# POW WOW

Student Voice Of Northeast Louisiana State College

## LOST EFFORT

A special Elections Section for this issue was announced last week. Plans were cancelled due to lack of interest on the part of those who should have been most interested, the candidates!

## EASTER HOLIDAYS

The Easter recess begins at noon on Thursday. Classes resume at 8 a.m. on Tuesday, April 20. The next issue of the Pow Wow is April 30. Drive safely, we hate to lose readers!

# Coeds Honor Mothers This Weekend

MODELING COSTUMES FOR MOTHER'S WEEKEND  
... (l. to r.) Judy Shannon, Sara Lewis and Janice Shelton

## Style Shows, Breakfast Highlight Annual Event

By SUSAN BROOMFIELD

Calico dresses, old-fashioned bonnets and high buttoned shoes will be worn by Northeast's women students Saturday and Sunday as they entertain their mothers on the College's annual Mother's Weekend.

"Down Memory Lane" is the theme to be carried out in dress and decoration.

A costume show Saturday afternoon at 2:30 in Gunby Dining Hall, opens with an attic scene in which two little girls find a photograph album in an old trunk. The photographs come to life as students model costumes depicting the antebellum period through the 1920's.

Those taking part in the skit are Judy Shannon, Janice Shelton, Janet Simmons, Sharon Day, Carolyn Rea, Connie Petri, Jerry Clark, Jo Ann Golf, Jackye Burris, Lou Lemert and narrator Margaret Hendrix.

Joy Woods will provide the background music.

### Relive "Gay '20's"

Highlights of the afternoon program will include a Charleston number from the "Gay '20's" by Sara Lewis, a song by Gail Smith and the modeling of an old-fashioned bathing suit by Cheryl Kimball. Mrs. George Walker and Mrs. Eleanor Trimble will model fashions worn in years past by members of their families.

Following the costume show, guests will be honored at a reception in Breard Hall.

A special feature of the evening will be the modeling of hats by Northeast coeds. Models are Sherry Norwood, Paula Lawrence, Cecelia Wood, Kathy Whitfield and Gail Shouly.

A variety of brightly colored high-buttoned shoes, lace garters, and old-fashioned flower arrangements will adorn the tables in Gunby for the Sunday morning breakfast. First on the program will be a reading by Jamie Becuzha on children's ideas of Mother's Day.

### Talk on Motherhood

Instrumental arrangements will be performed by Lynne Gregory, Connie Petri, and Connie Stackhouse accompanied by Mary Jane Minnear. The program includes an address, "The Majesty of Motherhood," by Beatrice Nugent, and a vocal solo, "I'll Never Walk Alone," by Patsy Fuller.

Following a talk by Miss Alma Lufcy, counselor to women students, door prizes and favors will be presented to visitors. The favors, which will be presented by Jan Hendrix and Shirley Yancey, are felt scissors holders in the shape of old-fashioned shoes. The decorations and favors were made by housemothers.

In charge of the Saturday afternoon program are Jackye Burris and Laurie Rees, and in charge of the reception is Marilyn Frantom. Phillis Brister in making arrangements for the breakfast. The entire program is under the direction of Patsy Fuller, president of the Women's Residence Council.

## NLSC Co-sponsors Science Seminars Here This Month

Hundreds of high ability high school students and their teachers from throughout the state will be on the Northeast State campus April 29-30, and May 1 for the first annual Louisiana Science Symposium.

The Science Symposium is being sponsored by the College and the State Department of Education in cooperation with a number of state and national agencies and industry.

The three-day program is designed to motivate students and teachers to greater achievement in the field of science and to become involved in introductory research, to encourage students with special aptitudes to become scientists and science teachers and to afford them an opportunity to meet and work with scientists in the symposium, some of whom will be of national stature.

Daniel E. Dupree, dean of the School of Pure and Applied Sciences, is the program coordinator, working directly with Howard P. McCollum, state supervisor of science.

## Easter Services

An inter-faith Easter sunrise service will be held at 6:30 a.m. Wednesday on the Wesley Foundation grounds overlooking Bayou DeSiard.

The Newman Club will be in charge of the half-hour service after which Wesley Foundation and Canterbury Society members will serve coffee and doughnuts at the Wesley Foundation.

School clothes will be appropriate for the occasion.

## Notice

A speech department production, "The Warrior's Husband," received praise from Jacques Biegenwald in "Curtain Call," a weekly column in Sunday's News-Star-World last week.

## New Academic Regulations Announced

New academic regulations concerning probation and suspension have been announced by Dr. Lake C. Oxford, registrar. The new regulations become effective with the opening of the coming summer session.

Regulations have been simplified with the major change being the elimination of summer session grades in determination of probation and suspensions, Dr. Oxford said. The new rules also apply equally to regular and part-time students.

Also new will be the determination of academic status on the basis of grade point averages for the previous semester.

Beginning this fall, any student who earns an average from 1.0 to 1.5 on all hours pursued during the semester will be placed on proba-

tion. A student on probation will be given one semester to remove his probation or he will be suspended for one semester.

### "C" Average Needed

To be removed from probation a student must earn a 2.0 average on all hours pursued, Dr. Oxford said.

Any student who does not earn a 1.0 average will be suspended for one semester.

A student who resigns after mid-semester will receive grades of WA, WB, WC, WD or WF. These grades will determine his academic status for the following semester, it was pointed out. If these grades are below 1.0 average the student will be suspended for one semester. If this average is 1.0 to 1.5 the student will be placed on probation.

### Summer Grades Out

The new regulations permit a

student who is suspended at the end of the spring semester to attend the summer session, Dr. Oxford noted. However, the student will not be eligible to attend the fall semester.

"Grades earned during a summer session will not suspend a student, remove him from suspension, place him on probation or remove him from probation," Dr. Oxford said.

Students having questions concerning the new regulations should contact their dean, it was pointed out.

Students planning to attend the summer session are reminded to fill out a card in the Registrar's Office requesting an IBM packet for the summer session. The request cards will be available on or after May 1.

## Bulletin Boards Out

## SGA Drops Poster Plans; Free Movies Begin Tonight

Rules set up by the Student Government Association governing the size and number of posters allowed each candidate in forthcoming spring elections have been rescinded, announced President Earl Posey.

The changes are the result of the SGA's inability to get election bulletin boards constructed and in place for the opening of campaigning Tuesday night.

Voting machines will be used again this year as students go to the polls to select SGA officers, senators and presidents of the upper three undergraduate classes on April 21 — the Wednesday after the Easter holiday vacation.

In other action, the SGA board heard a report on the spring movie schedule. The first of four free movies to be shown during the remainder of the semester will be tonight in the College Union auditorium at 6:30 p.m. The showing will be "Hatari," a rough and tumble flicker on big game "catchers" in modern-day Africa, starring John Wayne and Red Buttons.

Other showings, to be announced, will be on April 23, May 7 and May 13. Selection will be made from these offerings:

"The Young Lions," a story about the German High Command of World War II, starring Marlon Brando.

"Rear Window," one of Alfred Hitchcock's most suspenseful thrillers, which starred James Stewart.

"Sweet Bird of Youth," a typical Tennessee Williams show, starring Paul Newman.

"The Comancheros," a western starring John Wayne, which begins under the oaks of southern Louisi-

ana and ends in the rugged canyons of west Texas.

"Journey to the Center of the Earth," a science-fiction flicker, which is reportedly so intriguing that some people went back for more.

And the Hollywood classic, "Grapes of Wrath," based on the tremendous pre-war John Steinbeck novel about the "Arkies" and the "Okies" who struggled for existence during the Great Depression.

TEXAS PIANIST Dr. Jack Guerry will be guest soloist with the Twin City Symphony in the final Northeast State Concerts Association presentation of the season at Brown Auditorium on Tuesday at 8:15 p.m.

# Video Series Honors Tribe's Star Athletes

"The Making of A Champion," this week's television program sponsored by the speech department, will honor the athletic department for winning the All-Sports Trophy for the second consecutive year. The film is to be presented on KNOE-TV tomorrow afternoon at 2 p.m.

Members of the coaching staff to be featured on the program are head coach Dixie White, basketball coach Lenny Fant, assistant football coach Leon Manley, tennis coach Ralph Lane, golf coach Wallace Hargon, and trainer Charlie Martin.

Also appearing on the program will be NLSC athletes Melvin Shows, quarterback; Preston Hollier, tackle; Bob Rachal, baseball pitcher; Eddie Kincaid, catcher; Tommy Enloe and Lawson Swearingen, basketball; Roger Morgan and Ronnie

Fountain, track; Margo Alvarez, tennis, and Mark Womack, golf. Prof. James W. Parkerson stated that in the film the coaches and players give their views as to what goes into the making of a champion. They agree that individual excellence, the development of individual skills, aggressive mental attitude, the will to win and team spirit are essential to championship.

## Honor Society Sets New Time For Banquet

The Honor Society will hold its annual initiation and banquet at 7 p.m. Tuesday, April 20, at the Paragon Club. The event was rescheduled from last Tuesday due to the death of Dean Clint O. Hanna.

Dr. George C. Brian, professor of speech, will show a film on the founding of Fort Miro (Monroe) and Ouachita Parish produced by the College.

Herman Domangue of St. Francisville and Gayle Smith of Monroe will provide extra entertainment for the evening. Domangue will do a comedy skit and Miss Smith will sing "Tonight" and "People."

President George T. Walker will announce the winner of the annual freshman award for the highest grade average for the fall semester.

A student must have a 3.25 grade average to be admitted to the Honor Society and must maintain a 3.0 rating to retain his membership.

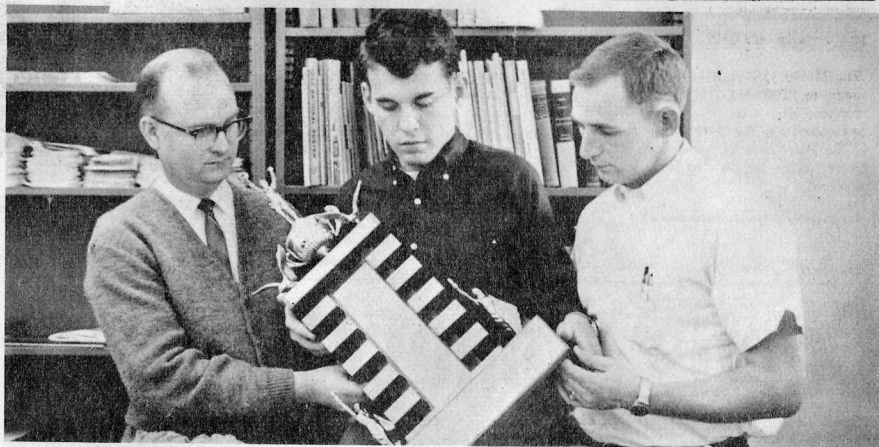

## Honor Organization

### Freshmen Women's Club Holds Initiation Banquet

The initiation banquet of Alpha Lambda Delta, the national honor society for freshmen women, will be held tomorrow at 7 p.m. in the College Union Building, with Dr. Ruth Bruner as the featured speaker.

Preceding the banquet the initiation ceremony will be held in the CUB Auditorium.

Students achieving total hours and averages required for eligibility in the organization include Gloria Jean Abraham, Lorraine Lacour Adams, Janis Marie Brandon, Charlotte G. Crockett, Connie Lee Davis, Peggy Ann Douglas, Betty Kathryn Fisher,

A NEW TROPHY — Jimmy Phillips, Pi Sigma Epsilon president (center), has the help of fraternity advisor Robert E. Harrison (left) and vice president Blake Wil-

kinson in unpacking a trophy given them at the business group's annual convention at Milwaukee April 3-4.

## Pi Sigma Epsilon

### Business Fraternity Takes Two Awards At Convention

Pi Sigma Epsilon, business fraternity on campus, copped the runner-up spot for two top awards at the national Pi Sigma convention, held April 3-4 in Milwaukee.

The two awards were the top sales award, given to the chapter that has developed the most businesslike sales project, and the chapter award, presented for school service, relationship to the home office and other achievements.

Previously, Northeast's chapter of Pi Sigma Epsilon has been the only chapter ever to win the two top

awards in one year and to hold all three main awards over several years.

The chapter has won the top sales award three out of five years and the top advisor award once. Awards have been given for six years.

## Sigma Tau Delta To Initiate 18

Eighteen pledges will be initiated into Sigma Tau Delta national honor society in English Tuesday at the Rendezvous Restaurant.

Fall pledges to be admitted are Carolyn Cole, Robert Hargrove, Elizabeth Perritt and Gail Shoudy.

The fourteen spring pledges are Mona Maria Acosta, Sister Mary John Boone, Laurell Rebecca Brickell, Jacqueline Burris, Judy Sharon Cobb, Kathleen Cochran, Carol Kessler, Sandy Knoblock

Sage Redding, Sara Lauren Rees, Priscilla Villa, Mrs. Jeannette Bean, Nelwyn K. Bickley and Mrs. Mary Jo Mason.

Sigma Tau Delta was founded for students interested in developing their writing skill, appreciation of literature and any form of composition.

Members are selected from all departments of the college so long as they meet grade point requirements. The fraternity also publishes a national magazine, The Rectangle, to print compositions by its members.

## Seminary Singers To Perform Here

The Seminarians, a 16-voice male choral group from New Orleans Baptist Theological Seminary, will present a concert in Biedenharn Recital Hall at 10 a.m. Tuesday.

The choir is composed of students studying church music, theology and religious education and includes members from Alabama, Florida, Mississippi, Virginia, Louisiana and South Carolina.

Asst. Prof. A. Ray Baker directs the group. He has been on the New Orleans seminary staff since 1961.

## Pharmacy Group Plans Annual Dance

The Northeast Chapter of the American Pharmaceutical Association will hold its annual banquet and dance Saturday, April 24, on the Virginia Hotel Roof. The affair starts at 6:30 p.m.

Members planning to attend should notify Mrs. Ed Vocke of the School of Pharmacy before April 20.

Music will be by the Gents of Lafayette. Cost of the evening will be \$3.50.

# The Greek Column

By Gerrie Frasier

Greeks have been behind closed doors all week in final preparation for Song Fest which will be at 8 tonight in Biedenharn recital hall. This event is open to the public and free of charge.

Though the singing groups are not professional by any means, they have worked hard and should provide an enjoyable evening to all who attend.

\* \* \*

SIG TAU's took a break in their Greek Week schedule to attend the wedding Saturday of the immediate past president of the chapter, Bob Fava, to Jimmie Lou Gaines. The couple will reside in Huntsville, Ala., where Bob is employed at the IBM Space Guidance Center.

STG's White Rose plans are progressing steadily under the supervision of Gerald Williams while Grady Coburn has been working feverishly with brother Tau's in order to prepare them for Song Fest.

A note to all Sigma Tau pledges: Where is the "white rabbit" you promised the actives? They are still waiting!

\* \* \*

TAU KAPPA EPSILON held elections Monday night and the result was the following slate of officers: Ronnie Henry, president; Dave Sandrock, vice president; Cal Baker, secretary; Ken Stone, treasurer; Ross Miles, pledge trainer; Mike Robinson, chaplain; Dave Williams, sgt.-at-arms and Robert Evangelista, historian. Sounds like a fine group, boys. Congratulations go out to each of you!

\* \* \*

KAPPA ALPHA Order is making big plans for Old South Week, which will be held April 22-24 with the week climaxing with the Old South Ball on Saturday night. The annual battle which pits the pledges against the actives will take place on the banks of the bayou this year, instead of in front of Brown Hall

where it has been held in previous years. The "battle" is always exciting and provides an enjoyable afternoon for spectators and participants alike.

And speaking of battles, this columnist is about ready to declare war on some of you Greeks. Some of you reporters are getting pretty lax on the job! You were elected to let the public know of the activities of your organization, and in this column you have the excellent opportunity to do just that.

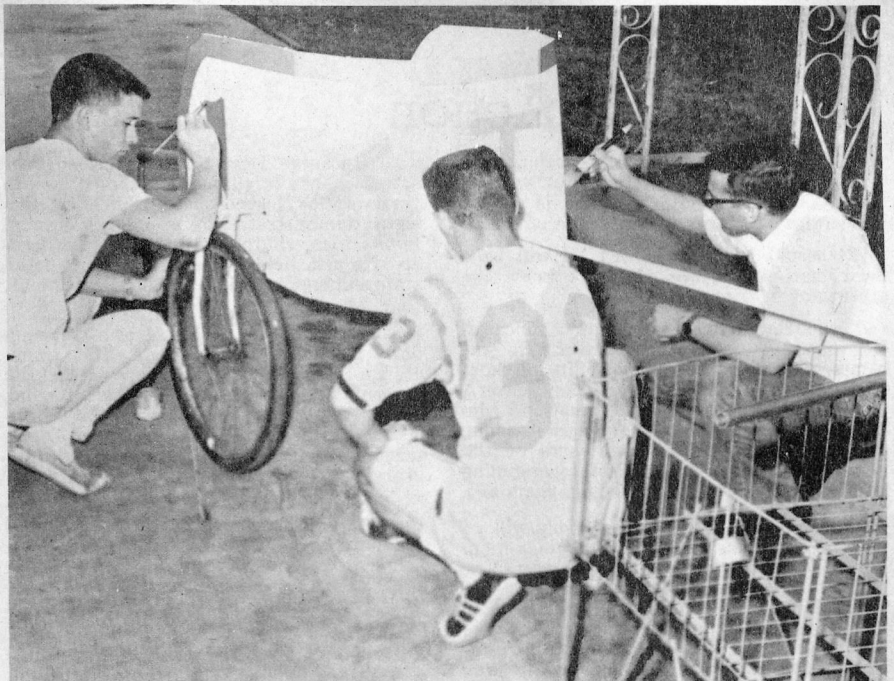

This is your column, written for Greeks by a Greek. Many of you complain that the Greek system is not strong enough at Northeast, but how can we expect to get people interested in joining us if they know nothing about us? And how can they know anything about us if we don't make the effort to inform them?

Please try to have your news in every Tuesday morning by 10 if possible, but certainly by 3 that afternoon. The printer will thank you, the editor will thank you, but most of all, I will thank you!

\* \* \*

SPRING VACATION is coming up and we wonder to what corners of the earth the Greeks will be heading this Easter. The group that went to Jacksonville, Fla., last spring came back telling of fabulous adventures, but so far we have heard nothing about plans to go again this year. Perhaps they haven't fully recovered from last year?

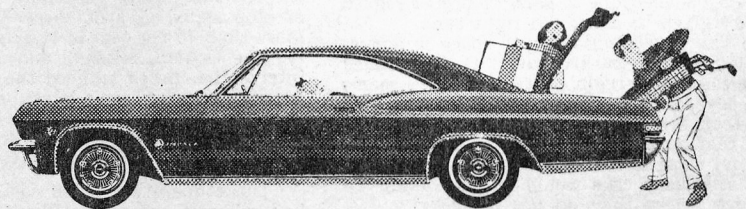

Since this is the last paper before the holidays, may we wish a happy holiday to all you Greeks. Here's hopin' the Sigma Tau's get their rabbit, the KA's get their beards, and we all have a great vacation!

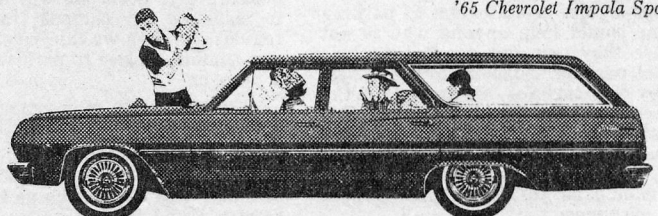

**SIG TAU CHARIOT**—Putting the finishing touches on their chariot prior to the big race at the Greek games Wednesday are Clifton Chambley, Grady Coburn and Anthony Fava. The STG's hard work and many hours of preparation paid off with

a first place win the chariot race. The chariot race is just one of the many events held at the annual Greek games which have become one of the most exciting and competitive aspects of Greek Week.—Staff photo by Robert Reynolds.

In Our Opinion

A Man Of Action

Education has lost a man of action. And Northeast State has lost its first dean of instruction. Dr. Clint O. Hanna is gone—the victim of cancer in his prime of life.

It would be trite to say he will be a hard man to replace. But we know the statement is true.

Dean Hanna was a dedicated educator. He was also a realistic educator. He was a man with the intellectual ability of those generally relegated to the "ivory tower," coupled with the realistic approach to educational problems of a shrewd businessman, and the understanding gentleness of the classroom teacher he was before assuming administrative duties a few short years ago.

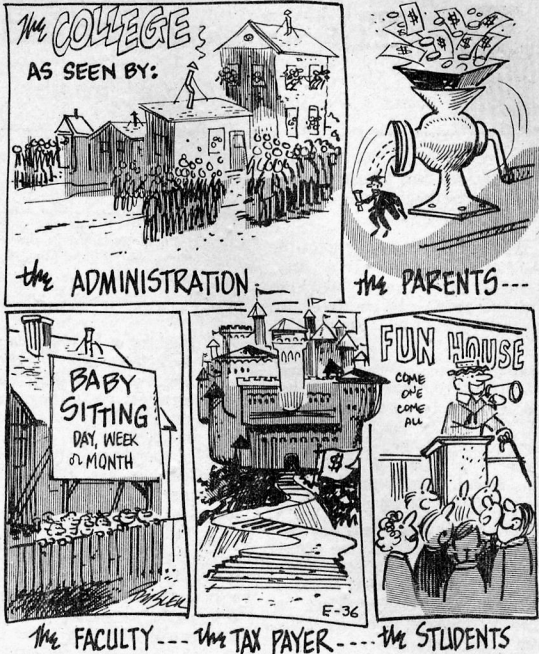

Much of the Clint Hanna Story will go untold, for Dean Hanna was a quiet man. He handled the duties often delegated to several men at other colleges and universities. He could be found in his office after hours and during holidays when others were enjoying themselves at home or on vacations. But that was his way, and he was not one to have it otherwise; in fact, he willingly took on additional assignments any time the need arose.

To observe Dean Hanna's calendar of activities, one might have assumed he was "married" to Northeast State. While a dedicated administrator, he was also a devoted family man, church worker and civic leader. He also held numerous posts in local, state and regional educational organizations.

During his years as dean of instruction, the Northeast faculty has grown tremendously in quality and numbers. The Graduate Program was begun and grew under his personal leadership. He has had a hand, too, in the growth and development of scientific research, the acquisition of better teaching facilities, and the new Sandel Library.

His interest in the library and its functions as the heart of the College's undergraduate, graduate and professional academic programs was indicated in his personal desire for memorial gifts to be made to it, rather than in the form of flowers or donations to charitable organizations.

But most of all, Dr. Clint O. Hanna had a vision — a vision of a greater Northeast, a Northeast taking its rightful place among the truly great state institutions of higher learning in the South.

No Parking Problem?

"There is no parking problem." This is the startling statement of a recent Campus Security memo. This may come as a surprise to you, as it did to us.

According to parking surveys conducted by security officers there is adequate room for everyone to park IF proper regard were given to using the right zone.

The basic limitation of space is aggravated by cars parked out of their assigned zones and non-registered cars. There seems to always be ample parking room in Zone 8—but few park there. If those assigned to that zone would use it, even though it is not close to their classes, a large number of misplaced cars would not be taking up space where they do not belong.

Perhaps a brief re-statement of parking regulations would help anyone who is not sure where they can and can not park.

Student parking in faculty areas — designated by red curbs — is limited to the hours after 3 p.m. on Monday through Friday and after 11:30 a.m. on Saturdays. Yellow curbs carry a permanent ban, as they represent service and emergency zones. All vehicles should be parked in their proper zones at all times.

Tickets for non-parking violations, such as speeding and running stop signs, come under jurisdiction of the Monroe City Traffic Court.

These "moving violations" have been on the increase lately especially the running of stop signs. A spot check has indicated more than 75 per cent of the cars approaching the Cauvin, Mitchell and Bayou Drive intersection failed to heed the signs. This particular spot poses a question of right of way. The rule to follow there is: only the north bound traffic entering from Chauvin Avenue has the right of way.

The cooperation of all concerned is solicited for if everyone will make an effort to abide by our campus traffic rules and regulations then we can have a safe campus and finding a place to park will not be such a problem.

Unfortunately, it is against present regulations to park "for a minute" in any zone.

There is need for a provision making space available for brief parking in front of much used areas such as the post office, cafeteria and library.

Editor's Notebook

By WINDLE DYER

Uncommonness may be a handicap of great dimension affecting your life without you ever being much aware of it.

We are all more or less aware of types of dissimilarity with the group which may be detrimental, such as physical or mental subnormalities.

But there are "positive" types of uncommonness which are encouraged yet which serve as handicaps to our being accepted on friendly terms.

A man who is uncommon, who is brilliant, critical, endowed with superior intellect, or physical prowess is by nature of his distinction building up dislike for himself among all those who are not like himself. This happens because he deflates the ego of those less endowed than he.

Dislike may also stem from other sources such as fear. Fear of sarcasm even physical domination, but this latter is usually confined to childhood.

We may dislike or even be disliked because petty things of a personal nature that annoy. This

happens when our roommate insists on taking showers at 2 a.m., snoring or some such other personal characteristic.

But even if these common causes are kept under control there is the possibility of the uncommon person unwittingly alienating people.

This happens because they in some way make us feel smaller. Usually they don't do this intentionally but resulting negative opinions are the same.

As college students we are uncommon, as per intelligence, attitude and social background so we should consider this potential or actual handicap. It operates between us and people at large and between class mates. We are especially aware of the latter since they compose our environment and are our major competitors.

Many people believe success in mere technical proficiency and subject knowledge, this might be true if one were a sewer inspector who never met anyone else but roamed endlessly around under the city.

However, most of us will be meeting people every day, most of those people will probably be less capable than we are in many ways. This is only natural if you consider that our educational process has been preparing us to be better, buyers, sellers, traders, talkers, readers, writers, cooks, drivers, etc.

An unpleasant phenomena is that seemingly the more proficient one is in any field the more careful he must be to evidence the "common touch."

This is not to say that personality can permanently take the place of ability. This is an all too prevalent notion. But the subject for another discussion.

To handicap by uncommonness may be overcome only by extraordinary service of some kind, by deliberately going out of the way to help others. By demonstrating human warmth, personal regard for them. Thereby allay any fears that you will use your superior ability to dupe or take advantage of them.

The especially endowed must be especially tactful. If you are superior in any field, looks, intelligence or whatever then be especially tactful, especially considerable.

Too often the exceptional person is exceptional in everything but tact and social skills. Though it may be tempting to lapse into commonness at this point it is not best to do so.

The Editors

Readers' Corner

Dear Editor,

Spring is here, the time for students to be light-hearted, gay and foot-loose! Speaking of foot-loose, I have noticed on chancing through our well-loved College Union the solemnity which prevails as students stand or slump around in an unanimated state — a few dare to take part in various diversions (pool and ping pong) and a few venture to tap their toes. — Ah!

Tap their toes! That is action. All is not lost. The music plays on — blares out. Everybody's got the beat, but no one's dancing. Is this Spring? Is this fun?

I have noted that students dance in the student centers at most other colleges, so why not here? This is the season of the "Fish" and the "Clam" so let's get in the swim. How bout it?

Richard Cummins

This Collegiate World

By NAN CHEEK

Easter vacation is nearing and 31 LSU students have already made plans which will absorb those "horrible idle moments." According to the DAILY REVEILLE the students will join others from all over the United States in Nassau, capital of the Bahamas Islands. Sounds great!

Speaking of Easter and absorption, this columnist would like to fill some voids with this newly acquired knowledge: Did you know that Easter was named after the goddess Ester who protected the "lil chicks, ducklings and bunny wabbits"?

MONEY SEEMS to be a touchy subject everywhere! At least Northeast students haven't taken as drastic steps as have our neighbors "far across the sea." THE ASIAN STUDENT says that students in South Korea and Japan are protesting the increased tuition and are boycotting colleges and universities that have raised their fees and patronize those that maintain the same tuition rates as last year.

TEACHER EVALUATION is a program of the Student Senate at Louisiana Tech. In an article carried in the TECH TALK it was re-

vealed that "teacher evaluation" forms are given to students whose instructors are interested in participating in the program. The forms are filled out, returned to the Senate and held in confidence, by them, until after final grades have been posted. The forms are then given to the participating professors. The program is not mandatory for the professors and students are not required to sign their name to the form. Thus far, 31 of Tech's instructors have shown an interest in the evaluation program.

Left Out

Due to lack of space, stories on Dr. Lloyd E. Harris, dean of the School of Pharmacy at the University of Oklahoma, addressing Rho Chi's annual banquet on April 29 and an invitation from West Monroe Jaycees to NLSC coeds residing in Ward 5 to enter Miss West Monroe were left out of this issue. Also left out was a reminder of the Social Science Club's Essay Contest deadline on April 26.

## Dr. Clint O. Hanna

# Northeast Mourns Death Of Dean Of Instruction

Funeral services for Dr. Clint O. Hanna, dean of instruction at Northeast, were held Sunday night following his death Sunday night following an illness of three months. He was 45.

Two services were held for Dr. Hanna, one in Monroe at the College Place Baptist Church, one in Bolivar, Tenn. Burial was in the Hickory Grove Cemetery at Silverton, Tenn.

Born in Winnfield, La., the NLSC faculty dean attended high school in Bolivar, Tenn., and received his bachelor's degree from Union University at Jackson, Tenn. He earned his master's and doctor's degrees at George Peabody College for Teachers in Nashville.

He served with the U. S. Army in the European Theatre of Operations during World War II. He was married to the former Miss Sue Nelle Masters of Silverton in 1944.

He was a teacher and principal in elementary and secondary schools in Silverton and Rockvale before leaving to devote full-time to doctoral studies at Peabody in 1952.

### In 11th Year Here

Dr. Hanna joined the NLSC faculty in September 1954 as assistant professor of education. Three months later he was named director of admissions. He was promoted to a full professorship in September 1959 and was named to fill the newly created position of dean of instruction the following August.

Dean Hanna was prominent in south-wide educational circles. He was a member of the Louisiana Committee of the Commission on Secondary Education of the Southern Association of Colleges and Schools. He was also a past president of the Conference of Louisiana Colleges and Universities.

He held membership in Phi Delta Kappa, national education fraternity, the National Education Association and the International Reading Association.

Dr. Hanna was a former member of the board of managers of the Louisiana Parent-Teachers Association and served on the board of the Monroe Area Guidance Center.

### Church, Civic Club Leader

He was former superintendent of the Sunday School Department of College Place Baptist Church. He

DR. CLINT O. HANNA

was also past president of the North Monroe Lions Club.

He leaves his wife and three daughters, Ann Elizabeth 14, Patricia Lynn 10, and Sue Ellen 5, all of Monroe; his parents, Mr. and Mrs. Alfred S. Hanna of Hornsby, Tenn.; two sisters, Mrs. Jim Cochran of Norfolk, Va., and Mrs. Hugh Harriman of Manila, Ark.; three brothers, Henry H. and William D. Hanna, both of Hornsby, Tenn., and Charles F. Hanna of Bolivar, Tenn.

The family requests any memorials be made in the form of gifts to Sandel Library at Northeast State.

Pallbearers were: Dr. Daniel E. Dupree, dean of the School of Pure and Applied Sciences; Dr. William R. Hammond, dean of the School of Liberal Arts; Dr. T. Eugene Holtzclaw, dean of the School of Education; James M. Nicholson, dean of administration; Dr. Wilford Smith, professor of music; Prof. Dwight D. Vines, dean of the School of Business Administration; Dr. Fred Vogel, dean of student services, and Prof. Ralph Wilson, dean of the School of Pharmacy.

Music for the funeral services was provided by Davis Bingham, Northeast choir director, and student organist Ronnie Brothers.

Ushers were Prof. Emmett J. Foster and Marcus Mapp.

## Faculty News Briefs

# Two More Profs Announce Summer Institute Plans

More announcements of summer plans, national awards, convention talks and judging of music festivals are in the news as far as Northeast faculty members and concerned.

**PROF. MARCUS MAPP**, head of the Geology Department, has been selected one of the college and university professors to participate in a summer conference on Geology of the Mississippi Sound, being held at the Gulf Coast Research Laboratory, Ocean Springs, Miss., June 7-Aug. 21.

**DR. WADDY MOORE**, professor of history, will serve as lecturer in United States history at the NDEA-sponsored Summer Institute in History for Upper Elementary and Secondary Teachers being held at the University of Southwestern Louisiana, Lafayette, June 14-Aug. 13.

**DR. AUGUST DANTI**, professor of pharmacy, has been elected chairman of the Pharmacy Teachers' Section of the American Association of Colleges of Pharmacy. Section secretary for the past three years, he was honored with a plaque for outstanding service at the organization's annual convention in Detroit last week.

**DR. JOSEPH KERN**, also of the School of Pharmacy faculty, served

on the A.A.C.P. convention committee for undergraduate research awards.

**DEAN RALPH M. WILSON** was the NLSC voting delegate to the same convention.

**JAMES F. HAWKINS**, supervisor of scholarships and placement, addressed the annual conference of the Louisiana Principal's Association at Bunkie yesterday. He is past president of the organization.

**JAMES W. PARKERSON**, member of the speech faculty and executive secretary of the Louisiana Speech Association, is in Durham, N. C., this weekend for the Southern Speech Association convention. He heads a panel of broadcasters on the convention program.

**DAVIS BINGHAM** and **GLENN SAWYER** of the music faculty are in the news as music festival judges. Bingham is serving as vocal judge for a state contest at Tuscaloosa, Ala. Sawyer served as adjudicator for the District Six festival at New Orleans last week.

# 'Pick It,' 'LS/MFT' Tickets Told

By MARSHALL DOUGLAS  
(Member of the SGA)

It's election roundup time on the ole Northeast Reservation and a few of this year's candidates have dropped by the Pow Wow office to make sure their waiting public can read about their qualifications.

One of the first to stick his head in the door was the leader of the "Pick It" ticket — Robert Gill, candidate for SGA president. The Pick It ticket consists of Gill for president, John Demouruelle for vice president, Patsy Fuller for secretary and Wynn Jefferson for treasurer.

### Gill Throws Hat

Gill throws his hat into the political ring with many qualifications, so many in fact that space won't permit the listing of all of them. Let's look at a few. He was senior class president this year, member of the Social Science Club, Scabbard and Blade, Geographic Society and SGA. He was the executive officer of the ROTC Brigade last year and co-captain of the Northeast rifle team for three years.

Gill's top running mate — Demouruelle — is a senior pharmacy major. Demouruelle is a member of Circle K, ROTC Rifle Team, and Scabbard and Blade. He attended USL and LSU before coming to Northeast. He was student council president in high school.

The candidate for secretary has an almost perfect attendance record during her term of office as an SGA senator this semester. Patsy Fuller is president of the Women's Residence Council and vice president of Breard Hall. She has also won a number of beauty titles and is a performer with the Northeast Singers.

Rounding out the "Pick It" ticket is treasurer candidate Wynn Jefferson. A former senator from the Graduate School, Jefferson is a member of ODK and Who's Who. He is a former member of the gymnastic team, Scabbard and Blade and Pershing Rifles.

### LS and Company

There is another ticket in the race that hopes to make a lucky strike—that's the "LS/MFT" ticket. Lawson Swearingen heads this ticket as candidate for SGA president. Others on the ticket are Jimmy Phillips for vice president, Jeanne Rowan for secretary and Preston Hollier for treasurer.

Swearingen is not only high in relation physical height, for he sports a 3.23 cumulative grade average. He heads his list of qualifications with the fact that he is majoring in government and minor-ing in business administration. A three-year letterman in basketball, Swearingen has served on the SGA as a senator from Liberal Arts and was recently initiated into Omicron Delta Kappa. He is also a member of the Honor Society and Pi Sigma Epsilon.

The president of Pi Sigma Epsilon — Jimmy Phillips—is the "LS/MFT" vice presidential candidate. Phillips is also a member of Scabbard and Blade.

The candidate for secretary on the ticket has served as a senator from the School of Education this year. Jeanne Rowan is a member of Alpha Lambda Delta, national honor society for freshmen women, and president of Phi Mu.

Completing the ticket is Hollier for treasurer. He is a three-year football letterman and president of Circle K. He is also active in the Newman Club.

### Independents Visit

Several "independents" came by with some qualifications.

From the list of candidates for senator from the School of Education, two came by, Pat Herlevic and Maureen Turner.

Pat—a freshman this year—was treasurer of her student council in high school and secretary of the National Honor Society. She was also editor of the yearbook. At Northeast, Pat is associate editor of the Pow Wow and sports editor of the yearbook. She is active in Newman Club work and is a member of the Newman Club committee. Somehow she manages to maintain a "B" average scholastically.

Maureen is another student with a "B" average and a member of the Northeast Honor Society. In high school she was the president of the Honor Society and secretary of the student council. She is also a member of the Northeast Newman Club committee.

From Liberal Arts the Pow Wow heard from senatorial candidate Ross Shira. Shira is chairman of the Campus Conservation Club and is active in Young Republicans work. He was at one time state chairman of the organization and chairman of the committee proposing establishment of a chapter at Northeast.

Also in the race from Liberal Arts—the only school to have a run-off last year—are Linda Hailey and Lyle (Frank) Parratt.

Linda has a 3.6 grade average, is a member of Zeta Tau Alpha and Alpha Lambda Delta. Parratt is a member of the Pre-Law Club, Canterbury Society, Political Science Club and Sigma Tau Gamma.

That's all that came by—therefore, that's all the Pow Wow can report.

## Constitutional Amendments

# Third Printing of Changes To Be on April 21 Ballot

The Constitutional Amendment Committee of the Student Government Association has proposed that three changes be made in the SGA Constitution.

These changes are subject to the approval of the student body and are required to be published in the Pow Wow for a full month before election day.

In keeping with the wishes of the SGA, the Pow Wow hereby publishes the Constitutional Amendment Committee's proposed changes, as approved by the Student Senate. Changes in wording are set in bold type.

The Constitutional Amendment Committee, having duly met on Monday, March 15, 1965, wishes to present the following recommendations for changes in the Constitution of the Student Government Association of Northeast Louisiana State College.

1: Article IV, The Legislative Department; Section V, Attendance and Vacancies. In the second paragraph we find: "If a Senator is absent from three meetings without an excuse, acceptable to the Senate, he shall be dropped from his position."

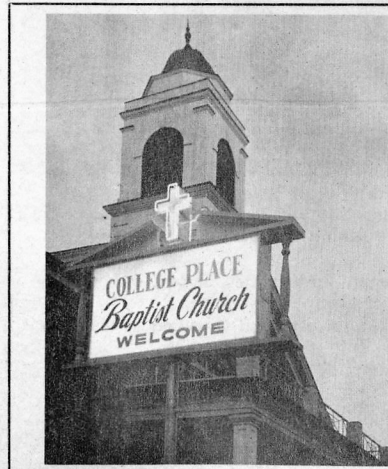

Amendment 1: The committee recommends that this be changed to read: "If a Senator is absent from three meetings **during his term of office** without an excuse acceptable to the Senate, he shall be dropped from his position."

2: Article IV, The Legislative Department; Section VI, Elections. In the first paragraph we read: "The general Student Government Association elections shall be held on the third Wednesday in April."

Amendment 2: The Committee recommends that this be changed to state: "The general Student Government Association elections shall be held on the third Wednesday in April **unless the Senate deems a change necessary and a change of date is passed by a 2/3 vote of the Senate.**"

3: Article III, Executive Department.

Amendment 3: The committee recommends that a Section VII be added to this Article; that Section VII be entitled Salaries for Executive Department; that this Section read: The President of the SGA shall receive a salary of \$40 per month of office; the Vice President, a salary of \$25 per month of office; the Secretary, a salary of \$25 per month of office; the Treasurer, a salary of \$25 per month of office. This does not include the summer semester.

## KA Beards Not All Fun; Can Get Hairy

By CANDY JOHNSTON

Down through the ages many famous men have worn beards. Robert E. Lee and Stonewall Jackson were probably two of the most famous bearded men during the Civil War. And now, on our campus, the "beard" has appeared once again. It is worn by the notorious and infamous Southern Gentlemen of the Kappa Alpha Fraternity. This beard is worn for Old South Week, which is the celebration and reenactment of the Civil War. I should like to give you the true story behind the KA beard. There are a few facts that one may find interesting as well as informative.

After spending a week of argument with their parents, the boys began to show their "fuzz" all over campus. Nine weeks and one fourth of an inch later, the beard did appear.

### Some Got Problems

Of course a few problems have arisen because of these whiskers. Many KA's have been forced to dye their beards to match their hair. But, funny thing; I've not seen any shocking pink or baby blue hues.

The KA Sweethearts think the beards are cool, but I bet that many a Friday and Saturday night the girls wish Old South was over and their guys were once again clean shaven.

Some problems arise in the cafeteria with such foods as spaghetti and Jello. Spaghetti seems to present the hardest problems though, and if one thinks about it, he will see exactly how distressing it can be. This is one of the main reasons

the KA is forced to wash his beard every day. How would you like to go to bed every night with small bits of spaghetti stuck to your chin?

### Will They Keep 'Em?

Have you ever stopped to think what would happen if the guy decides to keep his beard? If he did, would it be practical? One KA said, "I would never be able to get a job, except maybe somewhere in Alabama." Also, just think of it, boys to day spend 15 minutes combing their hair. If they had a beard six or seven inches long, they would be forced to greet the world at 5 a.m. and spend an hour and a half on their beard alone. Another thing, have you ever tried to pass a summer in Louisiana with six or seven inches of hair dragging from your chin?

And . . . think of the prospects of taking your girl on a picnic and contracting poison ivy on your chin. Scratching would present a problem!

### Some Advantages

A long beard has some advantages though, such as cleaning your glasses, or wiping your fork off when you drop it on the floor.

Also think of what a thrill it would be to wear a pair of dark glasses along with your beard and be completely anonymous. Some people may think you are a movie star.

When asked why a KA grows his beard, he may be heard to replay . . . "it's the thing, the fashion;" and another may answer seriously, "My father will not let me start shaving because he said once I begin to shave, my beard will get thick and I'll be forced to shave every day."

But, even though the beard has its advantages and disadvantages, I imagine most KA's will take advantage of the opportunity to return to normal life after Old South Week without the whiskers.

## For Junior Students

# WAC Officer Will Recruit Women For Test Training

Capt. Barbara Kasmire of the Women's Army Corps will be in the CUB Trophy Room on April 22 to discuss the Army's summer orientation program for junior college women.

The four-week program at Fort McClellan, Ala., will give opportunity to see what the Army is like and provide proof of suitability for the role of a Women's Army Corps officer. Enrollees are under no obligation beyond the four-week plan.

Candidates are selected from colleges all over the country and are sworn into the WAC Enlisted Reserve as cadet corporals, then called to active duty for the summer project.

Women who do not complete the course or who later decide not to apply for a lieutenant's commission upon graduation from college will be discharged from the Reserve.

The program will include classes on military subjects, field trips and social activities.

# Tax Problems Provide Casework, Extra Income

By PIERCE McKEITHEN

"Racking tax has left us scarcely raimant to our backs," proclaimed Sir Walter Scott. And later it was said that a just man is willing to pay more income tax. In 1965, from a consensus of public opinion, there is tax where revenue is not found.

But for Prof. John Luffey and several former accounting students at Northeast, completing tax forms is a means of supplementary income and part-time employment. Burning "midnight oil," this team has been working for several months in an effort to meet the April 15th deadline for submitting the forms.

### Busy Months

Approximately 500 such reports are taken through the group a year, and 80 per cent are received between March 1 and April 15. Therefore, student aid is appreciated.

Henry Little, William Hoover, Carolyn Garrett and Eileen Froust, all former students at NLSC, give a great deal of assistance to Luffey in his two accounting firms, Little having been made a partner.

Luffey, an alumnus who played football for Northeast in 1946, and who has been on the faculty for 15 years, is an example of the men in the Department of Accounting who devote their time and vigorous energies to obtaining practical business experience for students.

A member of Pi Kappa Alpha and Omicron Delta Kappa, honorary scholastic and leadership fraternity, Professor Luffey has written an article, "Accounting Internship Program," for Collegiate News And Views Magazine.

He is an active member in the American Institute of Certified Public Accountants, the Louisiana Society of Certified Public Accountants, the American Accounting Association, the Louisiana Teachers Association, North Monroe Lions Club, Knights of Columbus, and American Legion.

### Board Appointment

Earlier, this year, his career as a CPA reached a high point when Governor John J. McKeithen appointed him to the Louisiana State Board of Certified Public Accountants, which regulates accounting activity within the state.

The board is composed of five accounting experts, three of whom must reside in the New Orleans area.

Luffey's appointment marks the first time anyone from the Monroe area has been on the board in the 40 years it has existed.

### Top-Notch Faculty

This man is also part of a six-man accounting faculty that ranks as one of the best in the state because it professes that a teacher

cannot better distinguish himself in his work than by vigorously encouraging his pupils.

Under the leadership of Dr. Jack White, faculty members and students team together in school leadership programs such as the Northeast Accounting Club, which meets monthly and promotes such annual events as a Christmas Banquet, a spring semester picnic, and joint meetings with the Monroe Chapter of the state CPA group.

Speakers, discussion panels, and films constitute interesting and educational programs, and demanding curricula accommodate the need for student challenge.

### Employment Program

Some might ask, "What type of employment program does the department have for aiding the worthy students in obtaining jobs?" Other than the job interview system for seniors, part-time employment is furnished for sophomores and first-semester juniors.

The practical experience given is helpful to the pupil in planning his career, and sometimes this part-time employment is converted to one of full-time status, offered to him upon graduation.

Working near the campus now are Larry Bonner, Gene Minchew and Lester Butler, all who have taken or who are waiting to take the CPA examination. Also, the Monroe CPA chapter gives an annual cash scholarship to the outstanding student.

### Others Participate

Not only Luffey and White contribute to the student-teacher business relationship program, but also the other four members of the department.

Dear, an ex-Marine who was the 1959 winner of the State CPA award; Rolan, who, in 1958, received a plaque for being the outstanding business graduate at LSU; Smith, a World War II veteran who is a member of Beta Alpha Psi, national honorary accounting fraternity, and Durr, a Ph. D. who taught school in West Hartford, Conn., and "liked to have froze to death" — all work closely with the accounting students to greatly enhance educational opportunities.

### CPA Graduates

It is because of these six men that there were 10 accounting graduates last fall, and that, during the last several years, 11 have completed CPA requirements.

ACCOUNTING PROFESSORS  
... (l. to r.) John Luffey, Dean Dwight Vines, Dr. Jack White

## Nothing can take the press out of Lee-Prëst slacks

Not that it's on his mind right now. And it needn't be. Those Lee-Prest Leesures can't help but stay crisp and neat. No matter what you put them through. They have a new permanent press. So the crease stays in. The wrinkles stay out. Permanently. And that's without ironing. No touch-ups, either. They're made from Lee's special blend of 50% polyester and 50% combed cotton. For wash and wear... with conviction.

Incidentally, that permanent press is the only change we've made in Leesures. They still have that lean, honest look... smart, tailored fit. New Lee-Prest Leesures. Test their permanent press yourself. It isn't necessary, but it's a great way to spend an evening. From \$5.98 to \$7.98.

# Indians In Lafayette Sat. For Southwestern Relays

Northeast will travel to Lafayette tomorrow to compete in the 37th running of the Southwestern Relays.

The Indians will be seeking their third championship of the meet but

will have their hopes dimmed by the absence of hurdler Roger Morgan. Morgan is scheduled to take a law school entrance exam at Baton Rouge Saturday.

The El Dorado senior was to enter

both hurdle events for the first time since he injured his leg earlier in the season.

However, Coach Bob Groseclose has two top-notch hurdlers in sophomores Roger Mann and Fred Vogel. Mann has a 14.0 clocking in the highs to his credit.

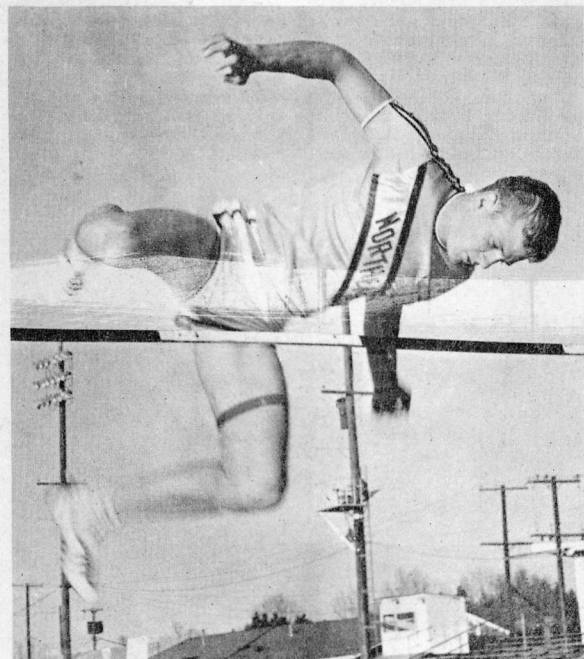

The Tribe finished fourth behind the University of Houston, LSU and Rice last year. They have a 3-2 record going into tomorrow's meet, winning two indoor meets, the Coliseum Relays and Graduate "N" Club Invitational, and the Shreveport Relays. Their two defeats came in the All-College Meet and the Civitan Relays where they came in second.

## Top Attraction

Billed as one of the nation's top relay attractions, Saturday's meet will include teams from Ole Miss, Mississippi State, Rice, LSU and the six Gulf States Conference schools.

For the first time in many years the carnival will not include names from the Olympic Games. Meet Director David Fisher said that the current sanctioning feud between the AAU and NCAA has prevented the olympians from entering.

Following this weekend's action the thinclads will compete in the Northwestern Relays at Natchitoches on April 14. On April 21 the Tribe will host the Demons in a dual meet set for 6:30 p.m. in Brown Stadium. On the following Tuesday, the Indians will run in a triangular meet in Ruston against Southeastern and host Tech.

JACK McDOUGALL  
... Up and Over

## Gymnastics Team Downed In Disputed SAAU Meet

Once defeated or undefeated? That's the question in balance for the Northeast gymnastics team after a disputed finish in the Southern Amateur Athletics Union Senior Championships in Lafayette this past weekend.

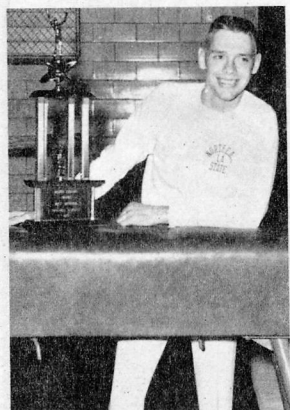

Coach Barry Johnson has filed a formal protest on the scoring procedure used in the meet. AAU rules specify that special events, such as tumbling and trampoline, count half-points rather than full points as do Olympic events. In Saturday night's meet the special events carried full count.

As the results now stand, Northwestern State has a two and one-half point lead over the Indians. If the decision is reversed, Tribe gymnasts will come out on top by two and one-quarter points.

### Top Performer

Henry Magdaleno was the top gymnast at the meet, scoring 43 points to take high point honors. Another Indian, Dwight McLeMore, received a trophy for the most improved gymnast in Louisiana.

Magdaleno was the only member of the team to win an event. He took three first places outright and tied for a fourth. His firsts came in the all-around, long horse, free exercise. The tie was on the parallel bars with Northwestern's Richard Lloyd. The Monroe freshman came in second in two events, the side horse and high bar and third in two events, the still-rings and tumbling.

DWIGHT McLEMORE  
... Most Improved

### Other Finishers

McLeMore took second place on the long horse, fifth in the side horse and sixth in the all-around and on the high bar.

Freshman Tom Heineikie rated a fourth in the all-around and fifth in tumbling and the parallel bars.

## Ricky Peel Signs Pact

Ricky Peel of Weston, one of Louisiana's top prep basketballers, will join brother Johnny Peel on Northeast State's basketball team next season.

Ricky was signed by Northeast Coach Lenny Fant after leading his team to the state class C quarter-finals and making the all-state first team selected by the Louisiana Sports Writers Association.

Peel, 6-3 and 170, averaged 26 points this year and was named the most outstanding player in district 6-C both in 1963-64 and 1964-65. He made more than 50 per cent of his field goal attempts and scored less than 20 points only twice this season.

Veteran Gene Huffty tied for third on the high bar, took third on the parallel bars, fourth on the still rings and sixth on the side horse.

Wynn Jefferson came in sixth in the still rings, the only event he entered.

Magdaleno, Heineikie and McLeMore are the only gymnasts that have competition left. The three will enter the national AAU finals later this year.

## Unbeaten Netters Play In Match At Tech Today

The undefeated Northeast tennis team meets Louisiana Tech netters today at one o'clock on the Ruston courts.

Indian netters defeated their two toughest opponents, Northwestern and Southwestern, in team play here last week.

Northeast defeated Northwestern, 6-1, in overall matches March 31. Margo Alvarez won 6-4, 6-2 over Lloyd Wallace; Richard Campbell won 6-1, 6-1 over Danny Walker; Larry Fisher defeated F. L. Clark 9-7, 8-6 for the only Northwestern win; Jim Boudin won 7-5, 7-5 over Jim Dowden; and Dickie Herbert won 7-5, 3-6, 7-5 over Bill Thompson.

In doubles competition, Alvarez-Campbell won 6-0, 6-4 over Wallace-Walker; and Clark-Boudin won 3-6, 6-4, 6-1 over Fisher-Dowden.

### USL Match

The next day NLSC downed Southwestern in a close match, 4-3. Indian victories were Alvarez 6-0, 6-1 over Robert Rogers; Campbell 6-4, 6-1 over Dennis Aucoin; Boudin 6-1, 6-4 over John Hebert; and a doubles win of Alvarez-Campbell 6-0, 6-0 over Rogers-Hebert.

USL victories were Skip LeBlanc 6-1, 6-1 over F. L. Clark; Steve Alain 6-3, 6-0 over Dickie Hebert; and Aucoin-LeBlanc 6-3, 6-1 over Clark-Boudin.

The Northeast tennis team has been GSC champs the last two years. Alvarez and Campbell are the only two lettermen remaining, but Coach Lane and the team are looking to repeat as conference champs again this year.

Between now and the next edition of the Pow Wow the GSC Champs will play three matches. On April 14 they will host McNeese State on the Forsythe courts. They will go to Southeastern on April 23 and Northwestern on April 29.

# Tribe Lose Two At NSC; Take 7-4 Win Over Lions

Northeast divided a pair of doubleheaders over the past week, losing two to Northwestern and winning a single game from Southeastern. The second SLC game was called because of darkness.

The Demons gave the Tribe a "devil of a time" last Saturday as they won a doubleheader 4-2 and 7-6.

Leftfielder Alton Thomas was the only Indian to get more than one hit in either game. He collected a home run and a single in the second game.

Demon batters managed only four hits in the opener off of lefty Dean Bounds. However, one of the hits, a home run, accounted for three of the four runs.

In the second contest, outfielder Dean Sclavounos banged out a double to centerfield in the bottom of the seventh scoring the winning run. Bob Rachal was the losing pitcher, giving up nine hits.

Rebounding from the two defeats at Northwestern, Indian baseballers won the first game of their doubleheader with Southeastern only to have the second contest called after 11 innings due to darkness. The game will go on record as a tie.

Northeast, in taking the 7-4 decision in the opener, lashed out 11 hits. Alton Thomas led Tribe hitters with 3 for 4, including his second home run of the year. First baseman Don Boniol and second baseman Joe Canal each had two hits in as many trips to the plate. Charley Dykes had 1 for 4, that being a round tripper.

Mike Vining was the winning pitcher, striking out 4, walking 2 and giving up 8 hits. Lefty Dean Bounds afforded the Goodwill right-hander some help in the top of the seventh. Bounds struck out the only man he faced, retiring the side.

In the grueling 11 inning contest, Northeast broke the ice, scoring in their half of the third. Canal led off with a single, but was forced at second on a fly ball to short right by David Worthington. Worthington was then sent to second on a sacrifice by pitcher David Davis. Thomas singled Worthington home from second.

The Lions tallied in the top of the fourth, tying the score at 1-1. Earl Baron and Bobby Cotton had singles to lead off the inning. They were advanced on a sacrifice bunt by catcher Pete Freeman. First baseman Lamar Labaue was intentionally passed, loading the bases. A boot by Worthington scored Baron from third.

Dykes reached first safely in the fourth on an error and then stole second. The throw was wide and he went to third. He scored on another error by shortstop Oubre.

Southeastern was not to be denied. Cotton touched Davis for a home run in the sixth to knot the score at 2-2. The visitors went ahead when Cotten was issued a free pass. He went to third on an error and scored on Oubre's sacrifice fly to center.

The Indians tied the score for the last time in the bottom of the eighth. McCullar singled and scored on Red Hall's double to left center.

Northeast had the bases loaded with two out in the 11th, but couldn't capitalize on the situation.

Leading hitters in the second contest were McCullar and Hall. Both had 2 for 5 with Hall having an all important RBI that tied the game up in the 8th.

Tomorrow the Indians will host Louisiana Tech in a twinbill at the Wossman Recreation Center diamond.

CHARLEY DYKES receives a pat on the back by an unidentified teammate after his booming homer brought home Billy McCullar (foreground) in the first game of a doubleheader with Southeastern. The Indians won the game 7-4. The nightcap was called after 11 innings due to darkness.—Staff photo by Hershel Womack.

## Indians Sign All-District Kinder End

Dub Hardcastle, an all-district end at Kinder High School for the past two years, has signed an athletic grant-in-aid pact with Northeast State.

Hardcastle, 6-1 and 185, played defensive corner back as well as end on the Kinder team that went to the state class B football finals. He is also a sprinter on the school's track team.

## Golfers Host Southeastern's Linksmen Today

Southeastern Louisiana College invades Bayou DeSiard Country Club today for a golf match with the Indians. Tee-off will be at 12:30.

The Tribe's match with McNeese State last Tuesday was postponed due to the death of Dr. Clint O. Hanna and had not been rescheduled at Pow Wow deadline.

### Down Millsaps

Henry Hinkle led our linksmen to a 16-11 victory over Millsaps College Monday with a three over par 73.

The Northeast golfer, playing No. 2, won his match over Mississippian Webb Buie, 3 and 0.

Mark Womack and Raymond Winn both had 76's for the Indians. John Garrett and Jim Moody each had 80's and Ken Duke had a 87 to round out the scoring.

The Indian's next meet will be the LSU Invitational on April 14-15-16. That will be followed by a meet with Northwestern at Natchitoches on April 20 and the Southern Invitational in Athens, Ga., on April 29-30 and May 1.

No. 1 — Womack, Northeast shot a 36-40—76 to beat Tom Dewese (41-39—80), 2-1.

No. 2 — Hinkle, Northeast shot 36-37—73 to beat Webb Buie, (41-32—83) 3-0.

No. 3 — Raymond Winn, Northeast (38-39—76) and Tom Koplin, Millsaps (39-38—77) split, 1½-1½.

No. 4 — Sandy Sandusky, Millsaps shot 42-38—80 to beat John Garrett (42-42—84), 2½-½.

Koplin and Sandusky defeated Wynn and Garrett, 2½-½.

No. 5 — Jim Moody, Northeast shot 39-41—80 to beat Tom Murphy, (46-39—85), 2-1.

No. 6 — Don Miller, Millsaps, (43-42—85) to beat Ken Duke, (40-47—87) 2-1.

Moody and Duke defeated Murphy and Miller, 2½-½.

## Wildcats Down Tribe Bowlers

Northeast bowlers had their troubles this weekend as Louisiana College trounced the Indians in five of six games.

The Tribe took the first game with a total of 860 pins.

The Wildcats rallied to win the next five games knocking over a total of 5,404 pins. Northeast compiled 4,984 pins in their unsuccessful effort.

Wildcat Jim Bagwell took high game and high series trophies with a 222 game and a 1,129 pin total for the six games.

Tim Tolar took high game for Northeast while Noel Orr won high series with 1,038 pins.

Orr was the only member of the group that finished second in the Region XII tourney at Texas A&M earlier in the year.

A return match has been set for the local lanes on April 24.

## Bowling News

# First Place Unchanged In Bowling Leagues

All three league leaders held onto their positions last week, although some had trouble in extending their leads.

The Ughs did manage to extend their lead in the Ladies League with a 3-1 whipping of the Squaws, their nearest rival for first place.

Dot Liston had high game and series for the Ughs with a 169 and a 463. Pat Creed turned in a 178-423 for the Squaws.

Marie DePoe led her Shawnees to a 3-1 victory over the Wahoo-Whoopettes with a 174-405. Annie Jo Deupree had a 156-40 for the losers.

Marti Schutz had a high game of 141 and Susi Kemp had a 387 series to pace the Chippewas to a 4-0 victory over the Singles. Madelyn Antley had a 134-356 for the Singles.

Military I and Military II battled to a 2-2 tie in their contest. Donald Smith rolled a 192 game and Capt. Nestor Milan had a 426 series for

Military I. Military II was headed by Col. French's 173 and Don Vick's 447 series.

H&PE kept its first place lead as it split with Biology. Bill Moberly had a 174-442 for Biology. H&PE received good support from Noel Orr's 191-494.

James Taylo rolled a 186 and Melvin Hood had a 519 series as Physical Science swept past the Staff team, 4-0. Bill Creed turned in a 190-514 for the Staff.

Rudy Gandy registered a 186-501 in leading Liberal Arts to a 3-1 win of the Hybrids. Tom Kee had a 195-509 for the Hybrids.

### Tuesday Night League

Last week's action saw the Alley-Rats defeat Sigma Tau Gamma No. 1, 4-0. Jim Norton bowled a 182-524 for the Rats. Sig Tau was headed by Dave Perkins' 165-489.

The Gutters flowed past Sigma Tau Gamma No. 2 4-0. Ken Maisel

had a high game of 178 and Kenny Bracken had a 487 series for the Gutters. Travis Heard led both teams with a 184, 173 and a 190 for a 5-47 series as his team lost.

Jim Edwards had a 187-528 as TKE No. 1 downed their fraternity brothers, TKE No. 3, 3-1. The losers' best game was 148.

Rex Lockwood rolled a 205 and James Eldridge produced a 512 series as Kappa Alpha dropped Phi Delta Chi, 3-1. George LeRay had a 191 and Bob Ward took high series with a 481 for the pharmacists.

TKE No. 1 took a 3-1 decision over the Gutters as Stan Muir rolled a 206, 156 and 181 for a 5-43 series. Jim Edwards also had a

478 for the Tekes. Ken Bracken was top man for the losers bowling a 168, 175 and 143 for a 486 series.

Buddy Wrangofski led Sigma Tau No. 1 to a 3-1 win over Phi Delta Chi. Wrangofski's high game was a 210. High man for Phi Delta was Bob Ward with a 452.

The Alley-Rats continued to roll as they picked off Sig Tau No. 2 three out of four games. Jim Norton took high series honors for both teams with a 456. Travis Heard had a 454 for Tau. Heard had the high game with a 167 in the second game.

TKE No. 3 and KA split their match 2-2. Bob Pfrimmer had a 185-467 to top TKE. James "Rabbi" Eldridge had a 169-456 to lead KA.

## Basketball Lettermen Are Announced By Coach Fant

Basketball lettermen who gave Northeast State its best season in history have been announced by Coach Lenny Fant.

The 10 varsity lettermen are seniors Larry Butler of Forest and Dick Williams of Monroe, juniors Tommy Enloe of Saline, Billy Brooks of Jonesville, Albert Krause of Sicily Island, James Brian of Pleasant Hill and Lawson Swearingen of Ruston, sophomores Paul

Thompson of Calhoun and Mike Vining of Forest and freshman Glynn Saulters.

Also lettering was team manager Don Ross of Wisner.

Lettering on Coach Irby Gamble's freshman team was Ronnie Suggs of Lisbon, Chris Rhodes of Monterey, Walter Hays of Athens, Rich Bailey of Jonesboro and Johnny Peel of Weston.

**Miss Northeast Pageant Announced**

The annual Miss Northeast Pageant will be held on May 14 in Brown Auditorium at 8 p.m. The Dixie Ball on the following night will honor the new Miss Northeast Barbara McCoy is again directing the pageant. Pi Sigma Epsilon is handling the publicity and ticket sales.

Contestants will be judged for poise, personality and intellect as well as their appearance in bathing suits and evening gowns.

Alice Butler is the reigning Miss Northeast.

**INSPECTION ARMS!**—Northeast ROTC cadets finally had a bright, sunny day just in time for the annual Federal Inspection. Fourth Army inspectors were on the campus April 1 for the annual event. The six-man team, headed by Col. Robert Collier, inspected all phases of the program at Northeast and were treated to a parade by the 850-man brigade following the completion of the inspection. Cadet First Lt. Vance Bevel leads an inspecting officer through his platoon as the company commander, Cadet Capt. Dick Emmons, follows. During the inspection of the troops, cadets were quizzed on the various phases of military as the inspectors checked their personal appearance. Lt. Col. Merideth Shumaker said that the Northeast ROTC was given a "satisfactory" rating, the highest rating given for such an inspection.

Win a Honda just for being born

Your own birth date may have already won you a Honda in Parker Pen's Birthday Sweepstakes!

For example, if your birth date is December 1st, 1942, your entry is 12-1-42. Just fill in the coupon below—take it to your Parker Dealer for his signature—and then send it to us. And you might as well know this: you winners have your choice of Hondas . . . the powerful C-110, or the deluxe CA-102. Congratulations!

**New Compact Jotter.** First girl-size ball pen made for girl-size hands. Uses the big 80,000-word Jotter refill. \$1.98.

**T-Ball Jotter.** The world's first ball pen with stainless steel—writes a clean, clear line up to 80,000 words. \$1.98.

**Parker 45 Convertible.** The pen that fills two ways—with handy reserve ink cartridges, or from an ink bottle. Standard model—\$5.00.

Take this coupon to your Parker Pen Dealer or get a coupon from him
