MILITARY
BALL
TOMORROW

'The King And I' To Be Presented By Fine Arts Dept.

Rogers and Hammerstein's "The King and I" will be presented next Thursday, Friday and Saturday by the Fine Arts Department.

George Brian, director of the musical drama, said that the scenery and costumes to be used came from New York. The setting for the play is the country of Siam.

The 75-member cast will be headed by Palmer Jarrell as the King and Gerry Kinny as Anna. Included in this cast are children of members of the faculty.

Brian, associate professor of speech, is being assisted by other members of the faculty. Gertrude Sandrock, assistant professor of music, and Davis Bingham, instructor in music, are in charge of the singing voices.

Edward Schultz, assistant professor of art, will do the art work for the production.

Claude Fuller, instructor in speech, is in charge of properties and costumes.

The choreography work will be under the direction of Mrs. James Wattle.

Eloy Fominaya, assistant professor of music, will direct the orchestra.

Other members of the cast are George Phillips, Captain Orton; Scotty Moses, Louis; George Fluitt, Kralahome; Wade Brown, Lan Tha; Donna Davies, Tuptim; Clarice Brown, Lady Thaing; and Charles Walker, Prince Charles.

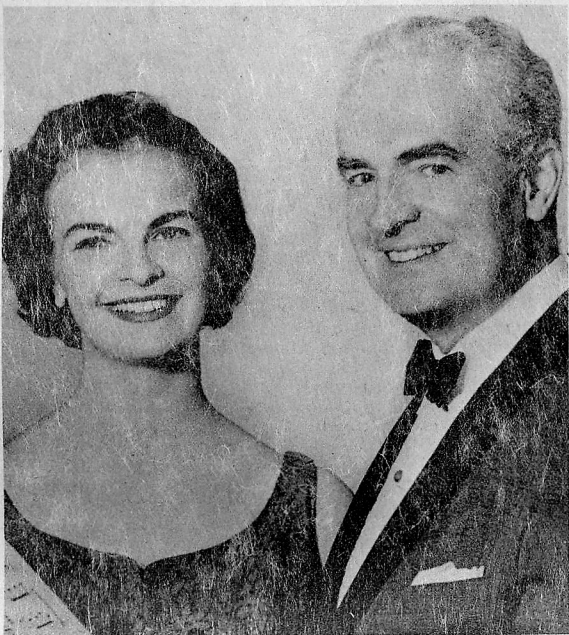

Jimmy Green and Janis Hilburn will portray the Amazons.

Keith Scroggins, Joseph Wayne Johnson and George Massingale will play the part of the men.

Sandra Lea was chosen for the role of the nurse.

The dancers will be played by Phyllis Gardesbane, Jane Rogers, Pat Cully, Kathy Talton, Sherman Ann Smith, Alice Farrar, Linda Landers, Betty Mantrozos, Betty Lou Echols, Janet Farrassi, Sandra Peters and Betty Shirley.

The children are to be portrayed by Chuck Fuller, Randy Fuller, Johnny Luffey, George Tate, Jimmy Tate, Lou Lemert, Becky Bingham, Becky Bruce, Diedre Fominaya, Christy Morton, Carol Lynn Brian and Diana Fominaya.

"STEREO FESTIVAL"—Joanne Hayward, violinist, and Fred Waring look over music for the "Stereo Festival" which will be presented by the Northeast Concerts Association tonight in Neville Auditorium at 8:15.

Council Gives Frosh \$400 Underwriting

The Student Council underwrote the freshman class for \$400 to sponsor a dance, featuring "Randy and His Rockets," at Tuesday night's meeting.

Jerry Godwin, vice president of the freshman class was present at the meeting to ask the Council's support in the freshman project. Godwin said tentative plans had been made for a dance March 26. He said that his class would promote the affair, taking care of publicity and sale of tickets. "We just need backing in case we don't make the full amount needed to pay Randy," he explained.

Returning to business concerning a band for the Dixie Ball, George Massingale said that a band still had not been hired. He added, however, that he was making an attempt to close a deal for the old Tommy Dorsey band directed by Warren Covington.

Freshman representative Linda

Rawls asked for a repeat of the report on the placement of pencil sharpeners on campus. The report was that the sharpeners were placed in rooms on each floor of the buildings.

President Floyd Prejean read a letter from Southwestern Louisiana Institute requesting information pertaining to Northeast rules on women wearing slim-jims, shorts, jeans, and the like.

Final discussion at the meeting dealt with a lengthy review of the proposed revision of the local constitution. The Council made plans to continue its inspection of the new constitution at next week's meeting.

The senior representative replacing Barbara Elliot attended the meeting. She is Juanita Fant of West Monroe. Miss Elliot resigned her Council positions of representative and secretary, saying that she felt her practice teaching would take too much time for her to do her best work for the Council. Mary Jo Hadcox, freshman representative was elected secretary in her place by the Council.

Open Sale Offered On Dance Tickets

Fifty tickets to the Military Ball are being offered for open sale. Jack Fryday, member of the Pershing Rifles, said.

The tickets are \$3.50 per couple. Stags will not be admitted.

The decision to offer the tickets for open sale was made earlier this week. Previously it was announced that admittance to the dance would only be allowed to ROTC cadets, students in the active reserve and students who wear uniforms.

Military Ball Slated For Tomorrow Night

Phares Corder and his Constellations will provide the music for the Military Ball tomorrow night. The dance will last from 8 to midnight in the Student Center.

The affair is sponsored annually by the Pershing Rifles and Scabbard and Blade, both military organizations.

The dance will include ROTC cadets, students in the active reserve and veterans who wear uniforms to the event and their dates.

Four Ouachita Parish coeds have been nominated for queen of the event. Each couple attending the dance will vote for one of the four for queen. The other three coeds will form the queen's court.

Nominees are Sandra Edwards, Kathy Talton, Linda Lavender, and Carol Shipp.

Miss Talton, previously named homecoming queen and Miss Chacahoula, will be trying for her third honor this year. A sophomore majoring in elementary education, she is a resident of Monroe.

Miss Edwards, second of the two from Monroe, is a sophomore majoring in business education. She was a member of the 1959 homecoming court and has been named runner-up in the Chac beauty contest two consecutive years.

A resident of West Monroe, Linda Lavender is a freshman majoring in speech education. She was on the

Waring's Orchestra Slated For Tonight

Fred Waring's new formula for entertainment, known as "Stereo Festival," will be presented at 8:15 tonight in Neville Auditorium.

Sponsored by the Northeast State Concerts Association, this, like all other productions of the Association, will be free of charge to students presenting identification cards at the door.

Waring's "Stereo Festival" is a musical variety show featuring the Pennsylvanians-gee club, orchestra and soloists.

The production includes imaginative scenery, an extensive wardrobe and electronic devices. The "Festival" is a panorama of music, motion and color and is a complete departure from Waring's traditional concert type shows.

Although the entire sound system used in "Stereo Festival" is quite elaborate, the high-fidelity speakers themselves are identical to those now being used in thousands of homes, where the acoustic problems are far simpler than in theatres.

Students who do not have a way to Neville to hear Waring may ride buses furnished by Northeast. The buses will leave the dormitories at 7:15 p.m. today.

Dr. Fred J. Vogel, dean of student services, said that students should sign up for the bus ride in 218 Administration.

homecoming court and is a Chac beauty.

Miss Shipp, a freshman from Bosco, is majoring in health and physical education. She was also a runner-up in the Chac beauty contest.

Home Ec Majors Attend Convention In Baton Rouge

Ten home economics majors are attending the annual Louisiana Home Economics Association convention in Baton Rouge today and tomorrow.

The convention, the theme of which is "The Changing Scene in Home Economics," is also being attended by Miss Robbie Lee Cox and Mrs. Era B. Davis, faculty sponsors.

Mrs. Davis is representing Northeast at the executive council luncheon. She will report on the research findings and yearly accomplishments of the clothing and textile subjects matter section of LHEA.

Tomorrow Mrs. Davis will serve as hostess for Home Management Family Relations, the Clothing and Textiles sectional meetings.

Donna Holdeman, state officer of the college clubs, is in charge of the installation of college club officers tomorrow.

A "McCall" fashion show will be featured tomorrow, in which Tommie Stockstill and Bonnie DeFee will be modeling.

Jean Williams will represent Northeast in the "Miss Home Economics" contest.

Presentation of the new officers and "Miss Home Economics" will be made at the luncheon.

Women attending are Linda Carter, Miss DeFee, Donna Holdeman, Jeanette Holdeman, Sadie Scoggins, Lou Sheppard, Sherman Ann Smith, Martha Stockstill, Tommie Stockstill and Miss Williams.

Yearbook Editors Return From Trip

Returning tonight from Dallas will be Brenda Gambrell and Jackie Tharpe, Chacahoula co-editors, and Lady Stahl, faculty adviser.

The three left Wednesday night by plane for a two-day stay at the Taylor Publishing Company, which is producing the 1960 yearbook.

During their visit to the lithograph plant, they will follow the complete steps in producing yearbooks, from the beginning process to the binding of the publication, including the intricate operation involved in handling four-color process pictures, which have been featured in several Chacahoulas.

The group also will have opportunity to study the large number of yearbooks in the company's two libraries that house publications from high schools, colleges and universities.

Civil Service To Interview Students

Representatives of the state Civil Service will be on campus Wednesday to interview seniors for Civil Service employment.

The Civil Service examinations will be administered later to those students interested in such positions.

J. Dodd Brooks, district manager of the Social Security Administration, will represent the Federal Civil Service March 22 on campus.

Brooks will be prepared to advise students of the career opportunities of the Federal Civil Service available to them through examinations for accountant, engineer, junior scientist (in all branches of engineering, accounting, chemistry, statistics, mathematics, physics, food and drug

inspection, architecture, soil conservation, range conservation, geology, soil science), and the Federal Service Entrance Examination with its Management Intern option. The latter is open to juniors and seniors regardless of their major fields of study.

Merit promotions, liberal annual and sick leave provisions, a beneficial retirement plan, professional recognition and off-the-job training and education opportunities or other attractive features of a Federal career that will be explained by the representative.

Students interested in the interviews should contact James O. Lancaster, director of scholarships and placement in Administration 218.

Editorials

Queen-Candidates' Pictures Disappear

Pictures of Kathy Talton and Sandy Edwards, candidates for Military Ball queen, were taken from the Student Center last week. Captain Earl Trabue, ROTC public information officer, said that the department will not be able to replace the pictures since replacement would cost approximately \$30.

"Whoever took them actually took them from the women themselves, not us," Trabue stressed. He explained that the pictures were placed in the Student Center for publicity purposes, and they were to be used tomorrow night in the voting for queen. Afterwards, the women were to receive the portraits as gifts from the Military Department.

"We would be quite happy to find the pictures back in their places tomorrow morning," he said. He added that the Military Department is not interested in who took the pictures, but he asked that they be returned, stressing again the fact that the loss would be that of the women whose pictures were taken and not the department's.

WOMEN TO WEAR FORMALS

Concerning another matter, Trabue said that the Military Ball calls for formal wear for women.

"For some reason word has gone around that women do not have to wear formals. This information is incorrect. Women are being asked to wear formal gowns." He said that either floor-length or ballarina-length gowns can be worn.

All active reservists and veterans may attend the ball—as well as cadets—he said, as long as they come in class A uniforms.

Teachers' Low Salaries, Television Compete With American Education

(The following editorial is from a column in the *Emory Wheel* of Emory University, Atlanta. Opinions stated are not necessarily those of the editor or staff of the *Pow Wow*.)

Perhaps if in the midst of our present wave of capitalist materialism, Americans value a new car or a television more than an education, there is something wrong with education. After all, if it won't sell, what good is it? And judging from what our teachers make, whatever they're offering isn't going over too well in America.

Maybe what we need to sell education is a good Madison Avenue approach. After some motivational research work, you may see magazine ads like this:

"For quick, safe, medically approved relief from the discomforts of TV watching, try reading." Or, "Men of distinction read Shakespeare." Perhaps we might even be able to make education a status symbol (as it already is in more civilized countries).

Actually, education seems to be a pretty suspicious thing anyway, if not completely subversive. After all, if the Russians are so enthusiastic about it, there must be something wrong with it. And besides, it runs completely counter to the entire capitalist system, since you can't make a tangible profit on it. The sciences aren't so bad, but the humanities, with some of their non-materialistic attitudes, will probably have to be eventually eliminated as a detriment to the American Way.

By lowering teachers' salaries to just above the starvation point, we already have made splendid progress in this direction. However, a small dedicated group of educators still keeps it going, however feebly. Perhaps the next step will be burning books, although with the present popularity of television they may soon become obsolete and save us the trouble.

All things considered, it seems education, especially in the humanities, can be a pretty dangerous thing, and perhaps it is well that Americans have done such an excellent job of keeping it suppressed.

Ten Students Awarded Scholarships

Ten women students have been awarded T. H. Harris Scholarships.

Notification was recently received that scholarships had been granted to Geraldine Bryant, Sue Ellen Briggs, Peggy Busby, Gloria Dean Field, Martha Kemp, June Anita Parker, Linda Kay Rawls, Margaret Ann Reeves, Kathleen Shirley and Diane Jane Smith.

Act. No. 499 of the 1948 session of the state legislature re-created the T. H. Harris Scholarship Foundation and the 1954 session increased to ten the number of participating col-

leges. This fund is administered by a Board of Trustees of five members, appointed by the Governor and the State Superintendent of Education who serves as ex-officio secretary-treasurer.

The Board sets the policy with respect to high scholastic standards required of scholarship beneficiaries, selects the recipients and determines the value of the scholarship to be awarded.

The purpose of the foundation is to grant scholarships to young people of acute mind, pleasing personality, good character, ambitious purpose and positive qualities of leadership and who have made a definite decision on a career and demonstrated a mature mind by selecting the college or university which is the most practical to attend to receive the required training.

Comanches Trip Apaches, 7 to 0

Fullback Edwin Thomas plunged over for a second quarter touchdown from the one-yard line to give the Comanches a 7-0 victory over the Apaches here Wednesday as the Northeast Indians concluded spring football practice with an intra-squad contest.

Comanche tackle Ross Nolan recovered Apache quarterback Don Wattigny's fumble to set up the score.

LITTLE MAN ON CAMPUS

— NAW, IT'S TO KEEP US FROM SNEAKIN' OUT — HE GIVES A REAL LOUSY LECTURE. —

Seven NE Faculty Members Elected Officers At La. College Conference

Seven Northeast instructors were elected section officers at the Louisiana College Conference, which held its annual meeting Friday and Saturday in New Orleans, where Loyola University was host.

Wilbur L. Perkins, head of Business Administration Division, was named vice chairman of the commerce section. W. R. Hammond, dean of the Liberal Arts Division, was elected chairman of deans. Named to serve as program chairman of the education section is Mrs. Evelyn Barnes, supervisor of secondary education, who formerly held the position of secretary to the section.

Mack Solomon will hold the post of vice chairman and program chairman of the journalism section. Miss Emily Blomquist of the library

science faculty was named secretary of librarians.

Miss Alma Lufcy, counselor to women, was chosen chairman of the personnel and guidance section.

Dr. Clint Hanna, director of admissions, was named vice chairman and program chairman of registrars.

Besides the sectional meetings, the conference included two general sessions, a banquet on the opening night and a business session the following morning.

Next year's conference will be held at Louisiana Polytechnic Institute.

Others representing Northeast at the conference were Dr. Carl McCoy, Charles Kimbrell, Dr. Frank Ross, Delbert Vines, Dr. T. Eugene Holtzclaw, Annie Lee W. Stahl, Jasper G. Hammonds, James W. Parkerson, Wilford D. Smith, Alva S. Huffman, Dr. Arthur Adams and Dr. Perry H. Howard.

British Officer

Addresses Group

A British information officer spoke on the British Commonwealth at a Social Science Club meeting at Northeast yesterday.

Guest speaker, Robert C. Turner, has been information officer at the British Consulate General in New Orleans since 1957.

The meeting was held in the Fine Arts Auditorium. The speech was followed by a question and answer period, with audience participation.

Turner, born in England, was graduated from Cambridge University in 1949 with an M.A. degree in history. During World War II, Turner served as cadet pilot in the RAF, and first visited the United States in 1945. He worked for the London Star, an evening newspaper, before joining the information service. He is married and has one daughter.

Faculty Members

Attend Convention

Three faculty members traveled to Chicago this week for a meeting of the Association of Higher Education.

Representatives from all major colleges and universities in the United States were present.

Representing Northeast were Dr. William R. Hammond, dean of liberal arts; Dr. Vernon E. Lynch, associate professor of English; and Dr. Joseph H. Kern, associate professor of pharmacy administration.

The theme of the conference was "Problems of Education in the 1960's." This covers problems from finance to enrollment to curricula.

The Sunday through Wednesday meeting included, some of the foremost leaders in education as speakers.

Book Reviews

BY VIVIAN THOMAS

A Separate Peace, (280 pp.)—John Knowles—McMillan (\$3.50)

The title is probably taken from Hemingway's *Men Without Women* in which Nick, painfully wounded, lying against a shelled building, talking ramblingly to his friend dead in the Italian street, says "You and I, we've made a separate peace."

The setting for this novel is Devon, a New England preparatory school, and the time is 1942. While the rest of the world is tangled in a bloody trial of strength, comrades Gene and Finny are trying to decide whether to stay in class and wait for their country's call or enlist in a branch of service of their own choosing.

Finny is the leader of the boys. Because Gene outstrips him in his studies, Finny goes to a great deal of trouble to excel in sports. Finny entices Gene away from his books to the riverbank, or off to the ore which is strictly out of bounds. Gene dares Gene to jump from a limb of a tree into the water, where, if he lands short, he is likely to break his back on the ground beneath.

Gene suddenly realizes Finny is jealous of his grades, and that the "friend" may be pretending to desire his company in order to have Gene thwarted in his studies. Then he knows the friend was the enemy.

Finny, suffering from a fall from the tree by the riverbank, refuses to face any possibility except that he fell. Meanwhile Gene thinks accusingly that Finny tried to drag him down as he fell.

This novel of the fumbling, impressive years makes for good reading and furnishes a remarkably touching picture of the tender years.

Three Attending History Meeting

Three Northeast faculty members are attending the annual meeting of the Louisiana Historical Association in New Orleans. The meeting began yesterday and will end tomorrow.

Dr. J. R. Brown, associate professor of history; A. L. Tatum, professor of government; and Dr. W. A. Walker, associate professor of history, left yesterday for New Orleans.

The meeting is being held at the Sheraton-Charles Hotel and Tulane University.

Tatum is on the Board of Directors of the Association. The directors met yesterday.

The first membership session met at 9 a.m. today. The subject was "Louisiana Politics."

Tomorrow's session will begin at 10:30 a.m. at the old Tulane Student Center, now the University College Auditorium. The subject will be "Architectural Development in Louisiana."

Brown will preside at the closing luncheon.

LSU Professor

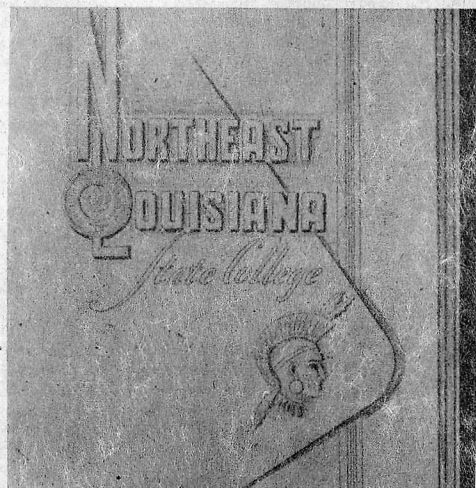

To Speak Tuesday

A member of the Louisiana State University math department will be here Tuesday to address Mu Alpha Theta, math club.

Dr. R. D. Anderson will speak to the group on "The Cantor Set." The meeting will be held in 100 Administration at 7:30 p.m.

Anderson's visit to Northeast is made possible through the sponsoring of the Mathematical Association of America and the National Science Foundation, Dr. N. W. Hickman said.

Hickman, head of the math department, urges all majors in math, physics and chemistry to attend this lecture.

GRADUATION INVITATIONS—This is the "new look" in graduation invitations for Northeast seniors. Designed by the Balfour Company, the invitations may be purchased from the Bookstore before March 15. (Photo by John Moseley)

Northeast Tracksters Overwhelm McNeese In GSC Dual Meet, 103-38

With four athletes scoring double victories, Northeast's high-powered trackmen overwhelmed Gulf States Conference rival McNeese in a dual meet Saturday for their second team victory of the young cinder season.

When the points were finally totaled, the Indians walked away with a 103-38 spread and bettered eight existing GSC records. Standards eclipsed by the sleek Tribesmen were in the 100 and 220-yard dashes, the two-mile run, the high and low hurdles, the shot put, the discus, and the 440-yard relay.

Speedy Dave Styron was the chief Northeast point-getter, taking the century and 220 dashes, tying for first in the high jump and finishing second in the broad jump. He also ran on the winning 440-yard, 880-yard and mile relay squads.

Twin brother Don stepped off the two hurdle events in record time and anchored the mile and 440 relay wins.

Durable Buddy Eiland annexed victories in the mile and two-mile runs and junior college transfer Hoy Rogers added a pair of first places

in the discus and shot put.

In all, Northeast copped 15 first places and tied for another while McNeese, once a power in track, managed only one winner. The lone Cowboy victory came in the broad jump, won by GSC record-holder Don Troutman with a leap of 21 feet, 9 inches. Fred Thompson and Darrell Ocker of the Cowpokes tied Dave Styron for first in the high jump with a 5 feet, 10 inch effort.

John Pennel, Jim Mouser, Dick Hays and Jerry Dyes added to the Northeast point spread with individual victories.

Pennel, who cleared 14 feet in the Northeast win at the Coliseum Relays at Montgomery, Ala., three weeks ago, topped the high bar at 13' 6", beating the GSC mark held by Jim Allen. Mouser, who teamed with the Styrons and Hays on the mile relay and with Gene Christen, Roger Beunter and Dave Styron on the 440-yard relay, raced to victory in the 440 with a 49.7 seconds clocking.

Hays ran on two winning relays and copped the 880 in 2:01.2. Dyes, one of the most versatile athletes on the team, got off a 204-foot heave with the javelin.

Dave Styron turned in a 9.6 100-yard dash and covered the 220-yard distance in 20.7, edging Beunter in both events. Don Styron topped the hurdle events in 14-1 and 22.6 to beat teammate Randall Walker. Walker took second in the lows, third in the highs and was third behind Hays in the 880.

Rogers southpawed the shot 49 feet, 10 inches, and hurled the discus 153 feet, 3/4 inches, to win both events. Northeast's James Copeland was second in the shot and Dyes was third in the discus.

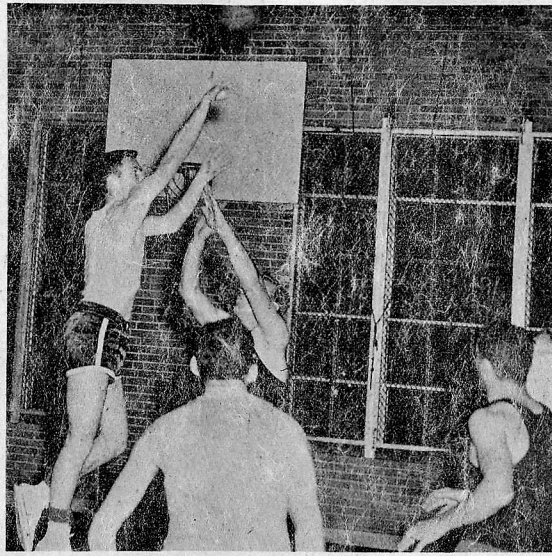

Owen Owen and Casey Boyett, two of the most promising Tribe freshmen showed up well. Owen trailed Dave Styron in the broad jump and Boyett tied for second place with McNeese's Kenneth Dupont in the pole vault.

The mile relay foursome, a regular point-winner, sped to victory with a time of 3:18.8. The Tribe quartet ran the same event in 3:14.5 in practice a week before.

Eiland riddled his own conference mark of 9:41.7 by almost eleven seconds in the two-mile distance run with a 9:31.5 effort. He turned in a creditable 4:23.9 in the mile.

It was the second straight comparatively easy win for the Indian harriers. Northeast ran away with the Coliseum Relays, doubling their nearest opponents.

The Indians' next action comes in the Southwestern Recreation Meet in Fort Worth, Tex., tomorrow.

SHOOTING FOR TWO—Reddog cager Johnny Redden (left) fires past Tau Kappa Epsilon defender Al Ott on a field goal attempt in the intramural playoff for the campus championship. The Reddogs won, 40-27. Watching the action in the foreground are John Blake of the Reddogs and Don Wattigny of the TKE's. (Staff photo by Ben Bradford)

Reddogs Take Intramural Cage Crown

Jerry Head scored 12 points to lead the Reddogs to the campus intramural basketball championship with a 40-27 victory over Tau Kappa Epsilon.

Top point-producer for the TKE's was Al Ott with eight counters.

The Reddogs copped the Organizational League crown in regular season play while TKE triumphed in the Independent League.

Composing the winning team were Jack Tarver, Johnny Blake, Johnny Redden, Joe Driskill, Norman Garlington, Faye Thurmon and Head.

The intramural all-star team included Tarver and Head of the Reddogs, Larry Hebert of PDC, M. R. Griffin of the Cowards and Jerry Collins of the Gales.

Intramural Basketball

WOMEN'S INTRAMURAL BASKETBALL		
Team	Won	Lost
Dorm II	4	0
BSU	2	1
Dorm I	1	2
Independent I	1	2
Independent II	0	4

With two games remaining to be played in the Women's Round Robin Intramural Tournament, the Dorm II team has already clinched first place.

The Dorm II women completed their perfect record of play Monday night by defeating Dorm I 56-36. Linda Thompson sacked 22 points for the winners, and Annette Ford led the losing cause with 19 markers.

In the other Monday night contest, Stella Bass scored 22 points to lead her team to a 37-34 victory over Independent I. Dinky McCough and Nanny Gardner each scored 13 points for the Independents.

Northeast Nine Puts Emphasis On Fundamentals

The Northeast baseballers stressed fundamentals this week as they prepare their March 23 opener here against Oklahoma Baptist University.

Hitting is the top item on the agenda these days. The outfielders, especially, have been looking impressive in batting practice.

Ken Saterfield, Lou Kincaid, Mickey Yerger and Bryan Blevins fill the outfield ranks and are all giving the ball a ride daily in batting practice.

Ralph Ward, a sophomore, and freshman Jerry Miller are handling most of the catching chores. Ward, not usually a long ball hitter, has been lofting long drives consistently.

The pitching staff has been hampered by bad weather but got in their first throwing practice this week.

"We will welcome any chance to get a workout in the sun," coach George Luffey said.

Northeast Track Slate

Here are the remaining meets on the 1960 Northeast track schedule:

March

- 5—McNeese, at Lake Charles.
- 12—Southwestern Recreational Meet, at Fort Worth, Tex.
- 19—Chattanooga Invitational, at Chattanooga, Tenn.
- 26—Florida Relays, at Gainesville, Fla.

April

- 2—Louisiana State, at Baton Rouge
- 5—Houston, Oklahoma, Texas A&M and East Texas, at Houston, Tex.
- 9—Southwestern Relays, at Lafayette.
- 14—Louisiana State, at Monroe.
- 16—East Texas, McNeese, at Monroe.
- 23—Louisiana Invitational, at Baton Rouge.

May

- 7—Southern AAU, at Baton Rouge.
- 12—Northwestern and Louisiana Tech at Natchitoches.
- 21—Gulf States Conference Meet, at Lake Charles.

Tribe Trackmen To Defend Title In Southwestern Meet Tomorrow

Northeast's high-flying tracksters, after flashing their heels before strong competition in two opening battles, encounter one of their most severe tests of the season at Fort Worth, Tex., tomorrow when they defend their meet title in the star-studded Southwestern Recreation Relays.

A victory in the final event carried the Indians to a skin-tight 54-53 decision over East Texas State in the annual get-together last year and this time around promises to provide the same type competition.

Competing along with Lew Hartzog's Indian squad and East Texas, which lost the NAIA championship by one point last year, are Texas A&J, Howard Payne, McMurry, Kansas, Kansas State, Emporia State, Southwest Texas, Sam Houston State and Texas Western.

But the college division boils down to a private duel between Northeast and East Texas.

Last year Northeast's heralded mile relay team of Dave Styron, Jim Mouser, Dick Hays and Don Styron brought the Tribe from five points behind with a victory in the final event to edge the Texans for the title.

It will probably be just that close again this time.

Hartzog calls tomorrow's action "without a doubt the toughest college competition we'll meet all year long."

With East Texas sporting a fistfull of outstanding sprinters to offset the fabulous Styron, Hartzog is counting on Roger Beunter in the 100 and 220, Mouser and Hays in the 440 and James Copeland in the shot put and discus to pick up runnerup points.

The Styrons, who piled up more than 40 points between them in the

Student Teaching Exhibit Of Colleges Registration Slated Includes Northeast

Applications for student teaching during the fall or spring semesters 1960-61 should be filed next week, Charles Tillman, director of student teaching, said.

Those students planning to student teach during either semester may register with Tillman or Evelyn Barnes, co-director of student teaching, in Administration 112.

Northeast has been included in the exhibits of state colleges to be displayed in the Louisiana State University Library.

These exhibits are being prepared in conjunction with the LSU Centennial observance.

The exhibit is to depict the growth of Northeast from the time of its founding in 1931 to the present.

Deadline Today For Science Fair

The deadline for entries in the sixth regional Science Fair at Northeast is today.

Boys and girls who have won first or second places in their local science fairs are eligible to enter exhibits for the regional fair to be held March 18-19 in the Administration Building.

The object of science fairs is to focus attention on science and mathematics and provide an opportunity for students to display their ideas, research and handiwork in these

fields, said Emmett J. Foster, professor of physics and, director of the regional fair.

The contest will be divided into three class divisions: senior division—grades 10, 11, 12; junior division—grades 7, 8, 9; and elementary division—grades 1-6.

The maximum total entries from a school are 14 from the senior division and 6 from the junior division.

The exhibits, which must adhere to the rules set forth by the regional fair, are to be set up in the Administration Building and will be open to the public. The entries will be judged on scientific thought, creative ability, thoroughness, clarity and dramatic value, and technical skill.

Contest divisions are electronics, physics, chemistry, earth science, biology, social science and mathematics for the senior division. Junior divisions are biological sciences, physical sciences and mathematics.

Allen Completes Electronic Device For Experiment

A Northeast biology student completed an electronic device which records the overt activities of insects and the conditions prevailing at the time of activity.

Tommy Allen, junior biology major who last July received a \$440 grant from the National Heart Association for further advancement of his research, reported "a considerable amount of progress."

Allen has completed construction of what he calls "a jiggle box," a plastic container within a box, which is so perfectly balanced that the slightest amount of motion within will be recorded by different electronic attachments.

The completed project records the relative humidity and temperature of the box, the amount of movement within and the time of movements on an electro-chart.

The primary project of Allen's was the construction of the recording devices. He has now begun recording data. The material collected will be interpreted and written up. At the end of the year he will submit it to the NHA who will use the data as a part of a jigsaw puzzle in correlating facts to attain more knowledge as to the cause, effects and cures of heart diseases.

Beta Sigma Hosts Tulane Professor

Dr. Stephen J. LeBrie of Tulane University discussed research in endocrinology last night.

LeBrie spoke to Beta Sigma Biology Society in the Pharmacy Building.

The talk was sponsored by the National Science Foundation through the American Physiological Society to acquaint undergraduates with research possibilities in physiology.

Endocrinology is the study of internal secretions and endocrine glands, such as the thyroid and pituitary.

Professor Attends Research Clinic

A Northeast faculty member recently attended the 14th annual Symposium on Fundamental Cancer Research in Houston, Tex.

Participants assembled from the free world to present the most recent data and ideas involving tumor cell physiology.

Dr. Arthur J. Speece, assistant professor of biology, attended the conference, entitled Cell Physiology of Neoplasia. The conference was sponsored by M. D. Anderson Hospital and Tumor Institute.

It's a puzzlement:

When you're old enough to go to college, you're old enough to go out with girls. When you're old enough to go out with girls, who needs college? Oh well, there's always Coke.
