Council Suggests Naming Of Dorms; Committee Chosen

The Student Center may soon be known as the "Wigwam."

Such a possibility was brought before the Student Council when Georgia Ruth Owens, a sophomore representative, suggested the naming of the college dormitories. The Council supported her idea unanimously.

Floyd Prejean, president of the Student Council, said that he had received a letter some time ago from the Tau Kappa Epsilon social fraternity suggesting that the Student Center be designated as the "Wigwam."

Prejean appointed a committee to contact members of the administration for discussion of the possible dormitory-naming. Members of that committee are Joyce YelDell, junior representative, chairman; Miss Owens, Johnny James, sophomore representative, and Kent Tippett, junior representative.

Margaret Green, senior from Ferriday, was chosen from three nominees to represent the college in *Glamour* magazine's search for the "10 best dressed college girls in America." Sandy Edwards, sophomore, and Ann Edwards, senior, both from Monroe, were the other nominees.

The 10 winners of the magazine's contest will be given a two weeks, all-expense-paid trip to New York in June. Three photographs of the candidates—in an on-campus outfit, a daytime off-campus outfit and a party dress—will be submitted for the contest.

Patsy Price, previously selected by the Council as the college's candidate in the "Miss Livestock Show," said that she felt that someone else would be a better representative.

She said, "I appreciate the honor of being asked to represent our college in the contest, but I feel that another girl would have a better chance of winning than I." Miss Price is a sophomore from Ferriday.

Another contestant was selected, but the Council asked that her name

'Miss Chacahoula' Is Announced Today

Kathy Talton has been selected "Miss Chacahoula" for 1960, to win her second top honor of the year. She represented Northeast as queen in the annual Homecoming festivities. Miss Talton is a 19-year-old sophomore from Monroe majoring in elementary education.

The beauties this year are Ann Edwards, "Miss Chacahoula" and a class favorite last year; Margaret Green, beauty last year; Linda Lavender; and Patsy Price.

The election returns were announced today by Brenda Gambrell and Jackie Tharpe, co-editors of the Chacahoula. This is the first time in the history of the Chacahoula that the results have been announced before the yearbook is published in the fall.

Runners-up in the contest were Louise Bingham, Sandy Edwards, runner-up and class favorite last year, Frances Jones, Carol Shipp, Jean Stark and Wanda Stevenson.

The election Wednesday also included the selection of class favorites. The senior class favorites are Jean Williams, who held the same honor last year, and Ronnie Doyle.

The favorites for the junior class are Betty Shirley and Jack Williams.

Representing the sophomore class in the favorite section are Jane Rogers and Lanny Johnson. The sophomore class also elected Norma Lea Brewer as treasurer of the sophomore class.

The freshman class elected Emma Jean Gandy and "Brownie" Goodreau as its favorites.

The editors were pleased with the "Better than average" turnout for this year's election.

Registration Set For Feb. 3 and 4

Registration for the spring semester has been set for Wednesday and Thursday, Feb. 3 and 4.

Dr. Clint O. Hanna, director of admissions, said that students will report to the rooms in the Administration Building assigned to their division.

Regular day time students must wish to schedule night classes must get permission from the dean, said George Brian, director of the eve-

ning division.

New students are required to have high-school transcript, college transcript and a certificate of eligibility.

Wednesday, Feb. 3

Mc 8-9 a.m.
M-N 9-10 a.m.
O-P-Q 10-11 a.m.
R 11-noon
S-T 1-2 p.m.
U-V-W-X-Y-Z 2-3 p.m.
Late Registrants 3-4 p.m.

Thursday, Feb. 4

A 8-9 a.m.
B 9-10 a.m.
C 10-11 a.m.
D-E-F 11-noon
G-H-I 1-2 p.m.
J-K-L 2-3 p.m.
Late Registrants 3-4 p.m.

Rooms the divisions report to are in the Administration Building. They are:

Clearing veteran papers	140

Oden Resigns Job For C of C Position

Bobby Joe Oden has resigned as manager of the Student Center to accept the assistant managership of the Monroe Chamber of Commerce.

"Though I will no longer be employed with the college, I am pleased that I will still be affiliated with Northeast and will still be supporting its activities through my work with the Chamber of Commerce," Oden said.

He added, "I would like to thank the entire faculty and staff for what I consider a successful two and a half years in my work here at the college. I feel that they, through their interest and support, have enabled me to carry out many projects for the benefit of the college."

Oden will begin his work with the Monroe Chamber of Commerce Feb. 1. A successor to Oden has not yet been named.

A Northeast graduate, Oden was appointed to his position with the college in the summer of 1957 shortly after his graduation that same year.

During his student career, Oden was president of the Student Council during his senior year, Chacahoula editor and school photographer.

He initiated the idea which led to the establishment of Colleegetown as well as the idea for Orphan's Day. He directed two Miss Northeast Pageants, and he assisted with the production of Redskins on Parade in 1957.

"One thing I wonder," he commented. "Who'll take care of feeding Butch when I leave?"

This Issue Ends Fall Publications

Today's issue of the Pow Wow is the last for this semester. Publication for the spring semester will begin with the Feb. 12 paper.

The position of circulation manager, now held by Ruby Kay Elkins, will be vacated after this issue. Those wishing to apply for the job, which involves approximately four hours' work each week, should file an application in Administration 204, according to Mack Solomon, Pow Wow adviser.

American Documentary Film Cameraman Julien Bryan Will Be Guest Lecturer

Julien Bryan, internationally known cameraman, will be guest lecturer at the college Tuesday at 8:15 p.m. in Brown Auditorium. His appearance will be under the sponsorship of the Northeast State Concert Association.

Bryan's lecture will be the fourth in a series of attractions offered by the organization.

Northeast students are eligible to attend all features in the series by presenting their identification cards at the door.

Bryan, an American documentary film cameraman, gained world renown for his work in Poland during World War II.

In September, 1939, his European vacation was interrupted to go to Poland. His only intention was to take a few behind-the-lines photographs of a nation being invaded by the Nazis, and then to leave.

Arriving in Warsaw on September 7, he found that not only the Polish government had fled the city, but all the foreign correspondents as

well. For two weeks he photographed the citizens of Warsaw as they fought with heroism but futility against a powerful enemy. It was a new kind of war in which civilians, not the military, were prime targets.

In 1959, equipped with 100 pictures taken during his 1939 visit, he returned to Warsaw in search of the same people he had photographed 20 years earlier. Bryan's purpose was to make a documentary film to use with his lectures.

Through the cooperation of the *Warsaw Evening Press*, the largest evening newspaper in Poland, he found and photographed many of his same subjects, living in poverty and ruin then, now making substantial gains toward recovery.

One family, living in a one and one-half room apartment, celebrated Bryan's visit to their home with a rare treat, a dinner with meat.

The photographer's companion in pictorial form of the Poles in 1939 and 20 years later was published in *Look* magazine.

Editorial

The War Is Over

We Southerners seem to have a feeling of animosity toward our Northern countrymen. It may be that we're all just fooling ourselves into such a feeling because we like to pretend that we of the South have been done an injustice. A great many of us could not tell what the causes of the Civil War were, yet we fight the war over and over.

We are all united in our dislike of unsportsman-like behavior, especially in athletics. Why, then, do we display the same attitude—in appearance, at least—toward the North? We hear much about the feeling of ill will through sports, particularly when the Northern teams have Negro players. Perhaps we should steer clear of athletic competition with those teams? No, we don't believe that. Avoiding the problem wouldn't solve it. Each side will just have to accept the differences of the other with the passing of time. But too much time has passed already.

In our economy-conscious society, the mutual feeling of competition between the divisions of the nation may be good for morale, and progress, too, as a matter of fact. As long as progress isn't hindered—and we can't see that it is—the feeling of competition may give us all a little extra push. On the other hand, it is this writer's undying opinion that working for progress in economic fields is not the best progress to be desired.

It's true that all sections of the United States have different customs and manners. We cannot, therefore, judge people from other sections by our own standards. From what we can gather, we admit that Northerners don't seem to respect our intelligence. Active resentment, though, won't dissolve that lack of respect. Only through our continued progress can we show that the South is not so backward as some may believe.

We quickly add that the feeling of Northern superiority is not one shown by individuals toward other individuals, but is one which seems to be felt generally.

We have no reason to apologize for losing that war 95 years ago. In the first place, we who are here today had nothing to do with the war. Some of the principles for which the South fought so long and hard were wrong and we may as well admit it.

Like we said, the war is over. The South lost. Why don't we just forget it?

LETTERS TO THE EDITOR

Students Complain About Library Heat

Dear Editor:
Have you visited Northeast's Turkish bath lately? It's better known as the library. Most Turkish baths have a means of efficient heat control, but not ours.
Although the obvious necessities (parking lot, sidewalks, etc.) have been fulfilled, we students who try to concentrate in the library still suffer under the uncontrollable heat. Actually it's not quite uncontrollable—it can be turned off—completely!
It is a proven fact that one can concentrate better when slightly uncomfortable—but only slightly. That rules out our library as a place to

study.
This condition has been reported on many occasions, but to date nothing has been done. Although this improvement wouldn't be obvious to the public, it still requires attention.
We're hoping for the best. (It could hardly get worse.)
Truett Thorn
Bill Humphries

Louise N. Davis Presents Recital

The senior voice recital of Louise Nelson Davis was held Friday night in the Fine Arts Recital Hall.
Coralie Heard White was the accompanist.
Mrs. Davis, a graduate of Neville High School, is the daughter of Mrs. Harvey W. Nelson, director of children's choirs at Memorial Methodist Church in Monroe.
Mrs. Davis was soloist in Haydn's "Creation" in the spring of 1959. She has studied with Lee Fiser, former voice teacher at Northeast, and Estelle Sanders, local voice instructor.
Mrs. White, a graduate of West Monroe High School, is the daughter of Mr. and Mrs. Jesse S. Heard. She is the accompanist for the Northeast Choir.
Mrs. White is a pupil of Florence Z. Albritton, associate professor of music at Northeast and has studied under Carlton Liddle of Louisiana State University and Claire Frieberg of West Monroe.

LITTLE MAN ON CAMPUS

EDITOR'S COLUMN

Talk 'N Back-talk

Seen a shoe without a foot, anybody?
Carolyn Ross says she lost a red pump at the dance Saturday night. She now has two red shoes, but one of them is evidently the mate to someone else's shoe.
Anyone who might have the missing shoe and would like to trade it for the one Carolyn has can contact her at Girl's Dorm II, or can phone FA 2-9122.

Congratulations to the Chacahoula beauties and favorites.
We are glad that the Chac editors decided to announce the winners of the beauties and favorites election this year.

Revealing the names of those selected will bring them more honor, we believe. Those of us who selected them to represent Northeast in our yearbook want to know whom we have chosen. And we want to know now while we are most interested. Next fall many of the students and faculty members will be new on campus. The won't know what's what and who's who.

Then too, some of the beauties and favorites won't be back in the fall. All in all, releasing the names now, we think, is best, and we hope the Chacahoula editors continue the practice from now on.

While we're on the subject of the Chacahoula, we'd like to mention the fact that only those students who are here during the spring semester are eligible for an annual.

It seems a bit unfair that seniors who have been here for years can't get the yearbook-record of their last year in college.
With our present set-up, the Pow Wow receives the fee from each student for publication in the fall. The Chacahoula gets the fee from the spring semester.

This is the last issue of the paper until next semester. For a few days between semesters maybe we can all relax without hating ourselves for putting off our studies until the last minute.

Spring semester seems to go more slowly than the fall one. But there's much to be done during the spring with all the college activities. Actually the activities are more enjoyable, in our opinion, because spring itself is so pleasant.

The new semester provides an opportunity for students who would like to work on the paper staff to make plans to do so. Whatever may be the newspaper interest of an individual, we'll find a suitable duty for him. We need more staffers, so we'd like for you to consider Pow Wow work.

We failed to give credit for the authorship of the poem, "A Silly Seed" in last week's paper.

The only identification we can find as to an author is the initials "R. L. M."

the picture of the staff on page 4
And in case you wondered why was so dim, it was a time exposure taken by candlelight.

Faculty Member Has Article Published

In the January issue of "School Science and Mathematics" is an article authored by a member of the Northeast faculty.
Glenn F. Powers, chairman of the Physics Department, entitled his paper "Smoke Doesn't Always Rise." The article describes a demonstration in which a smoke emitter (such as a cigarette) is placed in the mouth of an otherwise closed container (such as a soft-drink bottle).
Physics students tend to "explain" the observed behavior of the falling smoke on the basis of the kinetic molecular theory and the expansion

of gases near the burning smoke source, the article says.
A popular chemical hypothesis is that the combustion process itself causes the smoke particles to be carried downward instead of rising.

President Walker Addresses FFA

President George T. Walker addressed the Future Farmers of America during their leadership training conference here Saturday.
Sponsoring the Area II meeting were Northeast's Division of Agriculture and Home Economics, and Delta Demeter, local chapter of the national honorary agriculture fraternity.
FFA chapter "sweethearts" were invited to visit the Home Management House where refreshments were served to them.
Walker, speaking to the assembly of future farmers, told them that "hours and the way you use them are more important to you than money."
Dr. John H. Mitchell, of the State Department of Education, emphasized the need of all officers assuming responsibility in developing their chapters. "Each of you leaders must consider the importance of every member in your unit," he, as executive secretary of the FFA, said.

Films—Filmstrips Given Northeast

Bell Telephone Laboratories presented Northeast with two motion pictures and two filmstrips for the physics department Tuesday.
W. E. Whetstone, district manager of Southern Bell Telephone Company presented the Films "Crystals—An Introduction" and "Brattain on Semiconductor Physics," and the filmstrips "Zone Melting" and "The Formation of Ferromagnetic Domains" to President Walker in a formal ceremony at the college. Dr. Glenn F. Powers, associate professor of physics and acting chairman of the department, was also present at the ceremony.

FINAL EXAMINATION SCHEDULE

1:00 MWF & MW classes	Monday, Jan. 25, 8:00-9:50
9:00 TTS & TT classes	Monday, Jan. 25, 10:00-11:50
1:00 TTS & TT classes	Monday, Jan. 25, 1:00-2:50
9:00 MWF & MW classes	Monday, Jan. 25, 3:00-4:50
11:00 TTS & TT classes	Tuesday, Jan. 26, 8:00-9:50
3:00 TTS & TT classes	Tuesday, Jan. 26, 10:00-11:50
11:00 MWF & MW classes	Tuesday, Jan. 26, 1:00-2:50
8:00 TTS & TT classes	Tuesday, Jan. 26, 3:00-4:50
3:00 MWF & MW classes	Wednesday, Jan. 27, 8:00-9:50
8:00 MWF & MW classes	Wednesday, Jan. 27, 10:00-11:50
10:00 TTS & TT classes	Wednesday, Jan. 27, 1:00-2:50
2:00 TTS & TT classes	Wednesday, Jan. 27, 3:00-4:50
10:00 MWF & MW classes	Thursday, Jan. 28, 8:00-9:50
12:00 TTS & TT classes	Thursday, Jan. 28, 10:00-11:50
12:00 MWF & MW classes	Thursday, Jan. 28, 1:00-2:50
2:00 MWF & MW classes	Thursday, Jan. 28, 3:00-4:50

1. All 4 MWF & 4 MTTTF classes will be examined beginning at 4:00 p.m. on Friday, Jan. 22.
2. All other regular classes, including military science and laboratory groups will observe the above schedule.
3. The tabulation time is in general, the first class meeting of the

week.
Exceptions are:
a. Use lecture hour rather than laboratory period.
b. Use the first full class hour if the class meets more than one hour per day.
c. Use the preceding hour for classes meeting on the half hour.

NORTHEAST HOOPSTERS—Here's the 1959-60 edition of the Northeast basketball team which finally broke into the victory column Monday night. Front row: Stuart Toms, J. B. Edminston, Lannie Johnson, Fred Bradley, Ronald Doyle and Jerry Miller. Second row: statistician Benny Hollis, Malcolm George, Larry Stegall, Fred Mazura and Bobby Lockwood. Third row: Jerry Meeks, David Harkins, Fred Cozine, Milton Linder and Robert Cook. (Staff photo by John Moseley)

SPORTS

Intramural Basketball

TKE, PDC and the 59ers grabbed victories in intramural basketball play last Tuesday.

Brown dropped in 12 points as the TKE's whipped STG, 36-26, in the first game. Moore scored 8 to lead the losers. Larry Hebert continued to lead PDC's scoring attack with a 16-point performance, as BSU fell, 36-16. McFadden netted six for the Baptists.

Bill Brown tossed in 15 points to spark the 59ers to a 48-21 decision over the Country Boys. Stickleles was high for the losers with ten points.

Gene Hagan collected nine points to pace the Rebels to a 35-12 victory over the Bandits. Jimmy Wilson, Jim Myrick and McCarty were tops for the losers.

The Reddogs, sporting the only undefeated team, turned back the Hawks, 45-30. Dickie Crowe led the way with 14 points and Jerry Alexander put in 13 for the Hawks.

Bryan Blevins' 15 counter boosted the Cowards past the Gales, 63-23. Dennis Carroll scored nine for the Gales.

Northeast Suffers First GSC Loss, 93-55

Louisiana Tech's highly regarded Bulldogs, razor sharp after three straight losses, led by as much as 43 points in the final stages in defeating winless Northeast, 93-55, in the Indians' Gulf States Conference opener Friday.

The victory was Tech's eighth of the year and pushed the Bulldogs' GSC chart to one win and one loss.

The Canines moved off to a blazing start, swishing the nets for 12 points before Northeast found the scoring column on J. B. Edminston's foul shot with five minutes gone.

Two minutes later freshman Stuart Toms collected the slow-starting Tribe's first basket from the field.

With Jack Moreland, Ron Woodward and J. W. Mercer hitting regularly, the Bulldogs streaked to a 56-21 advantage at intermission and the game was never in doubt from that point on.

Tech increased its margin in the second half behind Mercer's sharp-shooting and with four minutes remaining in the game led by 43 points, 83-40.

TRIBE THINCLADS SLATE 19 MEETS; POINT FOR SEASON OPENER FEB. 20

With only four lettermen missing from last year's Gulf States Conference championship squad, the Northeast track team faces a banner year with 19 meets on the agenda.

In a drive to push the Indians into national recognition Coach Lev Hartzog has lined up the school's toughest schedule in history, facing university competition in nine different meets. With a mile-relay victory in the Sugar Bowl already under their belts, the Tribe thinclads are busy working out in preparation for the season opener in the Coliseum Relays at Montgomery, Ala., Feb. 20.

Last year the Indians, carrying a squad of only 11 men, ran away with the annual GSC meet and then scored a smashing victory in the Southern AAU held at Brown Stadium.

Back for another season are the heralded Styron twins, Don and Dave, Roger Beumer, Dick Hays, Jim Mouser, Don Eiland and Jack Williams. Expected to bolster the squad is the presence of three much-needed weightmen in Hoy Rogers, James Copeland and Jerry Dyes. Sophomore Bill Frye, Robert Cook and Rich Shovan are other lettermen who should show a lot of improvement over last year.

Other promising freshmen include miler George Abbott, sprinters Jerry Hines and Bill Koerner and hurdlers Randall Walker and Karl Hecker.

Meeting university competition for the first time last season, the Indians grabbed 11 victories, finished second twice and took fourth places in the Florida and Southwestern Relays. Included in the triumphs was a surprise win in the LSU Invitational against some of the nation's top teams.

Leading the Northeast club again this year will be sprinters Don and Dave Styron, juniors from Wheat Ridge, Colo. The speedy pair were selected GSC co-athletes of the year in 1959, the first time the award has ever gone to a trackman.

Dave will lead off the 440, 880 and mile relays, pole vault, high

jump, and broad jump, as well as participate in the sprints. Last year he ran the 100-yard dash in 9.4, the 220-yard dash in 20.6 and the 440-yard dash in 47.5. All three are school records.

Dave suffered a bullet wound in his right leg eight days before the Sugar Bowl meet, yet turned in a 48.2 lap to lead off the winning mile relay. Hartzog says the injury should not affect him during the coming season.

Don, the hurdle specialist, was the nation's second ranking man over the low boards last year. He ran the lows in under 23 seconds seven times, clocking a 22.5 mark in his best effort. Don anchors the 440, 880 and mile relay teams. In 1959 Don scored a total of 207 points and was named the outstanding athlete in the Northwestern Relays.

Top distance men are expected to be Eiland, Williams and Frye. Eiland recovered from injuries received in an automobile accident last year to run a 4:15 mile and a 9:31.4 two-mile.

Williams was a fine runner as a freshman but missed last season because of an ankle operation. As a freshman Frye placed fifth in the GSC two-mile run.

Hartzog, now in his third year with the Indians, admits the team should be stronger this season, but could end up winning fewer meets because of the tough schedule against leading universities.

The schedule:

- Feb. 20; Coliseum Relays at Montgomery, Ala.
- Mar. 5; McNeese, at Monroe
- Mar. 12; Southwestern Recreation Meet, at Fort Worth, Tex.
- Mar. 19; Chattanooga Invitational at Chattanooga, Tenn.
- Mar. 26; Florida Relays, at Gainesville, Fla.
- April 2; LSU, at Baton Rouge.
- April 5; Houston, at Houston, Tex.
- April 9; Southwestern Relays, at Lafayette
- April 14; LSU, at Monroe
- April 16; McNeese, at Lake Charles.
- April 23; LSU Invitational, at Baton Rouge
- April 26; Tech-Northwestern, at Ruston

Northeast Beats Southwestern, 68-55, To End Losing Streak At 13 Games

Northeast grabbed the lead in the opening minute of play and downed Gulf States Conference leader Southwestern, 68-55, here Monday night to snap a 13-game losing streak and post its first victory of the season.

Lanny Johnson, Fred Bradley and Ronald Doyle sparked the Indians offensively while Robert Cook and Charley Barnes, the tallest Indians, furnished the rebound strength.

Johnson and Bradley poured in 16 points each to take scoring honors while Doyle, the only returning letterman from last year's squad, pitched in 15. Cook, playing his best game, grabbed 14 rebounds and scored 13 points.

The surprise victory over the GSC leaders squared the Indians' league mark at one win and one loss for the year while SLI dropped to 11-4 in overall play and 2-1 against loop competition.

The Bulldogs opened up a three-point lead on a basket and a foul shot by Bill McHarris to start the contest but the Redskins came back in a hurry to take a 4-3 advantage on fielders by Doyle and Cook and they were never headed.

With Doyle and Bradley leading the way in the first half, the Indians streaked to a 37-26 lead. Bradley dropped in 13 points and Doyle contributed 10 counters in the first 20 minutes.

The Bulldogs put on a scoring spurt midway in the second half and pulled to within seven points of the lead. Then Johnson, seldom missing, swished the nets for five field goals within a five-minute span to put the game on ice.

Northeast held its widest margin of the game—18 points, with four minutes remaining after a jump shot

by Johnson and a foul toss by Cook made it 65-47.

SLI's Tim Thompson equalled the game's top scoring performance, bagging 16 points on 6 field goals and 4 gift shots. Teammate Bill McHarris added 15.

Indians Travel To Natchitoches For GSC Game

Northeast's Indians, their appetites whetted by victory No. 1 over Southwestern Monday night, travel to Natchitoches tonight for a Gulf States Conference battle.

Conqueror of Eastern Kentucky in the Gulf South Classic recently, the Demons will probably be the second toughest opponent the Indians have met this season. NSC's victory over the Kentuckians was particularly since that was the club that eliminated Louisiana Tech from the tourney.

Coach Lenny Fant will probably start the same five cagers who went most of the way against SLI. They are guards Fred Bradley and Lannie Johnson, center Robert Cook and forwards Charley Barnes and Ronald Doyle.

Northeast stands at 1-13 for the year and 1-1 in league play.

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

Plans Underway for REW Feb. 15-17

Religious Emphasis Week has been scheduled Feb. 15-17.

A campuswide convocation is planned for one hour each of the three days at staggered times, Marcus Mapp said. Mapp is chairman of the Religious Activities Committee, a faculty group in charge of campus religious events.

Committees have been appointed and are outlining plans for REW.

Emmett J. Foster is chairman of the Arrangements Committee, working with M.Sgt. L. L. Busby and the Baptist Student Union. The Program Committee is headed by Mrs. Gregor Coethals, working with Malcolm E. Fowler and the Canterbury Club.

Carleton C. Page is chairman of the Music Committee with Lt. Col. Howard P. Landry and the Newman Club as members. The Reception Committee is headed by Dean Fred J. Vogel, working with John B. Moore and the Westminster Fellowship.

Dr. William J. Christmas heads the publicity committee. Members are Dr. Wilford Smith and the Wesley Foundation.

Annual Travel-log Features Coffey As Guest Speaker

More than 100 color slides of Japan were used by Capt. Ray W. Coffey to illustrate his talk to the Honor Society last night.

Coffey, who was stationed in Korea and Japan from 1955 to 1957, said that 75 per cent of Japan is mountainous and almost uninhabitable. Yet, with a land area a little less than California's, Japan supports a population of 90 million—eight to nine times that of California, the speaker said.

Coffey, assistant professor of military science and tactics, spoke at the annual Travel-log sponsored by the Honor society. Each year the group invites a person who has been abroad to be guest speaker.

Coffey took the color slides while serving in the area. He served in Japan with the 100th Field Artillery Rocket Battalion and came to Northeast after his tour of duty in the Far East.

Mount Fuji, the highest in Japan, has become a factor in Japanese psychology, the officer declared. Its symmetry has led it to be venerated as an honored spirit in Shinto beliefs.

According to a Japanese saying, he who comes to Japan and does not climb Fuji is a fool, Coffey said. But he who climbs it twice is twice a fool.

Coffey Told his audience that he was in the second category.

New Publication Depicts Louisiana

Louisiana's colorful history is soon to be highlighted in a new publication by the Louisiana Historical Association. Dr. E. A. Davis is editor of the journal which is due out next month. Davis, president of the historical association, is also head of the LSU history department.

A. L. Tatum, professor of history and government at Northeast, received notice of the new publication, which will be formally announced at the association's annual meeting in New Orleans in March.

The historical association collects and distributes historical information concerning Louisiana. Tatum reports that membership is open to interested persons and he suggests that they contact him at his office in Library 211.

Schedule Listed For Spring Night Classes

Registration has been set Monday and Tuesday, Jan. 18 and 19, for late-afternoon, evening and Saturday-only classes at Northeast.

George Brian, director of the evening division, said registration would be at 6:30 p.m. in 100 Administration Building on those two nights.

Courses are being offered in the business department, education, fine arts, liberal arts, and pure and applied science.

Following are the course numbers, hours of credits, course description, instructor and time:

BUSINESS

Accounting 7n, 3, principles, Ross, 6:30-8:45MW; Accounting 8n, 3, principles, Ross, 6:30-8:45TT; Accounting 53n, 3, intermediate, Lufey, 6:30-8:45MW; Business 49n, 3, modern industry, Roberts, 8:00-9:15 TT; Business 50n, 3, introduction, Page, 6:30-7:45TT; Business 134n, 3, insurance, Page, 6:30-7:45MW; Business 157n, 3, investments, Kimbrell, 6:30-7:45TT; Business 166n, 3, personnel relations, Dougherty, 8:00-9:15TT.

Business 173n, 3, Transportation, Watson, 6:30-7:45TT; Marketing 60n, 3, elements of marketing, Owens, 6:30-7:45MW; Marketing

151n, 3, salesmanship, Perkins, 6:30-7:45MTh; Marketing 154n, 3, Perkins, 8:00-9:15MW; Marketing 181n, 3, retail buying, McCoy, 6:30-7:45 MTh; Marketing 185n, 3, credit and collection, 8:00 - 9:15MW; Soc. Science 51n, 3, typewriting (beginning), Grantz, 6:30-8:45MW; Sec. Sci. 51, 52, 53n, 3, typewriting, Roberts, 6:30-8:45TT; Sec. Sci. 56, 57, 58n, 3, shorthand, Stanford, 6:30-8:45MW.

EDUCATION

Education 51n, 3, introduction, Russell, 6:30 - 7:45TT; Education 101n, 3, principles of elem. schools, Ball, 5:00-6:45MW; Education 103n, 3, principles of sec. schools, Christmas, 6:30-7:45MW; Education 157n, 3, m.&m. in ele. social studies, Johnson, 6:30-7:45MW; Education 172n, 3, education of mentally retarded, J. Barnes 5:00-6:15TT.

Psychology 51n, 3, introduction, Harrington, 6:00-7:45TT; Psychology 56n, 3, education, Upshaw, 5:00-6:15MW; Psychology 120n, 3, childhood, Oxford, 6:00-7:45MW; Library Science 102n, 3, literature for adolescents, Lemert, 5:00-6:15 TT; H. & P.E. 75n, p.e. act. for elem. schools, Hodges, 5:00-6:15TT; Education 180s, 3, principles and techniques of guidance, McCranie, 9:00-12:00S.

Mitchell, 6:30-7:45MW; German 2n, 3, elementary, Hayward, 6:30-7:45MW; Spanish 2n, 3, elementary, Pullen, 6:30-7:45MW.

PURE AND APPLIED SCIENCE

Chemistry 6n, 4, inorganic chemistry, 6:30-9:15Tn; Chemistry 6n, laboratory, 6:30-9:15Th; Engineering 10n, 1, problems, Rogers, 8:00-8:50W; Engineering 61n, 2, mechani-

cal drawing, Larkin, 6:30-9:15TT; Geology 131n, 3, economic geology, Herrell, 6:30-7:45MW; Geology 141s, 3, subsurface, Herrell, 7:00-9:00S; Geology 141s, laboratory, Herrell, 9:00-12:00S; Mathematics 1n, 3, college algebra, Allen, 8:00-9:15TT; Mathematics 5n, 3, Business, Edging, 8:00-9:15MW; Mathematics 6s, 3, business, Slay, 9:00-12:00S; Mathematics 52n, 5, analytic geometry, Slay, 6:30-8:45MF; Mathematics 59n, 3, advanced college algebra, Harmon, 6:00-7:45 TT; mathematics 121n, 3, statistics, Moore, 6:30 - 7:45MW; Physical Science 2n, 3, introduction, Bauer, 6:30-9:15M.

North La. Schools Entering Twirlers

Tomorrow is the deadline for North Louisiana schools to enter outstanding baton twirlers in half-time shows at Northeast home basketball games.

Invitations were sent recently to more than 160 area schools.

Marcus Mapp, chairman of half-time activities, said top twirlers at the show will compete at Northeast's last home game on Feb. 25.

The competition will be divided into a junior group from the 7th through 9th grades and a senior group from the 10th through 12th grades.

Mapp urged that entries be submitted to Northeast as soon as possible.

Council Suggests

Continued from Page One
not be published until a later date.

A committee composed of Miss YelDell and Theo Coenen were appointed to investigate the possibility of a Student Council sponsored magazine stand for the sale of magazines on campus.

Prejean mentioned that the cheerleaders should be contacted to lead cheers at Northeast's basketball games.

The Council said that all students are welcome to attend its meetings each week.

Former Student Gets Appointment

Joe N. Fant, a 1959 graduate of Northeast, has become a representative of a pharmaceutical firm in Baton Rouge.

Fant, a native of Louisiana and a 1951 graduate of Ouachita Parish High, was employed by Bennett's Rexall Drugs in West Monroe before taking his new position with Eli Lilly and Company. He became a registered pharmacist in 1959 and is a member of the Louisiana State Pharmaceutical Association.

Fant's appointment was announced by H. P. Smith, manager of the New Orleans district of Eli Lilly.

After graduating from high school, Fant spent the next four years as a hospital corpsman with the Navy and served in Korea.
