which will bear a new copyright date of 1959.

Dean Robert, a Baptist, is a member of the American Legion and of the Masonic Lodge. He holds membership in Omicron Delta Kappa, national leadership fraternity; Kappa Delta Pi, honor society in Education; the Louisiana Teachers Association; a life membership in the NEA; and other professional fraternities.

SEEING DOUBLE?—Among the several sets of twins on the Northeast campus this summer are the students above. These look-alikes sometimes pose a problem in identity to their friends. From left: Beverly and Gladys Halsell; Jimmy and William Bruce; Carolyn and Marilyn Curtis. (Photos by Austin Abrams)

19-year-olds

Three Sets of Northeast Twins Reveal Similar Characteristics

Typical of the twins at Northeast this summer are the six friendly students pictured on this page.

Not only does each twin look like his counterpart, but the six have much in common. Gladys May Halsell and Beverly Kay Halsell and Marilyn Curtis and Carolyn Curtis are all from West Monroe. Each of the four is a 19-year-old sophomore, majoring in elementary education. All were classmates who graduated at West Monroe High School in 1957.

In addition, Gladys and Beverly are both members of Phi Mu Sorority, the former serving as recording secretary and the latter as corresponding secretary.

The Curtis twins attended Brigham Young University, Provo, Utah last year where they were members of a precision dance and drill team.

Jimmy Bruce, a geology major, and William Bruce, a business administration major, are also 19-year-old sophomores. They are from Mangham

where they graduated from the Mangham High School in 1957. Jimmy was in the ROTC band last year.

New freshmen entering the college this term included 60 men and 71 women. Veteran enrollment reached a total of 161 students.

Distribution of students shows that they come from 43 parishes, five other states and two foreign countries.

Ouachita parish leads with 540; Richland, 90; Franklin, 88; Morehouse, 80; W. Carroll, 57; Caldwell, 46; Union, 27; Madison, 22; Concordia, 21; E. Carroll and Jackson, 15 each; Catahoula, 14; Tensas, 13; La Salle, 12; Rapides, 11; Winn, 10; Caddo, 5; Lafayette and Orleans, 4 each; Lincoln and Vermillion, 3 each; Ascension, Avoyelles, Grant, Jefferson Davis, Iberia, Jefferson, Sabine, St.

Landry, Tangipahoa, 2 each; and Acadia, Beauregard, Bienville, Calcasieu, Cameron, Claiborne, E. Baton Rouge, Iberville, St. Mary, Terrebonne, Washington, Webster, W. Baton Rouge, 1 each.

Students from foreign states include: Alabama, 4; Mississippi, Tennessee and Texas, 2 each; and Pennsylvania, 1.

Two students are studying here this summer from Havana, Cuba and Athens, Greece.

Enrollment last summer was about 900 students.

Enrollment Breakdown Released for Summer

Total enrollment at Northeast Louisiana State College during the 1958 Summer Session reached 1,150, announced Buel S. Hamner, registrar.

Among the regular students were 561 men and 553 women. Last year women far outnumbered men students. Also included in the grand total are 10 special and non-college students and 26 pre-college students who attended the Fine Arts Camp in music, drama and art.
