THAT'S BETTER—Cadet M/Sgt. Roy Lee Sims shows cadet Private Don Barry Holten how to "snap to" at the Battle Group's first ROTC drill of the semester.

## NE Military Begins New Year With Increase In Enrollment

Many freshmen are getting their first taste of military training this year in the ROTC program here at Northeast State College. The cadet corps, first started here in 1950, has 512 members this year—an increase of 159 over last year's enrollment.

The senior 4-year program was set up here the same year that Northeast became a 4-year college. Prior to then, Northeast college assisted in World War II efforts by conducting programs for civilian pilot training, Army specialized training for engineers, nurses training, and Army reserve officers' training (junior division).

The cadet corps was reorganized last year from an Infantry Battalion into a Battle Group. This reorganization conformed with the PENTOMIC concept set up by Army regulations.

There are four companies in the Battle Group this year, plus the band. The most outstanding company is cited each week as Honor Company, and an outstanding cadet is selected each week as Honor Cadet.

An outstanding event each year is Federal Inspection, when Army officials inspect and rate the cadet corps. Last year the Northeast Battle Group received a rating of "Excellent."

Two military organizations have been formed on the campus; the Pershing Rifles and the Scabbard and Blade.

The cadets will be instructed on preliminary facings, movements, etc., until October 16, when they will begin using M-1 rifles.

A girl is elected each semester as sponsor for each company, for each platoon, for the band, the Pershing Rifles, the Scabbard and Blade, and the entire Battle Group. The girl serving as Battle Group sponsor is known as the "Little Colon-

(Continued on Page 3)

## FBI Holds Officers' School at Northeast

Peace Officers from the Northeast Louisiana area are attending the F. B. I. Police In-Service Training School at Northeast State College. The classes are sponsored by the LSU Extension Service.

The classes, under the direction of veteran F. B. I. Agent Farris Jones, are held each Tuesday night from 6 until 9 o'clock in the Science Building. This is a 17 week basic course, and classes are taught by well-trained and experienced F. B. I. Agents, District Attorneys, Attorneys, State Police Commanders, and others.

Upon completion of this course, each officer will be awarded a certificate from LSU, and given the opportunity to attend another 17 week advanced course that is to be held here at the college next semester.

## Student Council, Pow Wow Moved to New Offices

The Student Council and the Pow Wow have moved into their new offices in the Administration Building. The Student Council is now located in Room 205, and the Pow Wow office is next door in Room 204.

Other offices recently moved to new locations in the Administration Building include: J. J. Barnes—209; Charles Tillman—206; Mrs. Evelyn Barnes—206; Printing Office—127.

## Committee Working On Campus Parking

In an effort to improve the parking situation on Northeast campus, a committee has been appointed to find a practical and much-needed solution to the problem.

Every academic day finds the campus parking facilities overflowing with automobiles of every make and size. All parking areas (and no-parking areas as well) are filled; yet, there still isn't room for all of the cars.

### Freshmen Campaign For Campus Election

Northeast freshmen are filing nomination petitions for freshman representatives on the Student Council. To be accepted, each petition must have the signatures of ten freshmen giving their support and vote to the candidate. The deadline for filing these petitions is October 3rd, announced A. L. Tatum, faculty sponsor. The election will be held October 9th to choose four representatives; two girls and two boys.

Many freshmen have already filed their petitions, according to Tatum, but it is hoped that more will file before the final day.

"Experience has shown that the freshmen representatives on the council make splendid contributions to the work of the council", said Tatum.

With the election drawing nearer, hopeful candidates are working hard on their campaigns. Posters are placed in strategic spots throughout the campus; cards are passed from hand to hand. Votes are being solicited by every means.

Freshmen, no matter who your choice may be, let's all get out and vote!

## NE Students Attend Conference at LSU

The Intercollegiate Forensics Conference is slated to be held October 10-11, 1958 at Louisiana State University.

The topic of discussion will be: "What Should Be the Policy of the Nations of the World Toward Further Development of Nuclear Weapons?" At the conference there will be three types of speaking; group discussion, one-half day; individual speeches, one day; and a caucus for one-half day in which resolutions will be drafted and then debated in a legislative body.

This conference will launch the debate season in four states; Louisiana, Texas, Tennessee, and Mississippi.

According to James W. Parkerson, assistant professor of speech and director of debate,

(Continued on Page 3)

What can be done about this undesirable situation? The Student Council, along with faculty members, has organized a committee to examine the problem. The committee is made up of nine faculty members and five students, with Lamar Rogers as chairman.

According to Rogers, a zone system of parking will be in effect in the near future with the campus divided into zones with numbered parking places. All drivers who filled out a vehicle registration card will be given a zone and number indicating his place to park. No driver will be able to park on the campus without this permit.

Another plan under study is that of campus parking lots. It will be a while, however, before this plan goes into effect.

"The number of registered drivers has passed the 400 mark," said Rogers, "and the parking facilities are far below that, but we hope that some plan will be found to get relief from the congestion."

The members of the committee are Foster H. Holdeman, M/Sgt. D. Maroney, Hugh H. Hyman, Bobby T. Walker, Maj. L. R. Longfellow, M/Sgt. H. D. Roberts, Eloy Fominaya, Dr. D. Holloway, H. H. Pierce, Jerry Womack, (chairman of the students), Bill Carter, Bill Brodie, Bud Littlefield, and Wade Brown.

## "Keep Rowan Rolling" Rings on NE Campus

"Keep Rowan Rolling" has been adopted as the Northeast Indians' war-cry this week. The slogan was reportedly coined by Northeast's six cheerleaders.

With a record of three straight wins, Indian coach Jack Rowan and the Northeast team enter the Gulf States Conference tomorrow. It seems Northeast students want to keep the Rowan record a perfect, no-loss one.

In anticipation of a successful football season, football spirit is riding unusually high on the campus, and the Indian team is attracting more and more fans, according to local sports officials.

# Editorials YOUR OPPORTUNITY

Once there was a strong and mighty empire, as powerful in its time as the United States is today. That empire was Rome — beautiful, bountiful, happy, cultured, rich, and unconquered Rome. Today, the Fall of Rome is considered one of the most colossal epics of all time. Yes, even bountiful, powerful Rome fell — and with a very sickening thud.

Historians say that there were five main conditions responsible for the Fall of Rome. Do you know that four of those five conditions are present today in our own country — right here in the United States?

As a college student, you are looked upon as the leader of tomorrow's world. It is your obligation to your country and your people to become a worthy person, to learn how to think and act with wisdom and maturity.

Now is the time to cultivate your learning and your thinking so that you will become an important asset after going out to meet the world. Not everyone is given the opportunity you have of coming to college and preparing for a worthy professional life. It is up to you to make the most of it.

The world is watching you. The world will one day depend upon you. Are you making the most of your opportunities? If not, then learn to do so, for you have an important life to live.

—Editor

## FRESHMAN WARNING...

Freshman girls, where are your beanies? One of the rules set up by the freshman rules committee states that all freshmen will be required to wear Northeast beanies from the time of registration until further notice. Many freshman girls are not complying with this rule.

Upperclassmen have, in the past, asked that Freshmen Rules be enforced. This year the Student Council is attempting to carry out all rules, but they must have some cooperation. Unless more cooperation is shown on the part of freshman girls, disciplinary action will be taken; therefore, it is advisable for ALL freshmen to wear their beanies.

To those who are cooperating, we say — Thanks, you are the kind of student that we want on our campus. You can save yourself and others from being punished by talking to freshmen who are not wearing beanies and see that they begin wearing them.

## HIGH SPIRITS

Football spirits are higher at Northeast this year than some people can remember them in the past. Northeast has prospects of one of the best seasons in its history, and both students and townspeople are giving the team enthusiastic support.

Students packed the bleachers for the first home game and cheered their team to a 14-12 victory over Stephen F. Austin who downed Northeast 10-7 last year.

With an outstanding season thus far to their credit, our team will meet Southwestern tomorrow night for their first conference game of the season. If at all possible, go. If you can't go, you can attend the pep rallies. Cheer your team. They represent Northeast and you. Show them how much you appreciate the wonderful representation you are getting, and try to represent them in a like manner.

—Clarice Dickson

## LITTLE MAN ON CAMPUS

"MY ALARM DIDN'T GO OFF EITHER, MISS PLUME, BUT I MANAGE TO MAKE IT TO CLASS ON TIME."

## FOUR FOREIGN STUDENTS ATTENDING NORTHEAST

Four students from outside the United States are studying at Northeast this semester.

They are Olga Kokinos, 18, of Athens, Greece; Jutta Blackhaus, 19, of Barranquilla, Colombia; Jerry Chouvon, 26, of Cannes, France; and Dietz Von Beulwitz, 23, of Germany.

Miss Kokinos, who was also here during the spring and fall, lives in the girls' dormitory. She is studying Chemical Engineering.

Jutta Backhaus, who is from Barranquilla, Colombia, is studying English at Northeast. She also attended Language College in Hanover, Germany. She plans a career as an airline stewardess. She intends to stay one year in the United States.

Jerry Chouvon of France, and Dietz Von Beulwitz of Germany are back at Northeast after studying here during the spring semester. They are attending under sponsorship of the Monroe Rotary Club.

### Pow Wow Names Staff Photographer

Carl Shambro, a sophomore at Northeast, has been named staff photographer for the Pow Wow.

He is a Geology major and lives with his parents in Monroe. Any person discovering a noteworthy event on our campus is urged to contact either Carl or the Pow Wow office, now at its new location in Room 204, Administration Building.

CLOSED SUNDAYS

## "What Is Rush Week?" Answered

This week begins rush week on our campus, and as the different fraternities and sororities begin rushing, the question arises "What is Rush Week?"

Rush Week is a period during which you will be invited to parties by different sororities and fraternities. You will have an opportunity to meet and become acquainted with members of these organizations. Later, rushees are extended invitations to membership. Many sororities and fraternities require recommendation from alumnae for their new members.

The aim of sororities and fraternities is to establish richer and fuller friendships for students on the campus. Each organization tries to make a genuine contribution to campus life. The purpose is to build character and to aid the individual in getting the most out of college — not form a little clique of social aspirants. Because of the high ideals which sororities and fraternities attempt to hold, affiliation with these organizations is considered a distinct honor at Northeast.

Rushees, as you receive invitations from sororities and fraternities, consider each carefully, then sign your preference cards. Men sign cards Monday, October 13 from 10 to 11 A. M. or 1 to 3 P. M. in Adm. 152. Women sign Monday, October 27 from 10 to 11 A. M. or 1 to 3 P. M. in Adm. 152.

### Member of Faculty Suffers Broken Arm

Miss Robbie Lee Cox suffered a broken arm after a fall in the hall of the Agriculture building last month. Her arm was fractured at the wrist, and is now in a cast. Miss Cox is a home economics teacher, and is, at the present, residing at the Home Economics home management house.

Approximately 1,500 copies of the POW WOW are printed each week.

## NE Concert Band Makes LP Album

An event of the past week was of great interest to the members of the Fine Arts Department. The long awaited 12 inch L. P. album made by the N. L. S. C. Concert Band arrived.

The record included three selections from the 1957 Spring concert and three selections from the 1958 Spring concert. Included were "Toccatina and Fugue in D Minor" by Bach; "Mass" from "La Fiesta Mexicana"; "Celebration Overture;" "Toccatina Martziale."

The album was made by a California record company from tapes made of the concerts.

The records, packed in attractive maroon covers, were available to anyone for a very nominal fee. The supply was immediately depleted.

According to Joe Barry Mullins, director of bands, "I am well - pleased with the near-professional recorded sound of the band."

## NE Military

(Continued from Page 1)

el". Sponsors are to be named in the near future.

The annual Military Ball is one of the biggest social events on the campus, and is financed by funds supplied by the cadets themselves. The "Little Colonel" is announced at the ball each year.

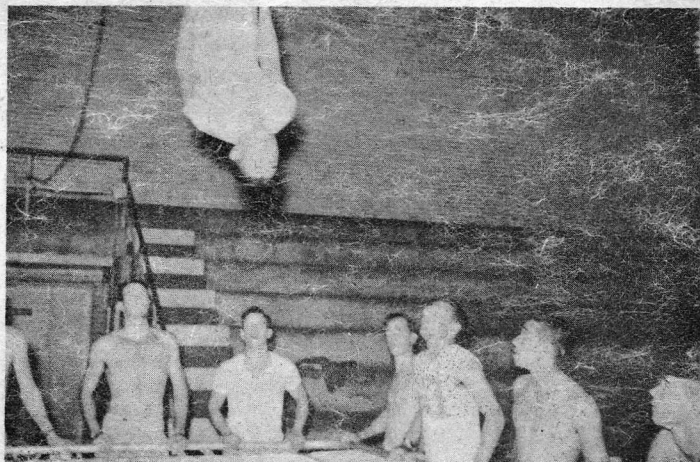

## NE Students Attend

(Continued from Page 1)

about twelve Northeast students will attend the conference. Seven students have already been named to go. They are Mickey Burford, Linda Garrett, Linda Rogers, Marlon Howard, Sidney Gibson, Lemmie Hightower, Ellis Bratton.

Others who will make the trip will be announced later, according to Parkerson.

There will be an assembly Wednesday, October 8 at 4:15 in the amphitheatre for all women interested in rush.

**LOOK, COACH, NO HANDS.** Northeast student Lawrence DeWayne Malay flips on trampoline while gaping classmates stand ready in case of miss.

## NEW TRAMPOLINE CLASS PROVES POPULAR ON NORTHEAST CAMPUS

Something new has been added to the Health and Physical Education department here. Twenty-one men students are enrolled in Northeast's initial trampoline class offered at 12 noon on Monday, Wednesday and Friday, with Coach Lewis Hartzog as the instructor.

The men are taught five basic movements on the trampoline. Beginning with the feet bounce, the "tyros" progress to the sit drop, knee drop, back drop and front drop. As the students become proficient in these steps they will be able to perform many variations.

Though working on the trampoline provides much enjoyment, it can also be both a strenuous and dangerous sport unless necessary safety precautions are taken. Only one person is allowed on the platform at any one time while the other class members are standing by to prevent accidents.

Coach Hartzog said there will be an attempt to provide future classes for women students. There is a possibility that girls may audit the present class later as there appears to be a large amount of interest in the sport.

## 275 Register Here For Night Courses

Business 175 and Mathematics 61, according to John L. Luffey, supervisor of night classes, have been added to the courses offered at night this semester at Northeast Louisiana State College.

Mr. Luffey stated that there are approximately 275 students registered for night classes.

The supervisor further stated that these courses are good opportunities for students who are unable to attend the regularly scheduled day classes.

## Tee Pee Tee Hees

According to one instructor here, students will try anything to win a point. During a recent test, he reports, one of the students in class didn't know the answer to one of the questions. So he wrote in the blank, "Sorry, but this doesn't ring a bell." In self-defense, the instructor says he marked the question wrong and wrote in the margin, "Ding dong — page 48!"

We can't forget the music students. Snoring: Sheet music.

People who make fun of women drivers just don't realize how hard it is to drive in the middle of the road.

We saw this sign somewhere — maybe on DeSiard near here: "Main highway open for traffic while detour is being repaired."

## Delta Kappa Rho Holds Its First Rush Party of Season

### Northeast State Band Follows Busy Schedule

The Northeast State College Band has been on a very busy schedule so far this semester, according to Joe Barry Mullins, band director.

The band has participated in one half-time show, the Forestry Festival Parade in Winnfield, and has presented two concerts, one in Chatham and one in Winnfield.

Members of the band are looking forward to their trip to Lake Charles for the McNeese-Northeast football game. Also, a concert is being planned for the Louisiana Music Teachers Association Convention on November 6. In addition, the band is scheduled to participate in the remaining home football games.

Officers of the band this year include: "Slick" Lawson, personnel manager; Holcombe Pryor, business manager; Charles Clark, librarian; Ann Nichols, drum majorette; Mike Hackett, property manager; and Betty Lou Bandy, secretary to the director.

Delta Kappa Rho, Northeast's newest social fraternity, recently held its first rush party in the Student Center. The affair proved to be a complete success, according to members who reported that over sixty guests were present.

A second party is planned for October 10, and anyone interested in membership is invited to attend, Jay Jones, president, has announced.

Delta Kappa Rho, the only local social fraternity on the campus, plans a full agenda of activities this semester, including a boat ride on Noe's Ark, a pizza pie supper, a Halloween party, a Christmas party for a group of children from the Baptist Children's Home, and a formal dance.

The fraternity recently elected officers to replace those not attending Northeast this semester. New officers include Howard Burrows, Sgt.-at-Arms; and Jack Boggan, Secretary-Treasurer.

James Hallberg will be in charge of the Woodwind Section, and "Slick" Lawson will head the Brass Section.

## NE Sports Classes Extend to City

Henry Hanna

Two activity classes at Northeast State College this Fall will extend to the city of Monroe. Bowling and golf, taught by Coaches Bob DeMoss and Geo. Luffey, will meet at the Monroe Bowling Center and the Municipal Golf Course.

Coach DeMoss' bowling classes have 39 students enrolled and meet at 11 to 12 p.m. Monday through Thursday at the Monroe Bowling Center. Under the direction of Keith Moore, the students learn to bowl by the "Spot" method used by the champions. Beginners are started out on how to handle the delivery, how to pick up splits and how to establish handicaps for bowling tournaments.

The classes will work on form during the first half of the semester; the second half will be devoted to tournament play between members of the classes. The bowling students also get a special rate at the Bowling Center in the afternoons to practice for the class.

Coach Luffey's instructions in golf are offered at 10 a.m. on Monday, Wednesday and Friday; 12 to 2 p.m. on Monday and Wednesday; 12 to 2 p.m. on Tuesday and Thursday. The total enrollment in the classes is approximately ninety. The classes are held at the Municipal Golf Course with the cooperation of golf pro Hugh Britt and city officials.

This is a beginner's course teaching the terminology of the sport and the fundamentals—grip, stance and swing. The classes will play several rounds of golf before the semester is over, according to Coach Luffey. The green fee has been *waived* by city officials and the golf clubs are furnished by the college this year for the first time.

## Dept. Offers Forestry Course

The Agriculture Department is offering a new course called Forestry 51. The course is Farm Woodlot Management, which includes the handling of the farm lot for the production of fuel, post merchantable products and erosion control. This new class has 8 students and will be offered every other year.

Students taking the course are: Ernest Boies, Larry Crowe, Ernest Decker, George Hart, Billy Haynes, Shelly McDaniel, Domino Trichel, and Bonner Wiggers, Jr.

### Kilpatrick Named To National A I A

Arnold Kilpatrick, assistant professor of health and physical education here at Northeast, has been appointed to the Research Committee of NAIA, the National Association of Intercollegiate Athletics.

Kilpatrick will represent Area 5, which includes the midsouthern states. Northeast is a member of the GAIA which is made up of 460 colleges and universities in all 49 states plus Hawaii.

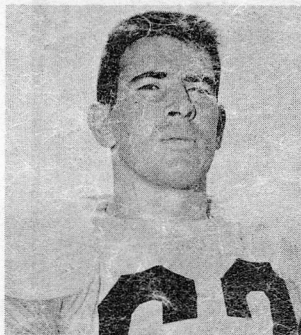

Formerly the athletic director at Northeast, Kilpatrick is also president of the Gulf States Conference. He was named to the GSC office last summer after previously serving as vice president.

### Luffey Is TKE Advisor

Coach George Luffey has recently been elected as Faculty Advisor of Tau Kappa Epsilon Fraternity. He will be working with the chapter and acting as administrator along with eight officers who are: Cleburne Fails, president; Ronnie Walters, vice - president; Charles Bearden, secretary; Willie R. May, treasurer; Bruce Parks, historian; A. L. Bacon, Jr., chaplain, Raymond Pylant, Sgt. at Arms, and Jack Ray, pledge-master.

The POW WOW office has been moved from Room 218 to Room 204 of the Administration Building.

### MEET THE TEAM

### Feeny Holds Left Guard

Alfred "Freddie" Feeny, 23-year-old junior from Woodside, New York, took over the starting position at left guard this year. Freddie is a veteran Indian, lettering last season.

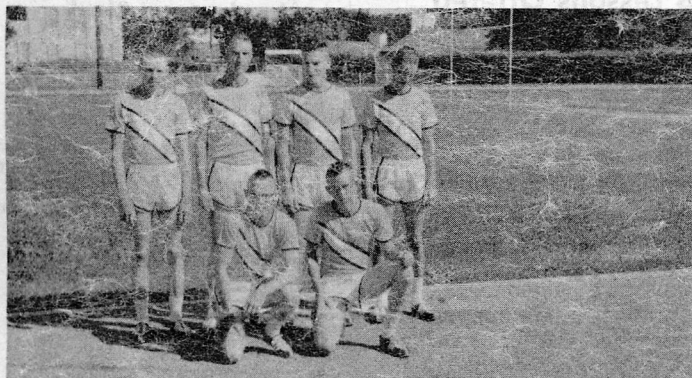

Freddie came to Northeast after serving four years in the Marine Corps. He served 13 months with the fighting 1st Marine Division in Korea.

Standing 5' 10" and weighing 200 pounds, Freddie is a hard, tough, robust blocker on offense and a power-driving tackler operating from the center guard on defense. He is taking a major in accounting.

### Reynolds Named By AP

Quarterback Everett Reynolds of Northeast was recently named Back of the Week by the Associated Press.

Reynolds was given the honor for his work in the Stephen F. Austin-Northeast game, which helped to give the Indians a 14-12 victory over the Lumberjacks.

**NORTHEAST CROSS COUNTRY TEAM** prepares to make bid for top place in track competition. Standing (L. to R.) Bob Jaenike, Charles McCullen, Jack Williams, Buddy Eiland. Kneeling (L. to R.) are Bill Frye, Ricky Derrick. (Photo by Carl Shambro)

### NE Track Team Busy

The Northeast Cross Country track team began their workouts in earnest last week in a bid for a top place in the Cross Country competition. Prospects for the forthcoming season are very bright. Track Coach Lew Hartzog has commented.

Coach Hartzog, no doubt, has good reason to be optimistic, as he has two returning lettermen in Charley McCullen, second place GSC winner last year and Jack Williams, third place winner. Both boys are running even better this year than last, Hartzog says. He also has four freshmen boys to work with McCullen and Williams that appear to be top quality. They are Derrick Daily of West Monroe, Buddy Elland of Farmer-ville, and Bill Frye and Bob Jaenicke of Golden, Colorado.

Hartzog said that the boys are working out daily at 2:30 p.m. and he invites any Northeast student who is interested in either cross country running or regular track to see him between 2:30 and 4 p.m. any weekday afternoon at the stadium.

Northeast came out second in last year's GSC conference during Hartzog's first year as coach here.

A one page advertisement costs over ten thousand dollars in the Reader's Digest. A one-inch advertisement costs one dollar and twenty-five cents in the POW WOW.

## Unbeaten Indians Face Strong Southwestern Eleven Tomorrow

The Northeast Indians take to the road for the second consecutive week and third time of the season tomorrow to face a strong Southwestern College team in Lafayette.

The Indians, protecting an unmarred slate from non-conference play, will plunge into the 1958 Gulf States Conference race with the Bulldogs. A grueling battle usually ensues when the two teams clash. Both teams contain more than a dozen lettermen, the Indians 17 to the Bulldogs 14.

In the line, the Bulldog's stalwart left guard, Linden Bercegeay, is back to earn his fourth letter. A tiny swivel-hipped speedster in the backfield is Steve Gossen, who earned a letter as freshman quarterback, and was switched to left halfback this season to strengthen the running attack.

The Bulldogs left Brown Stadium last season with a 7-0 victory, and the last time the Indians were at McNaspy Stadium they rolled over the Bulldogs 45-19. So this game should prove to be a thrilling contest.

The Indians, not wasting any time on the practice field, are working hard polishing their aerial game as well as their running attack, and are spending equal time building a strong defensive wall.

The Tribe will be on the warpath battling for their opener in the conference. They are expected to be in top form tomorrow night.

### Pyrenees Club To Meet

The Pyrenees Club, a foreign language organization at Northeast, has announced that its first meeting will be held at 4 p.m. next Monday in room 200-D of the Library.

### Frat. Makes Year's Plans

The Pi Sigma Epsilon Fraternity met recently and made plans for the coming school year. The meeting highlighted plans for initiation of new members.

A number of students will be given an invitation to join the fraternity. President Charles Wilkes and Secretary William Key were among the officers present.

## Newman Club Plans Oct Activities

The Newman Club has released the following program of activities for October.

- Oct. 8 Monsignor Marsh, showing slides of the Holy Land.
- Oct. 15 Mass and Installation of Officers.
- Oct. 17 Dance at K.C. Hall.
- Oct. 22 Spiritual Meeting — Father Hannon will speak on the Mass, which will be followed by group discussion.
- Oct. 29 Halloween Party.

### Piano Lessons Offered For Two Hours' Credit

Private piano lessons are offered at Northeast to students at no extra charge. No prerequisite is required so that beginners with absolutely no knowledge of piano, or of music, are qualified to take advantage of the music department's offer.

Lessons are given twice a week, and a minimum of an hour's practice daily; five days a week (Monday-Friday), is requested.

The piano lessons may be taken for two credit hours per semester according to Mrs. Eloise Stanhope, piano instructor, who invites inquiries from interested persons.

Did you know the printing shop on the campus has been moved to the former lobby of the museum?

## Coke Hour Honors Freshman Girls

A coke hour was held recently honoring all Freshman girls taking Home Economics. The event was part of the practical training administered to the four junior and senior girls presently residing in the Home Economics house.

Home Economic students are required to live in and operate the house for nine weeks. Besides cooking and housekeeping, the girls are expected to carry out special occasion dinners and simple parties, such as the Freshman coke hour. Miss Robbie Lee Cox is the residing instructor.
