## 27 To Select Beauties For Chacahoula

Twenty-seven student representatives will have an interesting problem tonight.

They will select five out of fifteen coeds to be Chacahoula yearbook beauties. The judges are student representatives of participating organizations who will judge the finalists at a reception to be held in the College Union Building from 7-9 p.m., Oct. 28.

Chuck Stanart, editor of the Chacahoula, emphasized, "Even if your nominee isn't one of the 15 finalist, participating organizations are asked to send a representative to judge the finalists."

### 15 Coeds

The 15, listed with their hometowns and sponsoring organizations, are:

Linda Blair, Monroe, Panhellenic Council; Sharon Boughton, Bastrop, Senior Board; Janis Brandon, Monroe, Sigma Tau Gamma; Jennie Clare Carroll, Monroe, Speech Arts Association; Pam David, Bastrop, Kappa Delta.

Kathleen Dawkins, Denham Springs, Phi Mu; Bette Foster, Natchez, Miss., Circle K; Alice Godwin, Shreveport, Phi Delta Chi; Leigh Gregg, Sterlington, Honor Society; Sharon Harrelson, West Monroe, Student Louisiana Teachers Association.

Peggy Hotard, Slidell, Zeta Tau Alpha; Lucille Morton, Monroe, Kappa Alpha; Carolyn Rea, Monroe, Alpha Omicron Pi; Brenda Smith, Shreveport, National Collegiate Association for Secretaries; Jane Thomason, Mangham, Scabbard and Blade.

## Bronze Star Awarded For War Heroism

An assistant professor of military science at Northeast, Maj. Bobby L. Hardegree, has been awarded the Bronze Star for heroism in Viet Nam last spring.

Lt. Col. Travis French, professor of military science at the College made the announcement.

### Joins Staff

Hardegree, who joined the military staff at Northeast this fall, was serving as an advisor to a South Vietnamese combat unit May 12, 1966, when the unit came under Viet Cong fire.

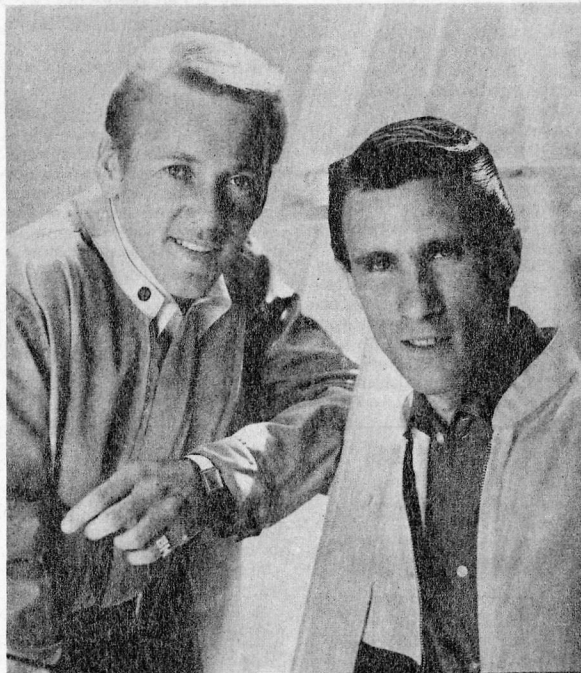

The citation accompanying the medal reads, "Disregarding his personal safety, Major Hardegree exposed himself to hostile fire and directed the evacuation of the seriously wounded."

The citation further states that he personally carried and loaded most of the wounded. This accomplished, he began to advise the troops and to control their movement at this very critical time.

### Army Air Medal

Major Hardegree earlier this fall received the Army Air Medal for his service in Viet Nam from Oct. 28 to May 10, 1966. He is the third member of the Northeast military staff to receive the Bronze Star this year. Earlier Capt. John S. Crow and Capt. John E. Taylor were awarded the medal.

Hardegree is a native of Walton County, Ga., and a graduate of North Georgia College.

**THE RIGHTEOUS BROTHERS**—To appear here Monday in concert at Neville Auditorium are Bobby Hatfield, left, and Billy Medley, better known as The Righteous Brothers. They are being brought to Monroe under the sponsorship of the SGA.

## Annual Faculty Art Exhibit Will Be Initiated Sunday

An annual faculty art exhibit will be initiated Sunday when the art faculty stages a reception and exhibit of their works.

The reception is slated for 3-5 p.m. in Bry Hall Gallery where approximately 30 works of art will be on display. Included in this display will be paintings, drawings, ceramics, woodcuts and etchings.

Faculty members showing their works will be Dr. Williams T. Persick, head of the Department of Art; Edward E. Schutz, assistant professor of art, and William A. McBroom, Harry W. Miller, Dayton W. Runnels and Robert G. Ward, all instructors.

### Degrees

Persick has his bachelor's degree from the University of Nebraska, and his master's and doctor's from Ohio State University. He joined the NLSC faculty in 1965.

Schutz, who has his bachelor's degree from Southwest Texas at San Marcos, and his master's from New Mexico Highlands University, has been at Northeast 10 years.

McBroom came to Northeast in 1965, after receiving his bachelor's degree from Texas Tech and his master's from the University of Iowa.

Miller is a graduate of McNeese State College and has his master's degree from Louisiana State University. He joined the Northeast faculty in 1963.

Runnels, a newcomer to the faculty this fall, has his bachelor's and master's from San Diego State College.

Ward, who also came to Northeast this fall, is a graduate of Illinois Wesleyan University, and has his master's degree from the University of Iowa.

### Art Week

Persick noted that the reception is the art department's special event in connection with American Art Week, which officially begins Nov. 1.

The works will remain on exhibit

through Nov. 22 and may be viewed Monday through Friday from 8 a.m. until 5 p.m. and on Saturday from 8 a.m. until noon.

## Parking Conditions Survey Reveals More Than 100 Spaces Are Open

A survey of parking conditions conducted by Campus Security last week revealed more than 100 spaces open most of the time during a two-day period.

Dean Herman Sigler of Student Services announced the results of the survey, which was conducted Monday and Tuesday, Oct. 17 and 18.

Results of the survey indicate that open parking spaces are plentiful, particularly in north campus areas. The survey covered parking areas open to off-campus students only.

### Parking Areas Checked

Parking areas were checked at hourly intervals from 8:15 a.m. through 2:15 p.m. Monday and Tuesday. Parking was hardest to find on Monday but more than 100 spaces were available every hour except at 9:15 when 77 open spaces were counted and at 10:15 when 59 were counted.

At 8:15, 137 spaces were open; at 11:15, 135; at 12:15, 136; at 1:15, 142; and at 2:15, 168.

The fewest number of spaces open on Tuesday at any time was 141 at 10:15. There were 170 spaces open at 8:15, 150 at 9:15, 146 at 11:15, 296 at 12:15, 212 at 1:15 and 219 at 2:15.

Parking space was most plentiful during the two days in Area 2, the

## Righteous Brothers

### Halloween Treat Slated For Neville Auditorium

A little over three years ago Bill Medley and Bobby Hatfield, both of California, merged their talents and became the Righteous Brothers, and this month they are coming to Monroe to entertain Northeast students.

The Righteous Brothers will appear in Neville Auditorium Monday, Oct. 31, from 8-10 p.m.

Advance tickets are \$1.50 and will be sold until this afternoon in the CUB Trophy Room. Tickets at the door will be \$2.

The Righteous Brothers, known for their distinct musical sound which is a mixture of spiritual, rock 'n roll, rhythm and blues, country and western, jazz and gospel, have sold over 10 million records.

### First Hit

Their first hit single was "Little Latin Lupe Lu," which was also their first joint effort as song writers.

"Koko Joe," "Fanny Mae," "Try and Find Yourself Another Man," "You've Lost That Lovin' Feelin'," "Just Once in My Life," "Hung on You," "Unchained Melody" and "Ebbtide" all reached the top of the singles charts.

Three of their albums, "The Righteous Brothers Right Now!," "Some Blue-eyed Soul" and "You've Lost That Lovin' Feelin'" were among the top 20 best-selling simultaneously.

The "White Cliffs of Dover" is their current hit in the Monroe area.

### Approaches to Music

They are also known for their approach to music, which has one specific quality, the heart of a song.

They attempt to create a mood rather than articulate words.

Medley, 26, and Hatfield, 25 began singing together in 1962 after several years of heading their own small combos, which competed with one another in their native Orange County.

### Name Acquired

They acquired their name, the Righteous Brothers, at one of their performances when the audience began chanting, "That's righteous, brother."

The duo has appeared on several television musical variety shows, in two films — "A Swingin' Summer" and "Beach Ball," at numerous supper clubs, and will join Jack Benny who personally requested that they headline the bill with him for a four-week engagement in April at Harrah's Club at Lake Tahoe.

### Included in Book

The Righteous Brothers will be included in a group of popular music artists in a book being written by a group of sociologists and anthropologists at the University of Southern California on popular music and its effects on the American public.

Their future plans include opening a club in California where new talent would have the opportunity to perform and be seen by live audiences, and following their concert tour of American college campuses, a tour of the Orient, Australia, England and mainland Europe.

Filthol lot plus DeSiard Street east of Renwick Circle; Area 7, College Avenue from Hippolite Street to LaSalle Street; Area 8, Bayou Drive from Hippolite to LaSalle; Area 9, Nicholson Hall lot and LaSalle Street; and Area 10, Harris Hall and Cospier Hall lots.

### Other Areas

The other areas are 1, Renwick Circle and DeSiard Street east of the circle; 3, College Avenue from

DeSiard to Hippolite; 4, the east end of Mitchell Avenue and the Caldwell Hall parking lot; 5, Hippolite from College to Bayou Drive, the north side only; and Area 6, Bayou Drive from Mitchell to Hippolite.

Following are the complete results of the survey. The numbers under the area numbers are the total parking spaces for off-campus students in the area.

## Competition For Debaters Set To Begin

The Northeast debaters will engage in their first intercollegiate competition Saturday when they will participate in the Louisiana College Invitational Tournament at Pineville.

The subject for debate in the one-day tournament will be "Resolved: That the U.S. should substantially reduce its foreign policy commitments."

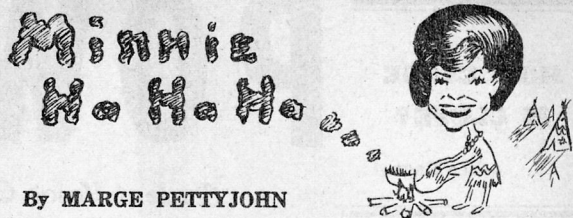

Upholding the affirmative in the Louisiana College tournament will be Linda Kay Thompson, Catherine Ann Stone, and Kadie Lee Whitard, all of Monroe, and Susan H. Young of Ferriday. Representing the negative position will be Holly Bayne and Marilyn Denoux of Monroe, Linda Barras of New Iberia, Elma Mae Young of Tallulah, Ellen Smith and Dianne Harper of Shreveport, and Ralph Day of Mansfield.

The Northeast speakers will be facing speakers from Alabama, Arkansas, Mississippi, and Louisiana.

**PATRONIZE**

**POW WOW**

**ADVERTISERS**

By MARGE PETTYJOHN

This is National Trouble Week. Nobody knows the trouble we've seen—but we keep trying to tell them.

**On This Day in History:** Pearl White's mother receives first mother-of-pearl award; Peach thief Wellington Loid captured by fuzz.

I just took a look at the newly proclaimed (four years ago?) football rules. Wow! Football scoring is so complicated that no one less than a CPA need apply for the signal-calling job! Because of this revised scoring system, there's an urgent need for a new football stadium. I suggest we call it "UNIVAC BOWL."

### Downhearted Friend

Friend of mine was real downhearted the other night because he didn't have a date. His girl wasn't able to meet him — she couldn't get shore leave. You know how strict those banana boats are. He'd ask her sister for a date, but she's so old she finally had to get a tannery to cure that face of hers. Then they softened it carefully with saddle soap so she could grin without cracking it.

He spouted some wisdom the other day which I feel I MUST share with you: Being married to some women is like being strapped in a chair and shaved by a crazy barber; trying to discuss anything controversial with them is like trying to pin the tail on a LIVE donkey!

Try to be calm about the international situation. He sure is. He has a thousand cartons of cigarettes, six thousand pounds of steak and a bomb shelter in the YWCA. "So why worry?" he says.

### Overheard In Hall

Overheard in Brown Hall on the way to ye olde classes (one English instructor to another): "The thing I hate about this job is teaching English as a foreign language!"

My suitemate has gone on a knitting spree and has started knitting a sweater for her boyfriend. Last

thing she knitted for him was a pair of socks. He was so excited about them, all he could say was, "They're fine, but a little snug under the arms."

### Random Observations

Random observations on the half-skull: there are so many car commercials on TV now that you need a driver's license just to watch them . . . Television is like getting married — you whirl around until you find something you like — then you keep hoping that by next week things will get better . . . If men still complain about not being able to understand women, it won't be for lack of information . . . Pay TV: feevee . . . Funny you never see magazine articles telling a man how to catch a woman . . . Noise is louder than anything . . . There was a day when getting out of school was no more serious than opening a door . . . In this complicated world today you either help others solve their problems or you become one yourself . . . A motorist is a person who, after seeing a wreck, drives carefully for several blocks.

Here are once again to your favorite spot and mine — those ever delightful, increasingly popular

### Handy Chops

1. Your conversation cleverly conceals the absence of thought.
2. She is one of life's little afflictions.
3. He may be emotionally vulnerable, but he certainly is egotistical.
4. I think she has too many partridges in her pear tree.
5. Is that your face or did the disposal back up?

Nobody has a smoother line!

## Father D'Antoni Speaks To Meeting Of Newman Club

Father Blaise D'Antoni led a discussion of abortion at a meeting of the Newman Club Oct. 19. Before the discussion, a film which brought out several aspects

of the abortion problem was shown. Father D'Antoni then opened with a commentary on the number of people who have had abortions who are later found in psychiatric wards, showing that the human conscience repels the idea of destroying human life in any form.

In the course of the discussion, a number of questions concerning abortion were brought up. Among them were these: If there is life, what right do we have to destroy it? What should be done about the problem of unwed mothers? Does a wife have the right to bear children without her husband's consent?

Father D'Antoni told of the Catholic Church's efforts to rehabilitate unwed mothers, so that they could re-enter normal society.

## NLSC Students To Attend LBTA Regional Meeting

The Louisiana Business Teachers Association will hold its northern regional meeting in Bossier City at Airline High School tomorrow.

Students in Business Education 305 will attend the meeting along with seven Northeast faculty members of the School of Business Administration.

The students attending are business education majors. The trip is designed to give aid to these students as well as to discuss the problems incurred by business education teachers in college.

Faculty members planning to make the trip are Dr. Ruth Bruner, head of the Department of Office Administration; Dr. J. W. Smith; Dr. Kenneth Durr; Mrs. Gloria Brantley; Mrs. Joyce Burkhalter and Mrs. Marguerite Headrick. Dr. Bruner will participate on a panel discussion regarding business problems faced by business teachers.

The students in the business education class planning to attend are Mary Bubb, Laura Freund, Cas Anna Jordan, Stafford Kees, Patsy King, Ann McElroy, Pat Nugent, Linda Wingo and Mrs. Turner.

## Graduate Exams To Be Given Here

Recently Northeast became a test center for the Graduate Record Examination. The test will be given at Northeast in Schulze Cafeteria on the following dates: Oct. 29, 1966, Jan. 21, 1967 and April 22, 1967.

However, the first date, Oct. 29, is now filled to capacity, and no more applicants will be allowed on that day.

In order to take the examination, application and remittance must be sent to "Educational Testing Service, Princeton, N.J." An application blank and instructional booklet are provided in a packet which may be picked up in Dr. Jack Kimble's office, Room 232, Stubbs Hall.

## Huffman Reports To Northeast Senate On Annual Conference Of SGA Presidents

Steve Huffman, Northeast's coordinator for Southern Universities Student Government Association, reported to the Senate at its Oct. 21 meeting on the annual conference for SGA presidents.

Huffman said topics discussed included entertainment, student involvement in academic affairs, the role of the SGA in Student Union operation and SGA participation in student disciplinary cases.

The conference was held at LSU at Alexandria in connection with the Annual Conference of Louisiana Deans of Men.

Student involvement in academic affairs includes teacher evaluation and curriculum evaluation. Dalton LeBlanc, SGA president, appointed a committee to study the possibility of a teacher evaluation program. Bob Hargrove, senior class president, was appointed chairman of the committee which consists of Ken Brazzel, Ken Holland and Brenda Carso. Huffman will also work with this committee.

Andy Mapp was appointed chairman of a committee to investigate the possibilities of forming a College Union Board. Such a board would require a College Union director and would be responsible for all affairs held in the College Union Building, including coordination of meeting places and times, and for entertainment. Other members of this committee are Carolyn Ballard and Willie Haley.

Peggy Mann, chairman of the Transportation Committee, reported that one 33-passenger bus was chartered for the Northeast-McNeese game at Lake Charles. Twenty-three signed up to go including the six cheerleaders who traveled free. The SGA lost \$138.00 on this pro-

ject but it was pointed out that this loss was almost equivalent to what would have been lost if three buses filled with paying passengers had been taken.

It was reported by the Neon Sign Committee that the NLSC sign next to Gibson's was missing and that

the matter would be looked into immediately.

In other action, Walter Cochran, SGA treasurer, moved that the "Miss Northeast" Committee be given power to appoint directors for the pageant to eliminate discussion. The motion was defeated.

## In Our Opinion

# How Close Is Close?

How close can you come? A statement often heard but taken into little consideration. That is, taken into little consideration . . . until now.

We are referring to the last two heart-breaking losses which the Northeast grid-iron squad has absorbed. Both were "pinned" on the Indians in less than five minutes time.

Two weeks ago Northeast was defeated 18-17 by McNeese of Lake Charles when a field goal split the uprights with 4:30 remaining on the clock. Last Saturday the Indians lost to Southeastern of Hammond, 14-13, when the Lions scored on the last play of the game and then made a two-point conversion.

How close can you come? After losing two games they had all but nailed down, the Indians deserve a grand hand of applause rather than a "nose-down" attitude. "The boys were, naturally, depressed

Saturday night," Coach Dixie White said. "They lost a heartbreaker, a game they deserved to win, but this is a fine group of boys, boys with a lot of character."

Instead of being a "push-over" as many predictors stated before the season opened, Northeast has jelled into a fighting team and has earned the respect of the entire conference.

Their record may show 0-3, but their performance and determination is at the 1,000 level. A mere total of 11 points keep the Indians from a ranking as number one in the conference.

Although their record may not be impressive, their performance is. Each member and coach deserve a congratulation for the fine effort which they have made thus far in the 1966 campaign. We stand .500 over-all and only a mere 11 points keep us from a 1,000 record. How close can you come?

# Who Is Responsible?

Who is responsible for dealing with drugs on campus, city police or university authorities?

At two different campuses current incidents underline the problem of students being subject to both civil and university discipline for the same action.

At the University of Maryland, a student who was arrested on Oct. 7 for illegal possession of marijuana and barbiturates was immediately suspended from his dormitory and then "indefinitely suspended from the University" before a court hearing could take place.

The student was suspended on the basis of several University regulations prohibiting activities outside "accepted standards of conduct."

A university official said that the suspension was independent of any legal action which the courts might take, since the school had conducted its own investigation of the case.

The University of Colorado has said it will consider disciplinary action against stu-

dents who have been arrested by Boulder city police after they receive a court decision.

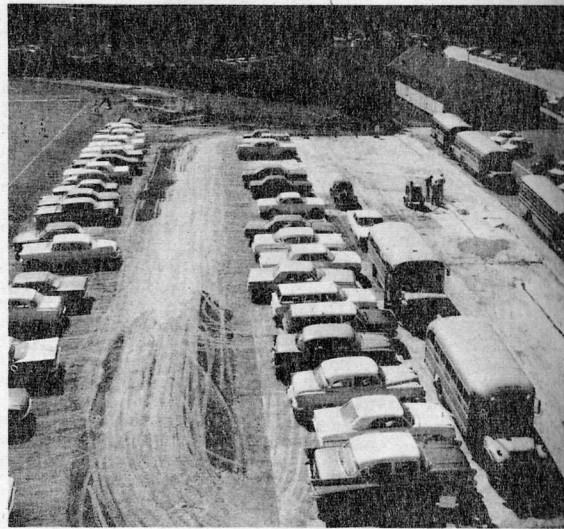

Four people have already been arrested by Boulder city police in connection with an investigation into the use of marijuana.

As more and more college students become involved with drugs that are generally defined as illegal, administrations are being forced to define their own positions on the issue.

This fall, for the first time the Carleton College student handbook contained a clause about students' use of "narcotics, stimulants or hallucinogens." The handbook says only that the college believes drugs to be "a threat to the health and welfare of the individual concerned as well as to the community as a whole," and that their use could bring "immediate administrative action."

According to the Carleton administration, the threat of administrative action is deliberately vague in order to allow for counseling and medical approaches as well as disciplinary moves. (CPS)

## Parking Problem Solved?

Maybe Not . . . But They're Trying

## Editor's Notebook

By Pat Herlevic

Halloween is now a day of merry-making instead of the gloomy festival it once was. The holiday is celebrated by the youngsters everywhere, in the pattern suggested in days gone by, dressing up as spooks and trying their hand at foretelling the future by various means, as well as indulging in other traditional customs.

Although the direct ancestor of Halloween is the Druid "All Saints' Day," many of the practices observed in the celebration are far older. For instance, the bonfires which are built outdoors or in hearths on Oct. 31 stem mostly from the worship of Baal, the Syrian sun-god, whose worshippers built fires in his honor about the same time of the year as Halloween. The building of the bonfire is related to the worship of the sun and solar activities symbolized by fire itself.

Because of the Druids' old superstitious belief that once a year the dead came to life, the festival came to be called All Hallow Eve or All Souls' Eve. Pope Gregory IV in 837 set aside Nov. 1 as All Saints' Day for honoring the saints instead.

### First Observed

Although at first the day was observed only in the church, lower classes took an interest in the festival. They circulated weird tales about ghosts and goblins being abroad on the eve of All Saints' Day, and built great bonfires to keep them away. Fears were calmed by groups getting together and feasting on nuts and apples from the summer harvest. This lasted all night as they were afraid to go to bed lest a ghost or spook would appear.

Ghosts were believed to be entertaining in their former homes, sitting around the fire with their living relatives serving them refreshments. It was also believed that any harm that might be inflicted by a wicked soul could be

lightened by gifts. A good soul was believed to enter the body of another human being for the occasion, but the wicked ghosts, bewildered, had to roam about in search of some form of abode.

### Ghosts and Witches

Since ghosts or spooks are in visible and figments of the imagination, mischievous children on All Saints' Eve undertook to play the part of ghosts and witches, disguising themselves in the garments of adults. The fears and gloom of former observances of Halloween were turned into mockery by lively youngsters who played pranks of all kinds, much as they do today, ringing doorbells, stealing gates and posts, carrying pumpkins with lighted faces, chalking coats and windows.

The black cat figured in Halloween because Satan, especially during the Middle Ages, was believed to take the form of a black cat while consorting with the witches. To be lucky, a rabbit's foot—not a hare's foot—had to come from a white rabbit shot at midnight in a cemetery on Halloween.

### Evil Spirits

Evil spirits were supposed to leave their animal bodies on this night. Medieval people believed cats and rabbits were inhabited by these wicked souls and when these animals were seen on the ground where the dead were supposed to rest forever, the animals found were taken for ghosts in disguise.

The American custom of carving grotesque faces on pumpkins was also a form of thanksgiving celebration in olden days. The pumpkins were a symbol of the harvest and making pumpkins into jack-o'-lanterns is reminiscent of the sun and the warmth which brought them out of the earth.

### English Custom

Chalking backs came from the English custom of drawing a white circle on one's back to show that the rule of the sun, or summer, was over. The fortune-telling phase of Halloween has many origins, combining Druid paganism and medieval superstition.

It was the Roman custom of honoring their goddess of fruit Pomona that let to the superstitious belief that eating apples would drive away evil spirits. Another superstition developed, that if a girl ate an apple before a mirror on Halloween, the mirror would have the power of showing the face of her future husband.

## This Collegiate World

By Bob Molcany

Do you have an anvil you can bring to class? How about an 18-cubic foot freezer for storing horses' feet?

Well, then, instructor Zip Peterson will welcome you with open arms to his basic course in the art of shoeing the horse at the University of Arizona.

The non-credit course is being offered for the first time and has piqued the interest of horsemen country-wide, according to University officials.

Peterson, a local farrier (black-

smith) who specializes in shoeing gaited horses and in hoof therapy, completed his work in farrier training at Michigan State University. He will cover the structure, care and proper maintenance of the animal's hoof.

Horses' hooves are in abundant supply, but the search for a freezer in which to store them goes on. As does the search for anvils. (CPS)

### Women's Hours

Colleges and universities are granting more liberal social regulations to women, though the privileges often entail exacting quali-

fications.

This fall, the University of Massachusetts abolished all women's hours, and the University of Oregon did likewise for its sophomores and juniors. For several years, seniors and women over 21 have had this privilege at Oregon.

All upperclassmen at the University of Utah are now eligible for keys to the dorm, but only if they achieve a 2.5 average (out of 4.0).

The University of Illinois will experiment this fall with unlimited hours and key privileges for seniors. If the system is successful, the loosened regulations will extend to juniors and women over 21.

Women at the University of Pennsylvania, tired of rushing back to their dormitories at two minutes to twelve because they forgot to sign out, have initiated a trial system of telephone signouts for lates.

Formerly girls had to sign out personally for lates which could extend to 1:30 a.m. on weekdays and 2:15 on Saturdays. Now a girl may call her dormitory and request someone to sign her out for those hours. A girl does not have to sign out any time prior to midnight.

Although women must register their destination with house proctors in case of emergency, signout cards are placed in an envelope and not opened unless necessary.

At the University of Rochester every class votes on its own curfews.

After a long battle to allow men in the rooms, women at Smith College can now entertain their male friends from two to five on Sunday afternoons. Doors have to be open six inches, and three feet must be on the floor.

# POW WOW

Official publication of the Student Body of Northeast Louisiana State College, Monroe, Louisiana. Published every Friday, except during vacation periods, holidays and term examination weeks. ## Tulane Zoology Professor Talks To Biology Group

"What Louisianans Need to Know About Mosquitoes," was the topic discussed by Dr. Edward S. Hathaway at Beta Sigma's meeting Tuesday night.

Dr. Hathaway, emeritus professor of zoology at Tulane University, was the guest speaker for the meeting.

How much harm do mosquitoes do in Louisiana? They are harmful in cattle raising, industry, family life, health, outdoor sports, and tourist trade, Hathaway said.

Each parish needs a control program which is geared to physical, biological and economic conditions in that particular parish. To copy procedures used in other parishes without careful study and expert advice on how to adapt the program to local conditions is taking a great chance. Knowing the procedures and methods will enable the people to establish mosquito control programs in their own parishes, Dr. Hathaway said.

# Don Stinson To Discuss Stock Market, Affecting Factors At Finance Meeting

Don Stinson of Merrill, Lynch, Pierce, Fenner and Smith will be the guest speaker at the Nov. 1 meeting of the Finance and Investment Club, scheduled to be held at 7:30 p.m. in the CUB Auditorium.

He will discuss the stock market of 1966 and the factors that have affected it.

All interested faculty members and students are invited to attend.

**Les Danseurs Rustiques**

The Les Danseurs Rustiques met on Monday, Oct. 17, and elected officers for 1966-67.

Elected were Rosie Canizaro of Monroe, president; Maureen Turner of Monroe, vice president; Judy Branch of Monroe, secretary.

Each week dances of different countries are performed by the members to show the variations of folk dances of the chosen country. Those countries illustrated so far are America, Greece and Russia.

**Phi Beta**

Phi Beta, national honorary fraternity for women in speech and music, held its pledging ceremony Wednesday in the College Union Building.

New pledges are Marilyn Denoux, Linda Lawrence, Peggy Windham, and Nini La Valle, all of Monroe, and Ellen Smith of Shreveport.

A social to honor the new pledges followed the ceremony.

**Delta Omicron**

Miss Jerry Ann Vann, new vocal instructor at Northeast, was guest speaker for the Delta Omicron musicale Tuesday night. Demonstrations on entering and leaving the stage and acknowledging applause were included in the program.

**Pi Sigma Epsilon**

"Where can a person find financial security in the field of selling?" From this point, Chuck Morgan began relating his experiences as general manager of KUZM radio, working to help build it into a leading station of Northeast Louisiana through sales work.

Morgan, president of the Twin Cities Advertising Club, was the guest speaker at Pi Sigma Epsilon's fall smoker held Tuesday night, Oct. 18, in the CUB auditorium.

Dwight D. Vines, Dean of the School of Business, welcomed guests to the Pi Sigma Epsilon smoker, and Errold Seiler showed the current sales programs of Zeta Chapter.

President James Plank awarded

the Pi Sigma Epsilon scholarship of \$300 to O'Brien Richards, a junior marketing major. Fred Lawson, vice president of personnel, followed with a brief explanation of the pledge program for those who would be invited as pledges to Pi Sigma Epsilon. Actives and guests then gathered to talk and enjoy refreshments served by Rosie Canizaro, Jeanette Hutto, Peggy Mann, Carolyn Lea, and Mary Scruggs.

**Modern Dance Club**

Dale Comeaux, business administration major from Jennings, has been elected to serve as president of the Modern Dance Club for the 1966-67 term. Other officers elected were Connie Porter, vice president; Peggy LaCour, secretary-reporter; Karen Morris, treasurer; and Jeanne Taylor, publicity chairman.

The forthcoming Christmas recital was discussed at the last meeting, and it was decided the recital, "Our Lady's Juggler," will be held Wednesday, Dec. 14, at 8 p.m. in Brown Auditorium. Everyone is cordially invited to attend this presentation.

**Newman Club**

Special services for Catholic students were announced today by Fr. Blaise C. D'Antoni, Newman Chaplain.

On Sunday, Oct. 30, the Newman Center will sponsor a special Open Air Mass at 6 p.m. in honor of Christ the King. The outdoor service will take place on the Center grounds. Following the Mass, the ladies of the Newman Guild will serve a supper in the Newman Center.

On Tuesday, Nov. 1, the feast of All Saints, Masses will be offered in the Center Chapel at 7 a.m., noon, 4:15, 5 and 6 p.m. On the day following, All Soul's Day, the Masses will be celebrated at 7 a.m., noon, and 5 p.m.

A film on the mission work of the Maryknoll Missioners in South America will be the program for the Newman Club Wednesday, at 7 p.m. Father Michael Thompson of New Orleans will present the film and a lecture. Everyone is welcome.

**NCAS**

Here is an easy way to earn \$5—and fast. The National Collegiate Association for Secretaries is sponsoring a "Wreck Tech" campaign Friday, Nov. 18. If you participate in the spirit boost, you may be the lucky person to win that \$5.

One person on the Northeast campus will be designated as the "key person." Use the greeting "Wreck Tech" instead of saying "Good

morning" or "Good afternoon." The first student to greet the "key person" with "Wreck Tech" will win the \$5.

No one, except the "key person," will know who the winner is until the pep rally that night. At that time, the \$5 will be presented to the winner.

Starting at 9 a.m., Nov. 18, you may be \$5 richer — or less poor, whatever the case may be.

**Kappa Psi**

Jim Baudin of Marion, Fla., has been elected president of the Kappa Psi pharmaceutical fraternity pledge class.

Elected to serve with Baudin are Ronnie Strahan of Sulphur, vice president, and Joe Majors of Monroe, secretary-treasurer.

Other pledges recently selected include Dennis Guillory, Lake Charles; George Munn, Baton Rouge; Billy Gammel, Wayne Davis and Carl Svebeck, Monroe; Bernard LeBas, Ville Platte; Waymon Tigrett, Brandon; Larry Robinson, Shreveport; Paul Allen, Denham Springs, and Ronald Geoffrey, New Iberia.

**Phi Delta Chi**

The Beta Beta Chapter of Phi Delta Chi, professional pharmacy fraternity, pledged 21 young men in pledging ceremonies last Monday night.

Rush activities were held Oct. 4 through Oct. 14.

According to the president, Chris

# Wesley Hears Sigler Speak

Herman R. Sigler, dean of student services, told students who attended the Wesley Forum last Sunday night that "a college's student government association may or may not be the voice of the students."

He said that for a student government to function properly, it has to have a set of mechanics, as committees, which give students the opportunity to discuss issues and participate in projects; and the students must take part in order to truly reflect the student voice.

"The students become the student government association to the degree they participate," he continued. Otherwise the SGA reflects only the voice of the members, Sigler said.

Sigler added that Northeast's SGA encourages all students to work on committees.

Bradberry, the new pledges are: Ernest Waters, Johnny Reitzell, and Larry Haines, all of Monroe; Wayne Cunningham, Franklin; Paul Troclair, Vinton; David Davis, Norco; Gordon Herpin, Kaplan; Walter Lotz, New Orleans; Don Ramirez, Donaldsonville; Steve Maddry, Minden; Ed Gibson, Church Point; Lloyd Duplantis, Chauvin; Williard Washburn, Delhi; John Buttaglia, Thibodaux; Reggie Labat, Raceland; Ed McLaughlin, Dallas, Tex.; Darwin Brunet, Mamou; Sammy Herrod, Eunice; Ralph Drieger, New Orleans; William Dubous, Abbeville and Jerry Ramirez, Gonzales.

**Greek Column**

By Dee Cruse

Sig Tau actives will honor their fall pledges with a dance at the Columbus Social Club from 7-11 tonight. Jerry Futch and his band will provide the music.

Next weekend the Northeast chapter will travel to Nicholls State College to visit the new Sig Tau colony there.

Congratulations to seven Tau's who were initiated into Scabard and Blade, honorary military society.

**AOPi**  
AOPi has adopted the Cooley Home for Mentally Retarded Children as its local philanthropic project for the year. Each month members of the sorority will visit the children and take them small gifts.

Congratulations and good luck to AOP's finalists for Chacahoula beauties, Leigh Gregg, Janis Brandon and Carolyn Rea.

**Kappa Delta**  
Kappa Delta's are still busy working on the plans for their Christmas dance for the KD's at Northeast. The Alpha Chi chapter from Tech will also be invited to the party.

KD congratulates Pam David on being chosen one of the finalists for Chacahoula Beauty and wishes her best of luck. Congratulations also go out to Lyn Jouett for being elected freshman class secretary.

**TKE**  
Wayne King was chosen president of TKE's fall pledge class at the group's Monday night meeting. Other officers chosen were Vernon Chevalier, vice president; Mike Cochran, secretary; Bruce Chrisler, treasurer, and Frank Pelitere, sergeant-at-arms.

Congratulations to Kay Williams, TKE sweetheart, for her lead role in "You Can't Take It With You," produced by the Little Theatre.

Epsilon Mu chapter was well represented at the annual State Fair Teke dance in Shreveport last weekend.

**Zeta**  
Congratulations to Zeta Peggy Hotard, finalist in the Chacahoula beauty contest. Best wishes to Peggy from Zeta!

Monday night Donna Porter was appointed assistant rituals chairman under Marilyn Evans.

**Phi Mu**  
Arden Anders is Phi Mu's new public relations chairman. One of her duties is sending pink carnations to faculty members on their birthdays. Pat Pickett has been appointed to the position of placing orders for Phi Mu.

Get well wishes are extended to

**Barbe To Speak At Reading Assn. Meeting Nov. 5**

Featured speaker for the Northeast Louisiana Reading Association's fall meeting Nov. 5 will be Dr. Walter B. Barbe, well-known educator of Honesdale and Pittsburgh, Pa.

The session, to be held on the Northeast campus, is sponsored jointly by the Reading Association and NLSC, through the School of Education.

Barbe is the editor of the magazine Highlights for Children and is an adjunct professor at the University of Pittsburgh. He has published more than 100 articles in professional journals, has written several books in the field of reading, and is listed in American Men of Science, the Directory of International Biography and Who's Who in America.

His professional affiliations include several guidance, personnel and reading associations, as well as membership in the American Association for Gifted Children and the Council for Exceptional Children.

Dr. T. Eugene Holtzclaw, dean of the School of Education, commented that the meeting is open not only to all educators, but to parents and others who may be interested in the field.

The program is to begin at 10 a.m. in the CUB and will continue through most of the day.

**Social Fraternities Accept 151 Pledges In Fall Rush**

Northeast's three social fraternities have accepted a total of 151 pledges in fall rush.

The rush figures show that 58 men pledged Kappa Alpha; 55, Sigma Tau Gamma, and 38, Tau Kappa Epsilon.

Pledges of Kappa Alpha and their hometowns are shown below:

Ronnie Tuey, Robert Barry, Johnny Savage, Scott O'Neal, Steve Hansen, Kenny Brazzel, David Chennault, Terry Mahr, Allen Bealle, Ronnie Haneline, Chris Schubert, H. R. (Buster) Carter III, Billy Lockhart, John Overton, Dick Pope, Eric Jowers, Mike Heffner, and Harold Dickens, all of Monroe.

James C. Boyd, Eddie Burke and Richard East, Baton Rouge; James Tuton, Carlsbad, N.M.; Rob Hilger, Bill Hall, Hugh Morris, Jim Coyle, Bob Wroten, Randy Moore, David Myatt, Dave Traylor, Greg Stokes and Vernon Richie, all of Shreveport.

Gerry W. Emerel, Mike Earl and Frank Horrell, West Monroe; David Law, Mike McGlothlin, Larry LeGuin and Louis Bickley, all of Bastrop.

Joe Deville, Mangham; Butch Cantwell, Olla; Alan Yarbrough and Mike E. Smith, Mansfield; Dale Kinney, Odessa, Tex.; Mike Porter, Tripoli, Libya, Africa; John A. Bazzo, Orlando, Fla.

James Galloway and David Jones, Alexandria; Mike Steed and Jimmy Roden, Jena; Paul Henslee, Franklin; Tim Thames, Rayville; Sam Wigley, Minden; Gene Zeller and Steve Elleson, New Orleans; Robby Mirand, New Iberia; Jim Courson, Hamburg, Ark., and John Alwood, Ferriday.

**Sig Tau**  
Sigma Tau pledges and their hometowns are given below:

Bill Adams, Mansfield; James Blansett, Alexandria; Vic Bender, North Miami, Fla.; David Burkett, Ronnie Brasher, Thomas Dukes, Keith Gunn, Don Guyton, Richard Hall, Steve Laws, Fred Moses, Monty Moncrief, Lee Odom, Robert C. Payne, Mike Shows, Robert Trent, Ned Whately and Larry Jenkins, all of Monroe.

Larry Bays, David Covington, Gary Elzen, Laird Evans, Chuck Gabour, Steve Hidalgo, Jack McCotter, William Scurlock and Larry White, all of Shreveport. Phillip Branch, Rayville; Don

Callais, Cut Off; David Cagnolatti and Don Morton, Tallulah; Marvin Dearman, Hodge; Nick Dabbenigno, Pleasantville, N.J.; Gene Ferrant, Ponchatoula.

Devone Killingsworth, Richard Robertson and Dan Winters, all of Winnboro; Mickey Machen and Buddy Tidwell, Bossier City; Dick Murphy, Bloomfield, Colo.

**SWITCHBOARD**—Nolton Causey, one of the five student operators, is shown connecting an incoming night call. During the day over 2,000 calls are handled by the operators.—Staff Photo by Jack Hoyle.

## O'Neal Helps Write Article For Journal

J. M. O'Neal, instructor of chemistry, is co-author of an article which recently appeared in the Journal of Physical Chemistry, according to Dr. David S. Byrd, acting head of the Department of Chemistry.

"The Radiolysis of Decarborane-14" was written by O'Neal and T. J. Klingen of the University of Mississippi and describes a demonstration conducted by the two while O'Neal was doing graduate work at the University of Mississippi.

The article is concerned with a research project in which a new boron compound was produced for the first time. Klingen and O'Neal decomposed decarborane-14, a synthetic solid, by bombarding it with gamma rays from cobalt-60, a radioactive isotope used commonly in the treatment of cancer. They found that hydrogen, diborane and pentaborane were produced along with a new boron compound composed of boron and hydrogen. The new compound is believed to be a boron polymer.

Boron compounds are used in rocket fuels.

## 'Good Morning, Northeast State College' Would You Believe ... The Switchboard?

"Good morning, Northeast State College. I'm sorry, that line is busy. Good afternoon, Northeast State College." If you've ever called the College, these are the words you will hear.

Most students take the switchboard for granted. They simply wait impatiently for the connection to be made, never thinking about what is going on in room 219 Stubbs, the switchboard "office."

The switchboard opens at 7:45 a.m. and closes at 10 p.m. Between these hours, Patsy Creed, the PBX operator, and her five student operators receive over 2,000 calls. Patsy works from 7:45 a.m. until 4:30 p.m. and averages 150-170 calls per hour. She has worked at Northeast as a PBX operator for three years.

The five students who operate the switchboard are Nolton Causey, Wayne Tanner, Earl Henderson, Freddy Stratton, and Barbara Van Asselberg.

### Good Service

When asked about her job, Patsy said it was her duty to give the customers good service and a favorable impression of herself and the college. The most important thing is to be fast, accurate, courteous and take friendly personal interest in each call, she said.

"Our board can handle 200 extensions and we have 172 extensions in use now. The people on campus can dial "9" and get an outside line, then dial their number. We have 16 lines for incoming calls and three campus lines for people on campus to dial "0", when they need the operator.

To explain just how the PBX machine, or Private Branch Exchange, works is rather difficult, but Patsy explained, "A signal or light comes on the board. The operator answers the light and connects the customer with his party. When the parties have finished talking, the light or signal flashes on again, and the operator disconnects the call."

### Emergency Calls

For emergency calls after 10 p.m., the board is connected to the rooms of the four boy operators, who, incidentally, are suitmates. These phones, located in Madison Hall,

take "emergency calls only" until the switchboard opens in the morning.

### Unique Experience

The operators have had quite a few hilarious and irritating experiences. The emergency phone will ring at 2 in the morning . . . and it's the wrong number. The boys have cut President Walker off the line several times . . . but he always calls back! You've heard of getting the wrong number . . . well, did you ever hear of getting the wrong college? The switchboard gets calls frequently for Northwestern State College.

Stratton, a sophomore pharmacy major from Shreveport, says the emergency phone will ring at 5 a.m. and he has to tell the party the switchboard is not open. Frequently, about 6 or 7 a.m., parents call

trying to get in touch with their sons or daughters.

A sophomore pharmacy major from Kinder, Henderson said that once someone called up for the new dorm, and he connected him. The party called back several minutes later saying he couldn't reach his party. After a quick investigation, Henderson found the caller was trying to reach the new dorm at Louisiana Tech.

Barbara Van Asselberg, freshman office administration major from Pollock, recalls the time a lady called and asked for Slaughter Hall instead of Slater.

So, next time you dial 325-6361 and hear, "Good afternoon, Northeast State College," you will know just what is going on in a small room in Stubbs Hall!

Hey, I know you've already been to the new

# Redskins To Tangle With 'Ragin Cajuns'

## Tribe Must Contend With USL's Explosive Offense

**UPSETTING UPSETTERS** — The cross country runners of Northeast were supposed to have had a bad season this year, but so far have won their first three meets, two against NSC, last year's GSC champ.

Pictured are Cully Warren, Mike Roberts, and Gordon Dupre, kneeling left to right, and Jim Bodin, Jeff Rowdon and Bobby Keasler, back row.

Bracing for the third consecutive Gulf States Conference power, Northeast prepares to battle the University of Southwestern Louisiana "Ragin' Cajuns" tomorrow night at Ouachita Stadium.

After last week's unbelievable 14-13 defeat by Southeastern, the Indians' GSC record slipped to 0-3 and 3-3 for the season tally sheet.

Southwestern, co-holder of last year's GSC football crown, travels to Redskin territory with a 5-1 season total including a perfect conference record with victories over SLC, 35-6, and Louisiana Tech, 21-12.

The South Louisiana club brings to Monroe one of the most explosive offenses in the conference with the passing of quarterbacks Bill Bayard and Mickey Bergeron and the receiving of senior end Leonard Kleinpeter.

Senior signal-caller Bayard continues as team total offense leader with 407 yards coming on 235 aerial yards by 13 of 23 tosses. Sophomore quarterback Bergeron is a stand-out passer with 355 yards amassed on 19 of 36 passes.

On the receiving end Bayard's tosses has been split end Kleinpeter. His season total is 317 yards on 9 receptions for a 35.2 per catch average with four of his catches for touchdowns and 29 points scored for the season.

Senior halfback Gerald Landry is the do-it-all back who has carried the pigskin 50 times for 181 yards and occupied the second spot in receiving with eight receptions for 114 yards. He's the scoring leader with 35 points chalked up on two TDs

and 11 extra points and four field goals.

In last year's encounter with the Indians, the Cajuns struck in the final period with an O'Neal Weber pass to Lonny Price for the winning score for a 14-10 victory in Lafayette.

Head Coach Russell Faulkinberry of USL expressed concern earlier in the week that all-GSC guard Brad Hamilton, halfback-punter Chester Gosnell, quarterbacks Bayard and Landry are question marks for the Northeast game.

Continuing to lead the conference in rushing, the Tribe has four of the five individual leaders in Dalton LeBlanc, fullback Bobby Scafidel, halfback Alton Thomas and quarterback Steve Mansur.

Break-away threat LeBlanc heads the list with 359 yards for a 6.5 average on 55 trips from scrimmage. Barely trailing LeBlanc is all-GSC fullback candidate Scafidel with 353 yards on 83 thrusts for a 4.3 average.

Sophomore Mansur maintained the team total offense leadership with 551 yards with 280 aerial stripes on 22 completions of 62 attempts. Thomas had his best offense effort of the season with 70 by the rush and 60 yards on four receptions. With his pass catching artistry, he also vaulted into the receiving lead with nine catches for 159 yards.

### Over GSC Champs

## Indian Runners Grab Third Straight Win

The cross country team of Northeast is beginning to wonder just who the underdog in the Gulf States Conference is supposed to be.

After winning their first three matches, two over last season's GSC champ Northwestern, the "underrated" Indian runners are looking forward to a fine season and a high score in the GSC meet later in the season.

Wednesday the young Redskin runners defeated NSC 25-30 over the 3.8 mile course at Natchitoches. In their first two meets, at home, the Tribe topped Northwestern 21-37, then defeated McNeese last Friday 27-31.

In Wednesday's meet, Northwestern's Bob Dufalo finished first with a 19:08 clocking, while teammate Paul Weller was second with a time of 19:37. Despite the loss of the first two places, the Indian runners ran up victories in the third through seventh places to clinch the contest.

Gordon Dupre' was Northeast's top finisher with a 19:40 clocking, followed by Frank O'Hara in 19:51, Bobby Keasler, 19:55, Mike Roberts, 20:09, and Jim Bodin, 20:23.

### McNeese Meet

Against McNeese last Friday, the Redskin's victory again resulted from a sweep of the middle finishers. Canadian star Ted Jackson

was the individual winner with a 15:30 time for the Cowboys, and the 'Pokes also took second on Gory Cox's 15:38 time.

Bobby Keasler was the top Indian runner with a 15:57 clocking, followed by Frank O'Hara in 16:04, Gordon Dupre with 16:05, Jim Bodin, 16:34, Mike Roberts, 16:34, Jeff Rowdon 17:07, and Cully Warren, 17:34.

The next scheduled meet for Coach Bob Grosceclose's squad will be another road contest at McNeese Nov. 4, followed by the first meet against Louisiana Tech here Nov. 11.

## WRA Begins Volleyball Tournament

The Women's Recreation Association began play Oct. 13 with their annual Round Robin Volleyball Tournament.

Results of the first night's games had the Commuters over Cosper Hall II, NCAS over Harris Hall I, BSU over Breard II, Breard Hall I over Ouachita Hall, Harris Hall II over AOPi, and Slater Hall over Cosper Hall I.

In the games played Oct. 20, the Commuters won over NCAS, Breard I over Slater, Cosper I over AOPi, Harris II over Ouachita, BSU over Cosper II and Harris I over Breard II. More action was slated for this week.

## Father Time Befriends SLC For 14-13 Defeat Of Northeast

Northeast State's football team must be considering adopting a resolution calling for the reduction of playing time.

Following Southeastern's 14-13 story-book Gulf States Conference win over the Tribe, Coach Dixie White's Indians should be willing to give up a little game time.

The loss, brought on by a two-point conversion after time had run out on the clock, dropped the Tribe to 3-3 on the season and 0-3 in the GSC. It was the second straight heartbreaking defeat for Northeast, which dropped an 18-17 decision to McNeese only a week before the Lions game.

SLC, engineered by quarterback Bobby Cotton, drove 80 yards in only 39 seconds, scored on a four-yard pass from Cotton to Johnny O'Neal as time ran out to pull to within one point of Northeast, then connected on a two-point pass to chalk up the win.

Cotton whipped a pass to Charles Whitney on a fake-kick play to send SLC helmets soaring and leave Northeast stunned by pulling off the near impossible.

### Tribe Scores First

Northeast, which rambled for 20 first downs and 235 yards on the ground, scored in the opening quarter on a 24-yard field goal by Clark

Blake and came back in the fourth to take the lead 13-6 after Southeastern had gone ahead 6-3 with a tally in the second frame.

Southeastern went into the lead with only 48 seconds left in the half. Fullback Gary Orgeron pounded over for the score from two yards out. The score was set up when Ronnie Frederic scooped in a Dalton LeBlanc fumble at the Tribe 21-yard line.

The kick for the PAT was wide. After a scoreless third period, the Redskins came back to dominate the final quarter — all but 39 seconds.

The Indians first marched deep into Lion territory and settled for a 6-6 tie on a 19-yard field goal by Blake.

The next SLC series was held by a stiff Tribal defense and Northeast moved in for a score. The 51-yard drive was highlighted by the running of Alton Thomas, Allen Bozeman and Bobby Scafidel, who went the final two yards. Blake kicked the PAT, his 15th straight for the season, and the Indians were the lofty leaders, 13-6.

### SLC Stopped

Southeastern took the kickoff and was stopped when Larry Johnson picked off a Lion pass with 57 seconds remaining in the game.

The Lions used their time out

after each following Northeast play, and the Indians were forced to punt. Holland put the ball out of the end zone, putting the Lions in "Desperation-Hollow" at their own 20 with 39 seconds left.

The rest is a blur of gridiron history.

The Indian defense held SLC to only 123 yards on the ground and 80 through the airways.

## Rifle Team To Shoot In Baton Rouge

The rifle team of Northeast State College travels to Baton Rouge this weekend for its first match of the season.

The match is scheduled to be a triangular one, with LSU, Ole Miss, and Northeast the competing teams. LSU and Ole Miss are recognized as being among the top teams in the South, but Capt. John S. Crow of the NLSC Military Department, coach of the team, has high hopes for the team returning home with honors.

**Holy Horseshoes!!!**

**Badminton, Basketball, Pool Action To Begin Soon In Intramurals**

A host of intramural events are coming up, with the next competition, horseshoes, scheduled to begin play Nov. 1.

The deadline for horseshoe entries is noon today.

Badminton singles and doubles have a Nov. 4 entry deadline, with play in that event set to start Nov. 9.

Basketball has a tentative deadline on entries set for Nov. 11, with play scheduled for Nov. 16. Pool (singles) entries must be in by Nov. 11, with the playing date yet

to be announced. Table tennis singles will have a Dec. 2 entry date, with play to start Dec. 7.

Competition in the flag football round robin is nearing an end, with these teams leading as of Oct. 24:

Organization League	
1. Kappa Psi	6 0
2. Phi Delta Chi	5 0
3. Demeter	5 2
4. Kappa Alpha	6 3
5. TKE	4 3
6. ROTC	3 4
7. Sig Tau	2 4
8. Wesley Foundation	2 4

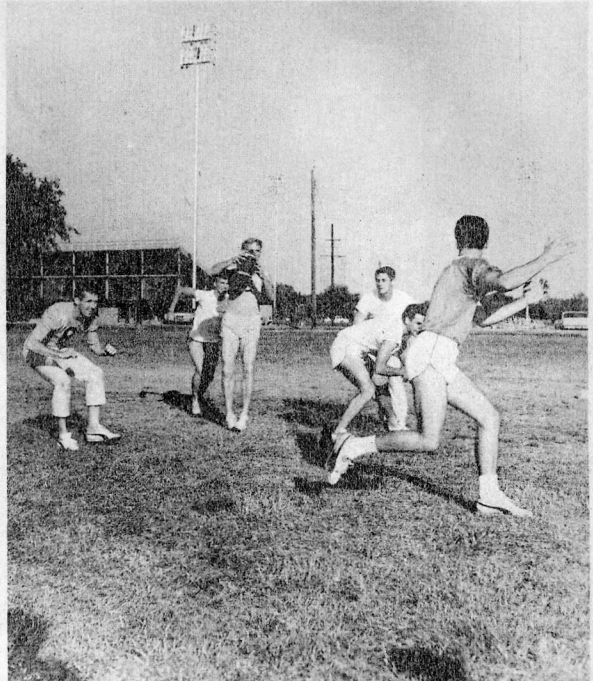

9. BSU	3 6
10. Newman Club	0 5

**Maroon League**

1. Hudson Hall	4 0
2. Kicks, Inc.	4 0
3. Cha Bobbins	4 1
4. Masur Maulers	2 3
5. Sherrouse Spartans	2 3
6. Roadrunners	1 4
7. Horn Toads	0 6

**Gold League**

1. Gladiators	6 0
2. Blockbusters	5 1
3. Flying Dutchmen	4 2
4. Jersey Boys	2 4
5. Rodents	2 4
6. Independents	0 6
7. Unknowns	0 6

Intramural football in action . . .

**Pill Rollers Take Lead In Boys Loop**

The Pill Rollers moved into first place in the NLSC student bowling league last week by downing the Jersey Boys 4-0. Dan Winslow rolled a 547 series to lead the victors and Frank Melli led the Jersey Boys with a 503 effort. The Pill Rollers compiled 2947 pins as compared to 2622 for the Jersey Boys.

The Alley Rats won the first three, then dropped the last game as they defeated the Bombs. Leading the Alley Rats was Tim Toler with a 501 series. Bruce Crisler posted a 464 for the Bombs' high series. In total pins, the Alley Rats had 2880, the Bombs 2725.

The Green Hornets topped the Sleezes 3-1, Benny Fortenberry posting a 534 series for the winners. Gary Troscclair, after a possible perfect game was ruined by a split

in the final frame, rolled a 516 to lead the Sleezes.

A 2-2 split between the V.I.B.'s and the Kingsmen rounded out action for the night. Jim Thompson rolled a 503 series, high for the V.I.B.'s, with Ronnie Vincent posting a 470 series for the Kingsmen. The V.I.B.'s took high series with a 2616 total as compared to the Kingsmen's 2594 series.

**Bozeman, Thomas, Blake Impressive Against Lions**

Significant advances in the Northeast State Indians' football statistics last week were made by Allen Bozeman, Alton Thomas and Clark Blake.

Quarterback Bozeman directed the Tribe on two scoring drives and racked up 64 yards, 45 on the ground and 19 through the air, in the NLSC-Southeastern contest last Saturday night in Hammond. The sophomore signal caller from Newellton raised his rushing total to 89 yards and moved up two places in the team rushing standings to fifth.

Thomas was the workhorse of the Redskin offense Saturday. The senior halfback from Shreveport carried the ball 19 times, the most of the team, and gained 70 yards, tops in the game. He also hauled in four passes for 60 yards and moved into first place in receiving with nine catches for 159 yards. He is now fourth in rushing with 230 yards.

**Kicking Record Set**

Blake, the top Northeast scorer last Saturday with seven points on two field goals and one extra point, has set an NLSC record of five field goals for the season and is threatening Indian standards in most extra points kicked — the record is now 20 — and the PAT percentage record, now 85.0 per cent. The ex-Marine has attempted 15 extra point kicks without a miss. Blake has scored 30 points to date, one of the top totals in the Gulf States Conference and top total in Redskin statistics.

Thomas is the only new leader in the major categories. Steve Mansur remains in front in total offense and passing, Dalton LeBlanc in rushing, six yards ahead of Bobby Scafield, Larry Johnson is the interception leader, Bubbie Dupont is in front in punt returns, Ronnie Fountain in kickoff returns and Ronny Holland in punting.

As a team the Indians are averaging 244.7 yards rushing, tops in the GSC, 58.5 passing and 303.2 in total offense. Defensively, the team has limited the opposition to 124.0 yards a game on the ground, 96.7 passing and 220.7 in total offense.

**Records Fall During Men's Kegler Play**

Dr. Tom Kee bowled a record high 253 for the Hybrids while leading his team to a record high team game of 927 pins in the men's faculty and staff bowling league last week.

The Hybrids defeated the league leading Military team three games to one as a result of the two records set by the Hybrid team.

Another record was set by Ray Shanafelt of the Liberal Arts team as he put together games of 230, 233, and 175 for a fine 638 series. The Liberal Arts team blanked Pharmacy 4-0, with Bill Harrison rolling a 468 high series for Pharmacy.

Physical Science defeated Staff 3-1, Russell Rainbolt sported a 466 series for the victors, while Bill Creed led the Staff with a 530 set.

Biology topped the Biology Grads 3-1. Dr. Bill Moberly was high for Biology with a 479 series, while Kermit Burnsider was top man for the Grads with a 433 total

**Standings as of Oct. 20:**

	Won	Lost
1. Military	12	4
2. Biology	10	6
3. Physical Science	10	6
4. Pharmacy	7	9
5. Biology Grads	7	9
6. Liberal Arts	7	9
7. Hybrids	6	10
8. Staff	4	12

**Lead Is Shared In Bowling Loop**

A three-way tie for first place has evolved in the NLSC women's faculty and staff bowling league, with the teams of Piggly Wiggly, Minitman and Coca Cola sharing the lead.

In last week's action, Minitman split 2-2 with Piggly Wiggly. Lois Marionneaux was high for Minitman with a 182, the highest game of the night, and Madelyn Antley had a 140 game for her team.

Coca Cola blanked Flynn's Grill 4-0, Marie DePoe rolling a 158 high game for the victors. Ann Drude was high with 125 for Flynn's.

JoAnn Ussery rolled a 169 high game to lead her team, Burney's Furniture, to a 3-1 series over Weir's Cleaners. Dot Baum had the high single game for Weir's, a 140.

**Standing as of Oct. 10:**

	Won	Lost
1. Piggly Wiggly	8	4
2. Minitman	8	4
3. Coca Cola	8	4
4. Burney's Furniture	5	7
5. Weir's Cleaners	5	7
6. Flynn's Grill	2	10

## Fusileers Accept Largest Number Of Pledges -- 32

The Fusileers, Northeast's precision drill team, has accepted the largest number of pledges in its history.

Thirty-two of the 165 cadets who initially competed for bids were asked to pledge the organization, composed of ROTC cadets who want to master fancy drill and weapons handling.

Fusileer pledges are these cadets: John A. Spurgeon, Carl L. Jones, Jonathan McQuiston, Danny G. Drake, Robert H. Holmes III and Edward R. Donnelly, all of Monroe. Donald Hilburn, Todd W. Robertson and Charles R. Street, all of

West Monroe; John Smith and Robert V. Collins, Shreveport; George M. Caldwell and Jerry A. May, field, Leesville; Sladen J. Mohl and Stanley Q. Bandong, Washington, D.C.

Willis R. Craik, New Orleans; Harry J. Periou, Baton Rouge; Philip S. Williams, Minden; Samuel W. Mitcham, Mer Rouge; Barry P. Vichnick, New York City; Bruce E. Stone, Larchmont, N.Y.; James L. Thompson, Closter, N.Y.; William G. Varga, South River, N.J.; Laney M. Pankey, Delhi; Clayton M. Perkins, St. Francisville.

Robert M. Brown, Oak Grove, Kenneth M. Braid, Union, N.J.; Loren J. Murphy, Sulphur; Charles B. Brown, Kilburne; James H. Spittler Jr., Harrisburg, Penn.; Jan C. Unneberg, Pottstown, Penn., and Patrick O'Brien, Morgan City.

The Fusileers are commanded by cadet Maj. Everett Roper of Monroe.

His staff includes cadet Capt. J. L. Vallee, executive officer, cadet 2nd Lt. W. F. McClary and K. M. Maisel, cadet 1st Sgt. Billy Lockhart and cadet Sgts. Wayne Gebbia and Thomas Bland. The Fusileer's sponsor is Miss (Major) Carolyn Thompson.

## Easley Attends Tulsa Meeting

Representing Northeast at a research and development conference in Tulsa, Okla., Wednesday and Thursday was Dr. William K. Easley, dean of the Graduate School.

The governors of Arkansas and Oklahoma, along with numerous other dignitaries, were expected to attend the regional meeting.

In bringing together academic, industrial and governmental leaders, the conference was planned to discuss mutual problems or research and development and arrive at solutions and goals which will further the region's economic climate, Easley said.

## Campus Calendar

**Friday, Oct. 28**  
Education State Department Meeting, CUB Aud., 9 a.m.-noon
