CONCERT  
SLATED  
MONDAY

Vol. XXII, No. 12

NORTHEAST LOUISIANA STATE COLLEGE, MONROE, LOUISIANA

Friday, January 12, 1962

MRS. ANN D. DOOLIN, right, is shown receiving a Citation of Appreciation Certificate from Kappa Psi Pharmaceutical Fraternity secretary Paul Lasseigne. The award was made upon the recommendation of Gamma Mu Chapter at Northeast Louisiana State College and is only the sixth such award to have been made by the national fraternity. It was given in appreciation for services she has rendered in promoting the pharmacy profession and in aiding the workings of the fraternity. Formerly of Ville Platte, she now lives in Monroe with her husband, Richard, and their two sons. She has been employed as a Northeast School of Pharmacy secretary since 1959.

## Cold Wave Brings Snow; Causes Closing Of Classes

A cold wave which moved into the Monroe area earlier this week brought a three-inch blanket of snow to the Northeast campus Tuesday, and brought about the closing of all classes Wednesday, and Thursday.

At Pow Wow press time Tuesday night classes and all Wednesday and Thursday classes, day and night, had been closed. At the time, President George T. Walker had made no official announcement as to whether or not classes would convene on Friday.

The early Wednesday morning temperature in Monroe was a chilling six degrees, and local weather forecasters prophesied that a letup in the cold wave was not likely to occur before Thursday or Friday.

At Northeast, reactions to the cold weather were varied. Many were delighted at the prospect of the snow and cold weather, while others expressed dismay at thought of the white blanket enshrouding the countryside.

The Northeast area exhibited several different aspects of the weather trend. Cars weaved from one side of the street to the other because of

the hazardous road conditions.

Students happily received the news that classes had been postponed, and the traditional snowfights seemed to be the pastime of the day. (See pictures on page 4).

The white snow, to say the least, gave the buildings on the Northeast campus a rather graceful appearance.

## Ruston Boy Wins Piano Auditions Held On Campus

Robert Wallace of Ruston was winner in the Twin City Symphony Orchestra piano auditions held at Northeast Louisiana State College on Sunday afternoon.

Steve Lawson of Ruston and Donna Damron of Ferriday were picked as first and second runnersup, respectively, from the 19 area entrants.

Wallace is the son of Mrs. Mary Elaine Wallace and a pupil of DuChemin Cazedessus. Sixteen years old, he played the Schumann piano concerto, 1st movement.

Lawson, also a pupil of Cazedessus, played the Haydn concerto in D major, 1st movement. He is eleven years old.

Miss Damron, a pupil of Joe H. Monroe, played the McDowell piano concerto, 1st movement.

Wallace and Lawson will participate with the Twin City group on February 15 when the Symphony is presented in Brown Auditorium by the Northeast State Concerts Association.

Judges for the auditions were Dr. Clifford Shipp, Northwestern State; James Poulos, Northeast; and Dr. Harry Lemert, dean of the division of fine arts at Northeast.

## Today's Pow Wow Last Fall Paper

Today's Pow Wow is the last of the fall semester, Linda Robinson, editor, has announced.

The first issue of the spring semester will appear on Friday, February 9.

The registration schedule for the spring semester is listed by the college catalog as follows:

Registration for Saturday, late afternoon, and evening classes, evenings, Thursday and Friday, January 25-26.

Dormitories open on Tuesday, January 30 at 1 p.m., and the cafeteria opens for the evening meal the same day.

Registration for other classes will be held Wednesday and Thursday, January 31 and February 1, and spring-semester classes will begin on Friday, February 2.

## FINAL EXAMINATION SCHEDULE

### Regular Classes

8 MWF & MW classes	Friday, January 19, 8-9:50
3 TT classes	Friday, January 19, 10-11:50
9 MWF & MW classes	Friday, January 19, 1-2:50
2 TT classes	Friday, January 19, 3-4:50
11 TTS & TT classes	Saturday, January 20, 8-9:50
9 TTS & TT classes	Saturday, January 20, 10-11:50
8 TTS & TT classes	Monday, January 22, 8-9:50
3 MWF & MW classes	Monday, January 22, 10-11:50
10 TTS & TT classes	Monday, January 22, 1-2:50
2 MWF & MW classes	Monday, January 22, 3-4:50
10 MWF & MW classes	Tuesday, January 23, 8-9:50
1 TT classes	Tuesday, January 23, 10-11:50
11 MWF & MW classes	Tuesday, January 23, 1-2:50
12 TT classes	Tuesday, January 23, 3-4:50
12 MWF & MW classes	Wednesday, January 24, 8-9:50
1 MWF & WM classes	Wednesday, January 24, 10-11:50
4 MWF & TT classes	Wednesday, January 24, 1-2:50

NOTE: 1. All regular classes will meet at their usual times through Thursday, January 18.  
2. All regular classes, including military science and laboratory groups, will observe the above schedule.  
3. The tabulated time is, in general, the first class meeting of the week.  
Exceptions are:  
a. Use lecture hour rather than laboratory period.  
b. Use first full class hour if the class meets more than one hour per day.  
c. Use the preceding hour for classes meeting on the half hour.

## New York Ballad Singer To Appear Here Monday

Earle Spicer, New York baritone and well known singer of ballads, will be presented in a program Monday, January 15, by the Northeast State Concerts Association.

The concert will be in Neville High School Auditorium, starting at 8:15 p.m.

Spicer has sung with many of the leading symphony orchestras and oratorio societies here and in England—for the English nobility, the governor-general of Canada, and at the White House.

He was feature soloist for three years on one of the leading N. B. C.

Earle Spicer  
Ballad Singer

programs with Donald Voorhees and his orchestra.

Reviewers say that he is a great favorite with students everywhere because of his manly voice, magnetic personality, down-to-earth informal manner and grand sense of humor. He will present a most entertain-

ing Shakespeare "quiz", and he has the reputation of singing "Frankie and Johnny" as well as anyone of the concert stage today.

He has given more than 1200 engagements at more than 440 of the leading colleges.

Free tickets for Northeast students may be obtained at the office of Dr. Harry Lemert, dean of the division of fine arts at Northeast, telephone FA 5-6361, extension 211.

## Two New Members Added To Staff For New Semester

The appointment of two new Pow Wow staff members has been announced by James R. Parrish, News Bureau director.

James Edward Fletcher, Jr., sophomore accounting major, has been named business manager, and T. Windle Dyer, senior sociology major, has been appointed to the position of sports editor.

Fletcher, the son of Mr. and Mrs. James E. Fletcher, Sr., of West Monroe, will succeed Doyle Malone, a graduating senior. Fletcher is a member of the Northeast Honor Society, Baptist Student Union, and A pledge of Pi Sigma Epsilon.

Dyer, the son of Mr. and Mrs. T. J. Dyer, of Archibald, is currently president of his senior class at Northeast.

No sports editor was appointed for the fall semester.

The remainder of the staff will remain unchanged for the spring semester, Parrish said.

## ENTITLED 'FALLOUT AND YOU' . . .

## Northeast Professors Present Special Television Discussion

Northeast Louisiana State College presented a special television program, entitled "Fallout and You", on Sunday, December 24, over KNOE-TV.

The program explored the following questions:

What is radioactive fallout?  
What is its effect on humans?

How can we detect its presence and protect ourselves from it?

Appearing on the program were Dr. John W. Hill, assistant professor of chemistry; Dr. Beryl C. Franklin, assistant professor of biology; and John M. Hicks, instructor in physics. James W. Parkerson, chairman of the Radio-TV Committee,

served as moderator.

Members of the panel demonstrated techniques of detection and measurement of radioactive fallout using the geiger counter. The group also demonstrated the relative merits of different kinds of building materials as to their ability to filter out or absorb radioactive particles.

"So much has been said and written on the subject in recent weeks and much of it has left us with an uncertain feeling about the dangers we face from the presence of radioactive particles in the atmosphere, we think that it is particularly timely that we attempt to clarify some of the questions involved in the subject," Parkerson explained.

## NEW SEMESTER'S RESOLUTIONS

Just as the end of another year has just passed away, so is the end of the fall semester at Northeast rapidly drawing to a close. The semester will officially end at 4 p.m. on Thursday, January 25.

No doubt many of us made New Year's Resolutions at the close of 1961. Some of us are still abiding by our resolutions, while others of us have long forgotten about our resolving to do better.

The close of this semester is a wise time for all of us to make "New Semester's Resolutions" in a similar manner to making New Year's Resolutions; however, we must realize that resolutions are made to be kept, and not to be broken at one's convenience.

Some of us need to study more. There are others who need to get more rest and eat regular meals instead of staying up all night, sleeping in the daytime, and grabbing a little snack here and there. All of these things contribute to the effectiveness of one's academic life.

Many students need to resolve to be friendlier. Some need to learn to show more consideration for the thoughts and feelings of others. Also in demand is more respect for one's instructors. Such traits as these will not only influence one's social success in college, but will also determine to a great extent his success in his future vocation.

Ridiculous though it may sound, many students on this campus need to study LESS and take more interest in extra-curricular activities. It is wonderful to be able to concentrate completely on one's studies at the proper time, but all of us should have leisure time in which we forget the binding worries such as school-work and enjoy recreation of some sort.

The list could go on and on. All of us have some points on which we could improve. As our semester nears its end, we should all survey our time spent here at Northeast and decide what steps we could take to make our college life more successful.

### TRIBUTE TO DOYLE

Many people have commented on the increased size of this year's Pow Wow, and especially outstanding in the minds of most of these people is the giant sixteen-page issue published just prior to the Christmas holidays.

Readers are often prone to attribute the success, if the term be applicable, of the first-semester Pow Wow entirely to the editorial, or news writing, staff of the paper.

Actually a tremendous part of the work in getting a larger school paper at Northeast is due to the outstanding efforts of the Pow Wow's business manager, Doyle Malone.

Doyle, a graduating senior from Monroe, will be receiving his commission in the United States army at the close of this semester. Consequently this is the last issue for which Doyle will manage the advertising section of the paper.

During the time in which he has been a member of the Pow Wow staff, he has constantly set records for column inches of advertising sold. Doyle realizes that Northeast students will patronize local businesses if properly presented the facts about what the stores have to offer. He not only has demonstrated his ability to put the advertising into interesting, logical form, but has also helped the merchants see the good results that can be derived from advertising.

The Pow Wow editorial staff wishes to take this means of extending gratitude to Doyle Malone for the outstanding service he has rendered our newspaper.

We feel that this talented young business major has done work which is indicative of future success potential.

### ANY RESULTS, HUNTERS?

Several weeks ago a Pow Wow editorial expressed the fact that the staff is interested in running articles about the hunting success of Northeast students and faculty members.

Since the article appeared quite near the beginning of the hunting season, it is quite likely that at that particular time students and faculty alike had had very little success to mention.

However, surely by this time our hunters have reaped good results from their trips. And surely such news is of interest to the student body.

Pictures and stories of hunting trips will be accepted and considered for publication. The news may be turned in at the Pow Wow office, Stubbs 203, or the News Bureau office, Stubbs 205.

## NLSC Debaters

### Each Rate High At Speech Festival

High individual ratings were won by members of the Northeast forensic squad at the recent Louisiana Speech Association Speech Festival held in Lafayette, James W. Parker, associate professor of speech and director of forensics, has reported.

Larry Wilson, junior from Bastrop, won a rating of superior for his interpretation of "The Prodigal Son" by James Weldon Johnson. James T. Brooks, sophomore from Monroe, received a rating of excellent for his reading of "The Blind Man" by Harvey Allen.

In the debate division team No. 2, composed of Benjamin Boyte, junior from Oak Grove, and Jeffrey A. Sayles, freshman from Monroe, won decisions from Francis T. Nicholls College and Southeastern Louisiana College.

Team No. 1, composed of Wilson and Brooks, also defeated Francis T. Nicholls. The debaters argued the proposition, "Resolved, that labor organizations should be under the jurisdiction of anti-trust legislation."

Sayles won a unanimous rating of excellent in all of debates in the 3-day festival.

The local debaters were scheduled to meet speakers of Louisiana College in Pineville yesterday evening.

## Scientist Speaks On Animal Food

An associate scientist for the University of Tennessee and the Atomic Energy Commission Agricultural Research Laboratory spoke at Northeast on Wednesday.

Dr. Marvin C. Bell, sponsored by the AEC, spoke Wednesday morning in Biedenharn Hall auditorium. He discussed animal nutrition.

A specialist in animal nutrition, Dr. Bell received his Ph.D. degree from Oklahoma State University in 1952.

### Special Class Held

Dr. Ethel Preston Trice, associate professor of health and physical education at Northeast, conducted a folk dance class recently at the Monroe Area Vocational Training and Evaluation Center at Selman Field.

Students assisting Dr. Trice were Sonya Bowden, Ann Chapman, Leon Johnson, Bill Kobler, Mike McCready, Judy Neal, Mary Catherine Ross, and Ronald Sanford.

### WITH AIR FORCE . . .

## Former Student Gets Key Position

A former Northeast student was recently named to a key position with the United States Air Force Flight Acceptance Division, which flight tests and accepts F-105 Thunderchief aircraft prior to delivery, a plant Representative of the Office of the Air Force has announced.

Major Jack R. Holder, a 20-year Air Force veteran who attended Northeast as a junior college, has been named Chief, Flight Acceptance Division. He was recently officer-in-charge of the Air Force flight test office at Conair Division, General Dynamics in Palmdale, Calif.

Holder, a veteran of two wars, was born in Dallas, Tex., and later moved to West Monroe, La. He left in 1941 to join the Army Air Corps.

Upon completion of flight training, during World war II, he served in the European Theatre of Operations (ETO) with the 12th Air Force. During the Korean Conflict, Holder was assigned with the Far East Air Force's Transportation Group.

In recent years, Holder has been concerned with test piloting operations.

He and his wife Francis have three sons, Joseph, 18, Jack, Jr. 15, and Charles, 9. The Holders now make their home in Bay Shore, L. I.

# Exchange Notes From Other Campuses

**ANYBODY BUT ME**  
(ACP)—"I wish I could be anybody but me." The reasons coeds may echo this line from a popular song are offered by Peggy Wells in the University of Oklahoma student newspaper as "a few of the major traumas in the life of today's college girl":

1. She has "nothing" to wear.
2. Long - distance - lover hasn't written for five days.
3. Her "care package" from home, including the dress for Friday night's party, doesn't come until Saturday.
4. Her date is shorter than she.
5. She gets a run in her stockings.
6. The love-of-her-life asks her to study with him, and she finds that he REALLY wants to study.
7. She breaks a fingernail.
8. Her dyed-to-match shoes don't match.
9. She's campused the night of the big party.

10. She realizes that she has accepted two dates for the same night.
11. Her date can't twist!
12. She walks all the way downstairs for a coke and finds the machine empty.
13. Her last class on Friday is at 4 o'clock.
14. She has 253 more pages to read, and her test is in an hour.
15. Someone breaks her Elvis Presley record.
16. He doesn't say anything about the way she looks. (Sometimes it's better.)
17. She leaves her party favor at the party.

**BETWEEN THE LINES**  
(ACP)—Often there's more between the lines than on them in a collegian's letters home. A collegiate newspaper writer offered this inter-linear translation in a recent edition of the Park College **STYLUS**:

Dear Mom and Dad:  
Sorry I haven't written but I have already been caught up in the old college grind (rush parties, club parties, dorm parties). In fact, I often find myself studying until 3:30 (I don't start studying until 3). I find that my studies present a real challenge to me (I'm flunking).  
Did you know that this college

ranks among the top 10 in the nation (the soccer team is first in the area)? Our buildings and labs are equipped with the most modern facilities (the student center has a pool table).

It is really wonderful how all my professors have that rare quality that strikes a cord of responsiveness deep within me (hatred). They are all very brilliant and exhibit this genius in a thousand ways (they are oddballs who expect us to go to class).

My roommate is a very nice guy (he lets me use his Bio notes). In fact all the students here are wonderful and I have made many new friends (she is a real doll). Our floor counselor is a real swell guy, too, and gives us lots of helpful advice (we threw him in the shower last night).

Mrs. Poffinganger, our housemother, respects and admires my ability to get along independently (she locked me out last Saturday).

You will be glad to know that my math teacher said it was a pleasure to have me in his class (he thought I was a visitor).

I really love it here but I sure do miss home, especially both of you (please send money).

Your loving son (lots of money),  
Frank.

**WHAT'S IN A NAME**  
(ACP)—Name placards on doors in men's dorms at Michigan State University have become the center of "curious creativity". Names have been bypassed by many residents in favor of humorous signs — termed "products of idiot individuality" by some fellow students. Here are a few samples reported by the MSU **NEWS**:

"Ulcer Dept."  
"Beware D.D.T."  
"Take That One Step Beyond."  
"No Hunting, Survivors Will Be (See EXCHANGE, Page 5)

## RING IN THE NEW

Are you still writing "1961" on your papers and letters? I'll bet you are, you scamps! But I am not one to be harsh with those who forget we are in a new year, for I myself have long been guilty of the same lapse. In fact, in my senior year at college, I wrote 1873 on my papers until nearly November of 1874! (It turned out, incidentally, not to be such a serious error because, as we all know, 1874 was later repealed by President Chester A. Arthur in a fit of pique over the Black Tom Explosion. And, as we all know, Mr. Arthur later came to regret his hasty action. Who does not recall that famous meeting between Mr. Arthur and Louis Napoleon when Mr. Arthur said, "Lou, I wish I hadn't of repealed 1874." Whereupon the French emperor made his immortal rejoinder, "*Tipi que nous et tyler tu.*" Well sir, they had many a good laugh about that, as you can imagine.)

But I digress. How can we remember to write 1962 on our papers and letters? Well sir, the best way is to find something memorable about 1962, something unique to fix it firmly in your mind. Happily, this is very simple because, as we all know, 1962 is the first year in history that is divisible by 2, by 4, and by 7. Take a pencil and try it: 1962 divided by 2 is 981; 1962 divided by 4 is 490-1/2; 1962 divided by 7 is 280-2/7. This mathematical curiosity will not occur again until the year 2079, but we will all be so busy then celebrating the Chester A. Arthur

*"You, I wish I hadn't of repealed 1874."*

bi-centenary that we will scarcely have time to be writing papers and letters and like that.

Another clever little trick to fix the year 1962 in your mind is to remember that 1962 spelled backwards is 2691. "Year" spelled backwards is "raey." "Marlboro" spelled backwards is "orolbram." Marlboro smoked backwards is no fun at all. Kindly do not light the filter. What you do is put the filter end in your lips, then light the tobacco end, then draw, and then find out what pleasure, what joy, what rapture serene it is to smoke the filter cigarette with the unfiltered taste. In 1962, as in once and future years, you'll get a lot to like in a Marlboro — available in soft pack and flip-top box in all 50 states and Duluth.

But I digress. We were speaking of the memorable aspects of 1962 and high among them, of course, is the fact that in 1962 the entire House of Representatives stands for election. There will, no doubt, be many lively and interesting contests, but none, I'll wager, quite so lively and interesting as the one in my own district where the leading candidate is none other than Chester A. Arthur!

Mr. Arthur, incidentally, is not the first ex-president to come out of retirement and run for the House of Representatives. John Quincy Adams was the first. Mr. Adams also holds another distinction: he was the first son of a president ever to serve as president. It is true that Martin Van Buren's son, Walter "Blinky" Van Buren, was at one time offered the nomination for the presidency, but he, alas, had already accepted a bid to become Mad Ludwig of Bavaria. James K. Polk's son, on the other hand, became Salmon P. Chase. Millard Fillmore's son went into air conditioning. This later was known as the Missouri Compromise.

© 1962 Max Shulman

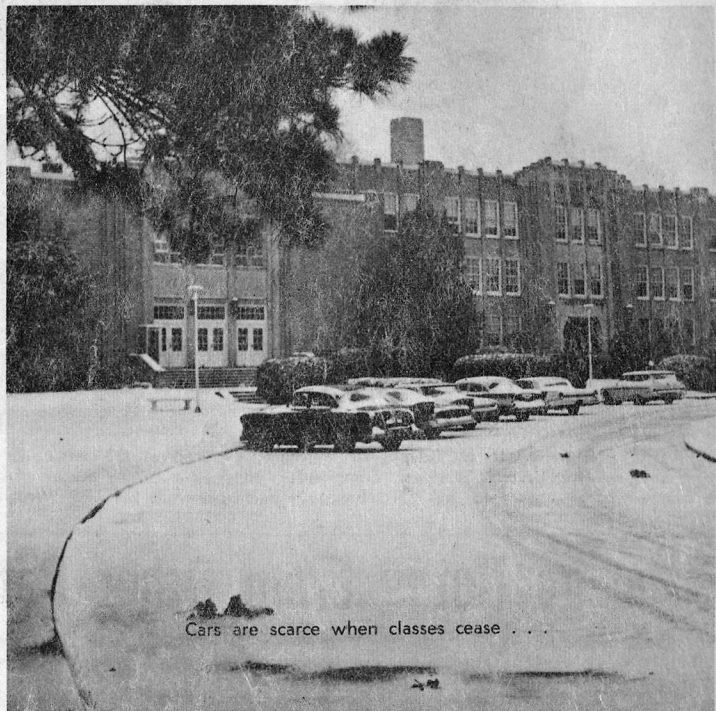

*In Missouri, or anywhere else, there is no compromise with quality in Marlboro or the new unfiltered king-size Philip Morris Commander. The Commander does something new in cigarette making—gently vacuum cleans the tobacco for flavor and mildness. Get aboard! You'll be welcome.*

# Snow-Covered Northeast

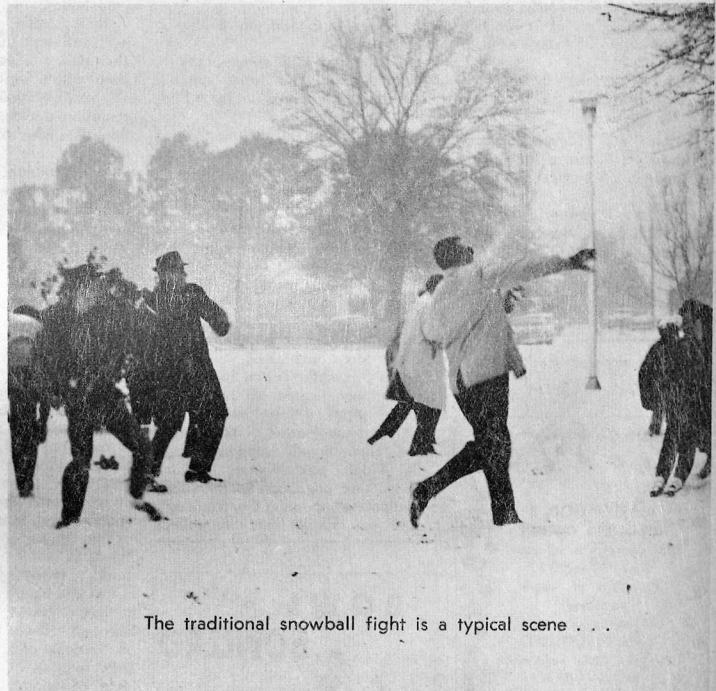

The President's Home dons the stately attire of winter . . .

For some reason, all the white benches have been deserted . . .

The traditional snowball fight is a typical scene . . .

Automobiles have an icy time of it during the cold

Icy bayou and snow-covered ground compose real winter wonderland . . .

# Pharmacy Alumnus Dies

A Northeast pharmacy alumnus of the Class of 1960 died suddenly on December 28 in Cameron, Mo.

Lynn M. Meredith, 33, and his family were en route to St. Paul, Minn., from Monroe, where they had been visiting his family during the Christmas holidays.

Meredith was a native of Monroe and graduate of Monroe city schools. He attended Northeast as a junior college, and graduated from the School of Pharmacy in 1960.

Mrs. Meredith, the former Constance LeBeau, is a former therapist at the Selman Field Cerebral Palsy School.

In addition to his wife and six-year-old son, Meredith is survived by his parents, Mr. and Mrs. M. L. Meredith, Sr., Monroe; one sister, Mrs. Joann Brown, Monroe; and three brothers, M. L. Jr., of Monroe, Ben of Bastrop, and Allen Meredith of Shreveport.

DANCE SLATED

The Student Council will sponsor a back-to-school dance on Friday, February 2, Richard Aycock, president, has announced.

The dance will be held from 8-12 Gunby Dining Hall and will be free of charge to students.

CAROL SLOAT, sponsor of 3rd Platoon, Company B, of the Northeast ROTC, is the featured sponsor for this week. Carol, the daughter of Dr. and Mrs. H. C. Sloat, is a 1960 graduate of Bastrop High School. An elementary education major, she is also a member of the Concert and the Marching Band, Future Homemakers of America, LTA, and is the sponsor for the Pershing Rifle Honorary Society.

BUT OFFICER

(ACP)—A striking blonde coed was stopped in Texas for a traffic violation not long ago and asked to show her driver's license.

The CAMPUS CHAT, North Texas State University, reports her brush with the law as follows.

The officer read the description on the license:

Hair: Black.

Weight: 125.

Restrictive Code: Holder must wear corrective lenses.

The description obviously didn't fit that of the driver. "Whose license is this?" he demanded belligerently. It took the coed and her date half an hour to convince the officer that since the license was issued she had bleached her hair, dieted and lost 20 pounds, and started wearing contact lenses.

## Two-Week Course Scheduled To Begin Here On March 19

A two-weeks' course in the use of a mobile radioisotope laboratory will be presented at Northeast, starting March 19.

The course will consist of a 90-minute lecture and a 2-hour laboratory period each day for ten days. No credit will be given for the course.

Held primarily for the better students of biological and physical sciences, the course will be open to the public for the lectures only, Dr. Aaron P. Seamster, dean of the division of pure and applied sciences, has announced.

A team of experts and the mobile laboratory will be furnished by the Oak Ridge Institute of Nuclear Studies. These experts will handle all lectures, but four faculty members and two outstanding students at Northeast are expected to be selected to participate in each of two laboratory periods.

To be studied regarding the handling and use of radioisotopes are such things as research, testing, and fall out.

## Liveliness and luxury at a low, low price!

# CHEVY II NOVA

A top-down picture in January? Sure! We simply couldn't wait to show you the easiest-to-own Chevrolet Convertible you ever flipped a top over! Get a load of that broad-loop carpeting, the elegant instrument panel, and the leather-like vinyl on those bucket seats\* up front. We call it Fisher Body finesse. What else will you find? Plenty of zip, for one thing, from a spunky 6. Plenty of room, too. And the ride's firm, but ever so gentle, thanks to new Mono-Plate rear springs. Go see how inexpensively your Chevrolet dealer can put some June in your January with Chevy II!

Chevy II was put to the test by the men who know cars best—

WINNER OF THE CAR LIFE AWARD FOR ENGINEERING EXCELLENCE

\*Optional at extra cost. Also available in Nova Sport Coupe.

See the new Chevy II at your local authorized Chevrolet dealer's One-Stop Shopping Center

# Indians To Host Tech

## GSC Foes To Match Buckets Saturday Night

Louisiana Tech, suffering through an unsuccessful season but still dangerous, meets Northeast's Indians in Brown Hall Gym Saturday night at 7:30.

The game between two bitter rivals, whose meetings always produce sparks no matter what the circumstances, will be the final home contest of the semester for Coach Lenny Fant's Tribesmen. The Indians will not play here again until Feb. 6, when Southwestern invades.

Cecil Crowley's Techmen are 1-8 for the season, having edged Northwestern, 72-70, Monday night. The young men from Ruston have played a rugged schedule, meeting Mississippi and Mississippi State of the Southeastern Conference among others, and narrowly missed upsetting McNeese, falling before the Cowboys at Lake Charles in an overtime contest, 60-54.

Northeast whipped Tech twice last winter, winning a 59-53 decision at Ruston and a 61-57 contest in Monroe.

Both clubs are among the youngest in the GSC. Northeast has only two seniors on the squad, all-GCS Lanny Johnson and Jerry Snellings, while Tech has three—guard Jackie Fair, forward Joe Moreland and center Jim Graves.

Fant will probably open with his usual lineup of Johnson (6-1) and Stuart Toms (5-11) at the guards, Bob Groves (6-2) and Jimmy Walker (6-4) at forwards and Robert Cook (6-5) at center.

Accurate Jerry Snellings (6-0), Jerry Salley (5-10), Milton Linder (6-3) and John Varino (6-3) are sure to see action for the Indians in relief of the starters.

Reserve strength has been one of the big reasons for Northeast's victories this season. Going into the Tuesday night game with McNeese, the five Indian starters had averaged 55.2 points a game while the reserves averaged 19 a contest, a pretty impressive figure for part-time performers.

After Saturday night's scrap, the Indians will play Northwestern at Natchitoches Jan. 16, then take 11 days off for finals before meeting Mississippi State in Starkville Jan. 27. Next will come a Jan. 30 meeting with East Texas Baptist at Marshall, Tex., and a Feb. 2 date with Southwestern at Hammond before the Feb. 6 home tilt with Southwestern.

**ROBERT COOK**, the big junior center from Jonesboro, was pacing Northeast in rebounds going into Tuesday night's game with McNeese with an average of 10.4 per game. The rugged 6-5, 215-pounder is scheduled to start against Louisiana Tech here Saturday night in a GSC encounter.

## Cook, Johnson Lead Tribe Cage Statistics

They call Northeast State center Robert Cook the "Bear", an appropriate nickname since the big fellow has been a grizzly on the boards for the Indians this season.

After 10 games, Cook led Northeast with an average of 10.4 rebounds a game, second best mark in the Gulf States Conference. A junior in his third year as an Indian starter, he led his team in rebounds the past two years, pulling down 8.9 a game last season.

Not a giant as centers go, Cook stands only 6-5 and depends on position, timing and good jumping ability instead of height under the bucket. He weighs a solid 215 pounds, which doesn't hurt in the bruising battles for position under the basket.

Second in Northeast rebounding was Jimmy Walker, who like Cook, hails from Jonesboro. Walker, a 6-4 sophomore, was averaging 7.9 rebounds a game. No other Indian is averaging over 5.2 in rebounds.

Cook and Walker's talents received an acid test Tuesday night in Lake Charles when the Indians played GSC champion McNeese, which always features excellent rebounding along with its defensive prowess. McNeese has two of the league's most outstanding board men, 6-5 Al Nesmith and 6-6 John Riddle.

Lanny Johnson continues to lead Northeast in scoring by a big margin. He went over 200 points for the third year in a row by scoring 27 against Southeastern last Thursday, giving him a total of 218 for 10 games. He cleared the 1,000 mark in career scoring during Northeast's Christmas Tournament and, prior to the McNeese game, had a total of 1,051 points, 102 shy of the Bill Bradley's career record of 1,153 points.

Johnson has already broken Bradley's old career record of 403 field goals.

Walker trailed Johnson in scoring

after 10 games with a 12.0 average. Cook was averaging 8.3, Stuart Toms 7.0 and Bob Groves 6.1.

Toms missed his first free throw of the season in the Southeastern game after hitting on 14 straight but still had a sparkling percentage, 94.1 on 16 hits in 17 tries, going into Tuesday's game.

Northeast continues to get good work from its reserves. The Indians are getting almost 20 points a game from the bench with Jerry Salley (6.5), Jerry Snelling (4.4), John Varino (3.4) and Milton Linder (3.1) sporting the best averages among the reserves.

After the Tuesday road game with McNeese, Northeast returned home for another GSC clash, this one with old rival Louisiana Tech Saturday night.

## Groseclose Feels Encouraged By Performances At Sugar Bowl

Northeast State Track Coach Bob Groseclose was encouraged by the performances of several of his thin-clads in the recent Sugar Bowl Track Meet, where Northeast athletes won one first place, two seconds and two thirds.

Groseclose's sprint relay team of Dave and Don Styron, Jay Goldsmith and Charles McDonald won the Sugar Bowl championship with a 41.7 clocking, beating Louisiana State, the Austin Athletic Club and Texas A & M.

Dave Styron, the defending champion, came in second in the 100-

yard dash at New Orleans behind Ralph Alspaugh of the Austin AC. Both Styron and Alspaugh were credited with 9.8 times on the wet track. Don Styron, world record holder in the low hurdles, was third in the high hurdles with a 14.5 time. Ray Cunningham of Austin AC won in 13:9 and Rex Stucker of Kansas State was second.

One of the most noteworthy Northeast performances was turned in by pole vaulter John Pennel, who finished third but cleared 15 feet for the second time in his career and set a school record in the process. Pennel, a junior from Miami, Fla., vaulted 15-1 1/2, bettering his old Northeast standard of 15-4.

Northeast's mile relay foursome of the Styrons, Randall Walker and John Baker was second to Oklahoma State, which won in 3:19.8. Northeast had a 3:21.3 clocking. Walker had been scheduled to run the 440 dash but did not participate in the event.

## Ross Nolan Named To Honor Team

Ross Nolan, Northeast State's star tackle, was honored in December by being named to the Louisiana Sports Writers all-Gulf States Conference team.

Nolan was named to the team as a guard, a position he sometimes played on defense. He is the only Northeast player named to the first team by either the LSWA or the GSC coaches. Nolan made the coaches' second team.

Guard Larry Rambin of Northeast joined Nolan on the coaches' second team and also made the sports writers' second team along with ace fullback Willie Ragan. End Wendell Drost and guard Terry Brunet made the writers' third team.

A 6-3, 235-pound junior from Monroe, Nolan earned his third letter at Northeast last fall. He played his high school football at Neville. Rambin (210) also is a junior while Ragan (180) is a sophomore and Drost (195) a freshman. Brunet (210) is the only Indian named to the all-GSC squad who is not scheduled to be back next fall. He was one of five seniors on the 1961 Tribe squad.

# Four Indians Set For Indoor Affair

Four Northeast State track stars—twins Dave and Don Styron, John Pennel and Don "Buddy" Eiland—are scheduled to participate in the Bluebonnet Indoor Track Meet in Houston, Tex., Friday night.

The meet, which will feature some of Texas' greatest athletes and several out-of-state stars, will be held in Sam Houston Coliseum.

Dave Styron will run the 60-yard dash, Don Styron the 60-yard high hurdles, Pennel will pole vault and Eiland will compete in the 1,000-yard run.

Don Styron, world record holder in the 220-yard low hurdles with a 21.9 clocking, finished third in the 120-yard high hurdles in his latest meet, the Dec. 31 Sugar Bowl Track Meet, with a 14.5 clocking. The defending national AAU low hurdles champ, Don has run the 60-yard high hurdles in 7.2.

Dave has run the 60-yard dash in 8.1. He won the Sugar Bowl 100 meters in 1960 and finished second in the 100-yard dash in the last Sugar Bowl meet with a 9.8 clocking, the same as winner Ralph Alsbaugh, over a wet track. Dave has run a wind-aided century in 9.3 and tied the world junior 100 record for athletes 18 and under with a 9.4.

Pennel has twice cleared 15 feet and ranks as one of the nation's finest collegiate pole vaulters. His first 15-foot effort came in an indoor meet, the 1960 Chattanooga Relays, when he cleared the bar at 15 feet, 3/4 inch.

In 1961, Pennel suffered a broken foot and never reached peak form. This season, however, he has been clearing 15 feet regularly in practice and went 15-1 1/2 in the Sugar Bowl meet, finishing behind John Uelses, who vaulted 15-3/4 for a meet record, and world record holder George Davies of Oklahoma State, who also cleared 15-1 1/2 but was awarded second since he cleared the height in

fewer tries than Pennel.

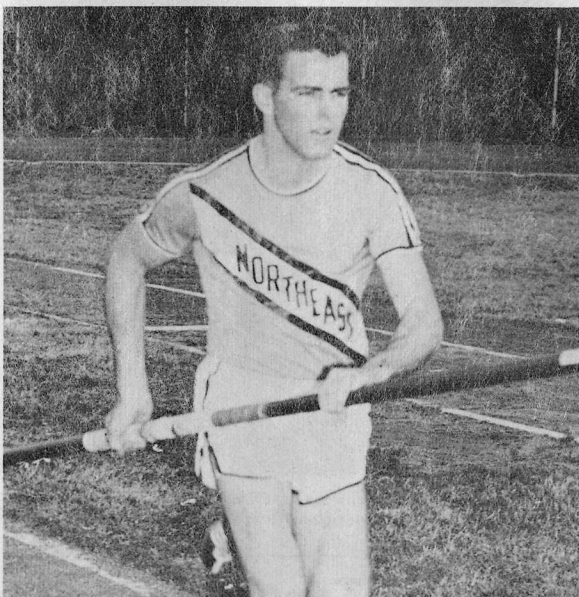

Pennel's 1961 vault of 15-3/4 set a national college record for freshmen. A Miami, Fla., product, Pennel is now a junior. He's fairly short as vaulters go, standing 5-10,

Eiland, now a senior, has been one of the South's top milers for three years. He has won the Gulf States Conference mile title the past two years and set the league record of 4:11.1 last spring, breaking his old record of 4:13.4 set the previous year. He is also conference champion and record holder in the 880-yard run with a 1:52.2 clocking. His best time in the mile is 4:10.0

The past fall, Eiland led Northeast to its third GSC cross country championship in four years by finishing second in the four-mile run with a 19:28.5 time.

Eiland will be running the thousand-yard event for the first time Friday night.

The four Northeast State athletes will compete as unattached entries in the Houston meet.

**JOHN PENNEL** cleared 15 feet for the second time in his career Dec. 31 in the Sugar Bowl Track Meet and is scheduled to compete tonight in the Bluebonnet Indoor Track Meet in Houston along with three other Northeast State thinclads. Pennel went 15-1 1/2 in the Sugar Bowl affair.

## Bulletins

### SIGMA TAU GAMMA

Sigma Tau Gamma, social fraternity, has elected new officers.

The election was held Monday. The new president is Tassos Chronopolous. Other officers are James Mc Gough, vice-president; Louis Swann, secretary; and Danny Miller, treasurer.

The term of office for each is one semester.

### SCABBARD AND BLADE

Company B at Northeast, 13th Regiment of the National Society of Scabbard And Blade, recently held a banquet at the Embers.

Special guests at the dinner-dance were President and Mrs. George T. Walker, Dr. and Mrs. Fred J. Vogel, Dr. and Mrs. W. R. Hammond, Lt. Col. and Mrs. L. R. Longfellow, and Lt. Col. M. L. Shumaker (PMS).

Others attending were Scabbard and Blade members and their dates, and officers from the military department and their wives.

# Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

Three views of an average, healthy girl

## LESSON 1 - How to recognize a girl

It is not surprising, in these days of constantly changing fashion standards, that girls are often mistaken for men.

Certain popular items of apparel, such as slacks, baggy sweaters and boxy suits, contribute to this unfortunate situation. Therefore, we suggest that new students of girl watching start with the fundamentals (see above diagram). As you can see, girls are easiest

to identify from the side. However, even the beginner will soon achieve proficiency from front and rear as well.

Advanced students can usually tell a girl from a man at five hundred paces, even when both are wearing asbestos firefighting suits. (You might try offering the subject a Pall Mall, but you won't prove anything. It's an extremely popular brand with both sexes.)

### WHY BE AN AMATEUR? JOIN THE AMERICAN SOCIETY OF GIRL WATCHERS NOW!

## News Briefs

### MEETING SCHEDULED

Two members of the nursing department faculty at Northeast State will attend the Louisiana League for Nursing Leadership Training Workshop at Mercy Hospital School of Nursing in New Orleans tomorrow.

Attending from Northeast will be Dr. Anna H. Gallagher, chairman of the nursing department, and Miss Mary Roth, chairman of the committee on careers of the Louisiana League for Nursing.

### HONORABLE MENTION

Two Northeast State football stars have received honorable mention on the 1961 Williamson Mid-Bracket All-American team.

They are guard Terry Brunet of New Orleans, a senior, and sophomore fullback Willie Ragan of Monroe.

## Ragan And Rambin Win Top Grid Awards At Northeast State's Football Banquet

Fullback Willie Ragan of Monroe was awarded the Most Valuable Player trophy and guard Larry Rambin of Shreveport captured most of the other honors at the Northeast State football banquet Thursday night.

Sophomore Ragan, one of the Gulf States Conference's leading rushers the past season, received two other awards in addition to the R&A Jewelry trophy as the most valuable player. He was also awarded the E. N. Jackson Memorial Award as the best back and the Marion Dupont Award as best offensive player.

Rambin, a junior, received four awards—the Payne Memorial Trophy for 100% effort, the Jim Malone Award as the best blocker, the J. C. Penney Company Award as the best lineman and the H. C. Cassanova Trophy as the best defensive player.

Quarterback Ronnie Myrick of Oak Grove, the team's total offense leader, received the Wayne Parker Award as the best freshman on the squad and sophomore Ken Newton of Delhi was awarded the Bob Kelly Trophy as the best trainer. Sophomore Morris Douglas of Jonesboro received the Gay Clothing Award as the most improved player and center Bob Tatum of Halls, Tenn., was recipient of the Central Savings Bank Scholarship Award, given to

the Northeast gridders with the best three-year average.

Tatum also received another honor. He and halfbacks Don Blackwelder of Apopka, Fla., and Al Ott of Gretna were announced as honorary captains of the 1961 grid team. All three are seniors. The captains and the award winners were elected by the Northeast squad.

Northeast's 36 grid lettermen were recognized at the banquet, held in Gunby Hall as were the winners of the "Players of the Week" awards, linemen Bo Dick Smith, Tommy Beaubie, Rambin, Billy Foster, Ross Nolan, Terry Brunet, and Wendell Drost and backs Ragan, Myrick, Blackwelder, Don Wattigny, Devone Payne, Douglas and Newton.

Smith, Nolan, Drost, Ragan, Myrick and Blackwelder received two weekly awards each.

The thirty-six lettermen are:

Ends—Sophomores Jimmy Love, Monroe; Gene Harbert, Bossier City; Tommy Latham, Winnfield; and Dewey Smith, Bernice. Freshmen Sperry Brown, Monroe; Robert Lampard, New Orleans; and Wendell Drost, Sulphur.

Tackles—Junior Ross Nolan, Monroe. Sophomore James LaCoste, Baton Rouge. Freshmen Tony Allen, Atlanta, Ga., and Kirby DesOrmeaux, New Iberia.

Guards—Senior Terry Brunet, New

Orleans. Juniors Larry Rambin, Shreveport, and Billy Foster, Tallulah. Sophomore Don King, Bossier City. Freshmen O. J. Louviere, Lake Charles, and Jerry Ferguson, New Iberia.

Centers—Senior Bob Tatum, Halls, Tenn. Freshmen Tommy Beaubie, Monroe, and Tom Harvey, New Orleans.

Quarterback—Senior Don Wattigny, New Orleans. Freshmen Ronnie Myrick, Oak Grove, and Mundy Breazeale, Philadelphia, Miss.

Fullbacks—Sophomore Willie Ragan, Monroe, and Devone Payne, Monroe. Freshman Roy Goodwin, Monroe.

Halfbacks—Seniors Al Ott, Gretna, and Don Blackwelder, Apopka, Fla. Junior Gordon Salsman, Lewisville, Tex. Sophomores Ken Newton, Delhi; Donnie Bruson, Jonesboro; Morris Douglas, Jonesboro; and Ken Thornhill, Winsler. Freshmen Bill McClung, Bossier City; R. F. Wilson, Monroe; and Dean Mann, Shreveport.

Student Trainer—Ronnie Sanford. Managers—Willie Capers and Calvin Allen.

#### PHI BETA

A Silver and Green Tea Program, sponsored by Phi Beta Professional Speech and Music Fraternity for Women will be given Sunday, Jan. 14, at 3 p.m. in the home of President and Mrs. George T. Walker.

#### NLSC CHOIR

Applications for spring semester membership in the concert choir are now available, announced Michael DeShong, choir president. The forms may be obtained from any member of the choir or from Mr. Davis Bingham, choir director. Bingham's office is Biedenharn 221-A.

The concert choir, which this semester enrolled 67 singers, is open to all students of the college. This semester the group presented 8 performances, concluding with the annual college-wide Christmas assembly program. Activities for next semester include a concert at the First Methodist Church, Shreveport; three appearances during Religious Emphasis Week on campus; a choir tour May 7-8; and a concert in Brown Auditorium on May 10.

## Northeast Signs 19 Grid Recruits

Jack Rowan, Northeast State athletic director and head football coach, has announced the signing of four more football players, including two all-Mississippi junior college stars, to athletic scholarships.

The junior college aces, expected to enroll at Northeast at the beginning of the spring semester, are center Stanley Starr of Winter Garden, Fla., and guard Donald Broughton of New Orleans. Both played at East Central Junior College and Starr was selected the "Lineman of the Year" in the Mississippi conference. Starr stands 6-3 and weighs 197 while Broughton, a former East Jefferson High standout, is 5-10 and 195.

Also announced as signing with Northeast were Sulphur quarterback Warren LaSalle (6-0, 165) and guard Dwain Jacobs (5-10, 200) of Shreveport's Byrd High School.

The signing of the four gives Northeast 19 football recruits for next fall. Previously signed were ends Sherril Smith of Springhill and Stan Wilson of Sulphur; tackles Alvin Fontenot and Preston Hollier of Sulphur, Billy Ross Graves of Tallulah, Fred Morris of Holly Ridge and Ronnie Chalaire of Shreveport's Jesuit; guards Jewel McBroom of West Monroe and Mike Dore and Jim Kirkendall of Sulphur; and backs Robert Payne of Neville, Alton Thomas of Byrd, Ray Pommier of Crowley, Sonny Bondurant of Wisner and David Elkins of Winnsboro.

Fontenot and Thomas were named to the 1961 triple-A all-state team while McBroom was named to the second team for the second year in a row. Fontenot was also an honorable mention choice on the all-Southern squad selected by an Orlando, Fla., newspaper.

Smith and Chalaire were both named to the class AA all-state second team while Graves was a first team choice on the class A all-Louisiana squad. Morris made the 1960 class B all-state first team.

"We believe this is the finest group of recruits we have ever signed at Northeast," Rowan said. "Almost all of these boys were sought by many other colleges and most have received mention on all-state teams selected by Louisiana sports writers."

High point of the Northeast recruiting season was the signing of six members of the Sulphur High team, the only triple-A eleven in the state to go through the regular season undefeated. Tribe coaches Leon Manley and George Luffey signed five of the Sulphur stars in one day and added LaSalle to the list later.

### Pictures On Sale

Chacahoula picture packets remain on sale in Stubbs Hall 201. The packets contain six wallet size photographs and one larger size. Total cost is \$2 plus tax.

Students and faculty who wish to purchase pictures may do so daily after 10 a.m., Lady Stahl, Chacahoula adviser, has announced.
